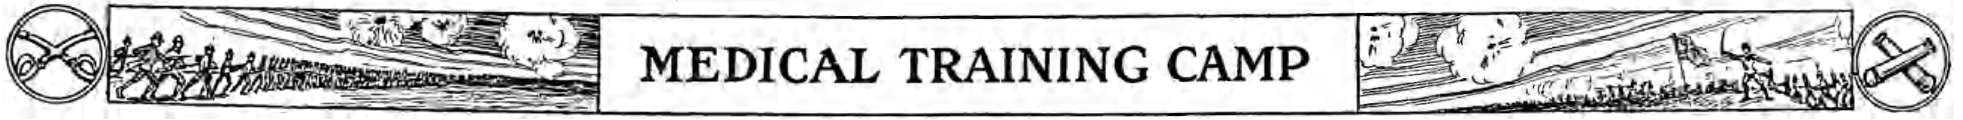
THE AULL & BENNETT CO.

CHATTANOOGA, TENN.



Dear Doctor:—

You'll be called upon a great deal from now on to give counsel to a great many young men in uniform as to what they should drink and what they should not drink.

While quite naturally you will have no specific beverage to recommend, we feel sure you will be glad of the opportunity to suggest the use of a really thirst-quenching cereal beverage such as

REIF'S SPECIAL

It is made of cereals and has more nearly the properties of bread than any other generally used food. It is not sweetish and does not impair the digestion.

But more important, *Reif's Special* is produced in a modern sanitary plant, kept scrupulously clean. *Special* is pasteurized and put up in sterilized bottles.

We believe, you will agree with us, that in these days of so many soft drinks, it is important to drink only such beverages that you know are produced and bottled under the most exacting sanitary conditions.

We have enjoyed having the Medical Officers Camp here. We earnestly extend to you our sincere good wishes for the future.

Yours truly,

"WHISTLING JANE"

Said the best-looking "dough-boy" you ever saw,
(He'd an officer's step and a bull-dog jaw)
"For these other soft-drinks I don't care a straw;
Orange Whistle, for me—It just fills my craw;"
And "Whistling Jane" nodded: "They say; 'Every straw
Shows which way the wind blows:'—So says the old saw."
And then she blew in,—as light as a thistle—
Picked up a straw, and imbibed "Orange Whistle;
"Whatever the weather—sunny or rainy—
Bring *me* "Orange Whistle"—said "Whistling Janie."
