No. 477

PRESIDENT WILSON ASKS UNITED SUPPORT OF CONGRESS ON PEACE MISSION TO PARIS; GOES AS THE "SERVANT OF THE NATION"

WILL KEEP "IN CLOSE TOUCH"

Counts Upon "Friendly Countenance and Encouragement" at Peace Conference---Cables Taken Over to Insure the Freest Communication---Absence to be Brief as Possible---Finances, Railroads, Employment, and Other Problems Discussed in Annual Address.

At a joint session of the two Houses of Congress, convened to-day shortly after the third session of the Sixty-fifth Congress began, the President delivered the following address:

GENTLEMEN OF THE CONGRESS: The year that has elapsed since I last stood before you to fulfill my constitutional duty to give to the Congress from time to time information on the state of the Union has been so crowded with great events, great processes, and great results that I cannot hope to give you an adequate picture of its transactions or of the far-reaching changes which have been wrought in the life of our nation and of the world. You have yourselves witnessed these things, as I have. It is too soon to assess them; and we who stand in the midst of them and are part of them are less qualified than men of another generation will be to say what they mean, or even what they have been. But some great outstanding facts are unmistakable and constitute, in a sense, part of the public business with which it is our duty to deal. To state them is to set the stage for the legislative and executive action which must grow out of them and which we have yet to shape and determine.

Vast Army Transported Overseas in a Year.

A year ago we had sent 145,918 men overseas. Since then we have sent 1,950,513, an average of 162,542 each month, the number in fact rising, in May last to 245,951, in June to 278,760, in July to 307,182, and continuing to reach similar figures in August and September,—in August 289,570 and in September 257,438. No such movement of troops ever took place before, across three thousand miles of sea, followed by adequate equipment and supplies, and carried safely through extraordinary dangers of attack,—dangers which were alike strange and infinitely difficult to guard against. In all this movement only seven hundred and fifty-eight men were lost by enemy attack,—six hundred and thirty of whom were upon a single English transport which was sunk near the Orkney Islands.

Profited by Experience of Other Nations.

I need not tell you what lay back of this great movement of men and material. It is not invidious to say that back of it lay a supporting organization of the industries of the country and of all its productive activities more complete, more thorough in method and effective in result, more spirited and unanimous in purpose and effort than any other great belligerent had been able to effect. We profited greatly by the experience of the nations which had already been engaged for nearly three years in the exigent and exacting business, their every resource and every ex-

(Continued on page 5.)

PLAN FOR THE ADJUSTMENT OF TERMINATED CONTRACTS EXPLAINED IN STATEMENT BY DIRECTOR OF MUNITIONS

CONTRACTORS FIRST TO MAKE INVENTORY

This, After Being Checked by Accountants of the War Department, to Be Presented to District Boards. Repayments, where Necessary to Relieve Working Capital to Enable Plants to Resume Commercial Output, Pending Final Settlement.

The War Department authorizes the following statement by Benedict Crowell, director of munitions, as to methods of contract adjustment:

The armistice has come when American industry was reaching the peak of its production. There are, therefore, thousands of contracts outstanding on which commitments for raw material for the future have been made, on which much raw material has been received, on which there is a large amount of work in various stages of completion on its way through the shops.

Points for Determination.

The department has first to determine as to each of these contracts whether it is to be carried through, whether the rate of amount of production is to be so reduced that the manufacturer can gradually taper off and get into his accustomed civilian work, or whether the contract is to be terminated at once. These questions have to be decided with due regard to the conditions of the particular industry and the importance of preserving the continuous employment of labor,

(Continued on page 9.)

LOSSES BY U. S. CITIZENS DUE TO U-BOAT WARFARE SHOULD BE REPORTED DURING THIS MONTH

NOTICE BY DEPARTMENT OF STATE

Information Concerning Losses of Cargoes or Other Property of Americans Should Be Submitted Only When Uninsured or But Partially Insured.

In order that American citizens and concerns may be permitted to cooperate fully with the Department of State in the complete and accurate ascertainment of the losses sustained by them as a result of German submarine warfare, both before and after the United States entered the war, the Secretary of State has designated a period of 30 days, dating from December 1, 1918, in which such information may be filed with the department.

Information with respect to losses of cargoes or other personal property or effects owned by Americans should be submitted only where the same were uninsured or only partially insured, and regardless of whether the property was carried in American or foreign vessels and of the locality where the loss occurred or of the destination of the vessel. In case of losses partially covered by insurance the total value and the amount of the insurance should be given. To the original invoice or actual value of uninsured property should be added all expenses incurred in connection therewith. The name and address of the owner should be given in every instance.

Statements by Insurance Companies.

American insurance companies who have paid, or have pending for settlement, cargo and other personal property losses of Americans, in both American and foreign bottoms, may submit statements giving totals of such payments or pending claims.

In submitting the foregoing information it is desired that it be given separately under the name of each vessel.

Every person submitting information should show whether he be a native or a naturalized citizen of the United States.

No Picture Films Mailed C. O. D. to Manufacturers

OFFICE, THIRD ASSISTANT
POSTMASTER GENERAL,
Washington, November 28, 1918.

Postmasters will not hereafter permit exhibitors to send parcels containing moving-picture films to moving-picture film manufacturers, distributors, or exchanges collect on delivery.

Such parcels may be sent as insured mail, or, if sealed, by first-class registered mail.

Parcels containing films presented for mailing collect on delivery by moving-picture manufacturers, distributors, or exchanges should be accepted as usual.

A. M. DOCKERY,
Third Assistant Postmaster General.

WEARING OF UNIFORMS BY ARMY RESERVE OFFICERS

The War Department authorizes the following circular:

WEARING OF UNIFORMS BY RESERVE OFFICERS.

The provision of section 125, national defense act, approved June 3, 1916 (Bull. No. 16, W. D., 1916), which permits any person who has been honorably discharged from the United States Army, Navy, or Marine Corps, Regular or Volunteers, to wear his uniform from the place of discharge to his home, within three months after date of such discharge, is held to apply to reserve officers when transferred from the active to the inactive list. Reserve officers, therefore, will be permitted to wear their uniforms from the place of last duty to their homes within three months of the date on which they were transferred to the inactive list.

By order of the Secretary of War.

PLATON C. MARCH,
General, Chief of Staff.

Official:
P. C. HARRIS,
The Adjutant General.

REDUCED CHARGE FOR MEALS SERVED SOLDIERS ON TRAINS

Instructions have been issued by Director General of Railroads McAdoo to furnish discharged soldiers and sailors traveling to their points of enlistment, with so-called military meals at the special rate of 75 cents as granted to men in the service under an arrangement made with the several military departments sometime ago.

Special reduced fares accorded discharged soldiers and sailors are on the basis of two-thirds of the normal coach fare applying via route traveled, or 2 cents per mile, except that the rate per mile would, of course, be higher in those States where the basic fare is more than 3 cents per mile. Between the reduction of the fare and the special meal rate made, it is believed they have been amply provided for, particularly in view of the fact that the additional passage charge for occupancy of space in parlor and sleeping cars is canceled on December 1, so that such discharged soldiers and sailors will have at their command at least a half cent per mile more than they actually need to cover their total expenses in reaching home.

The President Restores Civil Service Restriction

EXECUTIVE ORDER.

The Executive order of October 28, 1918, authorizing the Civil Service Commission as a war measure to certify for appointment the names of persons who by reason of having two or more members of their family in the service would otherwise be barred from consideration for such appointment is hereby rescinded.

WOODROW WILSON.
THE WHITE HOUSE,
November 30, 1918.

ORDNANCE COMMITTEES NAMED TO PLAN WORK AT ARSENALS

The War Department authorizes the following from the Ordnance Bureau:

Further developing the plans for consideration of arsenal facilities hereafter to be required for the work of manufacture and repair which should be directly performed by the Ordnance Department, Maj. Gen. C. C. Williams, Chief of Ordnance, has appointed three committees charged with consideration of three branches of this work. These committees will report to the previously-appointed board of ordnance officers, of which Brig. Gen. John T. Thompson is senior member.

Committees and Subjects.

The committees and the subjects assigned their consideration are:

Col. John W. Joyes, Col. Charles T. Harris, Jr., and Col. James H. Burnes. All plants engaged in the manufacture of explosives and all loading plants.

Col. Earle McFarland and Lieut. Col. J. S. Hatcher: The establishment of a Government plant for the manufacture of machine guns, pistols, and automatic rifles.

Col. G. H. Stewart, Col. H. B. Hunt, and Lieut. Col. R. A. Bruce: Manufacture and development of ammunition.

The arsenal facilities and ordnance manufacture and repair board, named some days ago, after investigating and considering the whole subject, is to prepare and submit a project showing the distribution of the work, the capacity to be provided, and the manner and location of the arsenals proposed.

Board of Review.

Gen. Williams has also announced the appointment of a board of officers to review the general subject of ordnance proving grounds. This board, consisting of Col. C. B. Gatewood, Lieut. Col. C. J. Browne, and Lieut. Col. B. W. Simpson, will make recommendations for postwar requirements along this line.

SUGGESTION TO TELEGRAPHERS RELATING TO WAGE APPEALS

Director General of Railroads McAdoo has sent the following telegram to H. B. Perham, president of the Order of Railroad Telegraphers:

"Telegrams received from individual members of your organization indicate that they do not understand that when a wage order affecting all employees of a class is thought to be detrimental to certain employees of this class a rule has been established whereby the representative of that class are privileged to again appear before the Board of Railroad Wages and Working Conditions and present the claim of such individuals. Other classes of employees have already availed themselves of this privilege. It would be unfortunate if you did not communicate to the men you represent that they have this privilege and suggest to them that their claims should be submitted to the Board of Railroad Wages and Working Conditions which will give them prompt consideration."

PROCEDURE FOR THE DISCHARGE OF "CONSCIENTIOUS OBJECTORS" ISSUED BY THE WAR DEPARTMENT

TO BE DESIGNATED IN THE RECORDS

"This Is a Conscientious Objector Who Has Done No Military Duty Whatever," to Be Written After Names in Certain Groups.

The War Department authorizes publication of the following circular:

DISCHARGE OF CONSCIENTIOUS OBJECTORS.

1. Conscientious objectors classified in groups 1A and 1C (those refusing non-combatant duty), at present retained in camps, will be discharged.

2. If there is any doubt as to the proper classification of a conscientious objector who has not appeared before the Board of Inquiry for examination, he will be retained for such examination before he is discharged. After recommendation of the board is made, and copy is supplied to the commanding officer of the post, camp, or station, authority is hereby given to discharge the men classified in above groups, without waiting for approval and further direction from the War Department.

3. For the present, all men on farm or on indefinite furlough or on furlough with Friends Service Committee will be recalled only after consultation with the employer, to determine whether it is to the best interest of all concerned, and at the request of the soldier. After such men are recalled, they will be discharged.

4. Form No. 526, A. G. O., will be used for the discharge of Class 1A and 1C conscientious objectors. There will be interpolated, after the authority is filled in following the words "by reason of" in the fourth line, the following remark: "This is a conscientious objector, who has done no military duty whatsoever and who refused to wear the uniform."

By order of the Secretary of War:

PEYTON C. MARCH,
General, Chief of Staff.

Official:

P. C. HARRIS,
The Adjutant General.

ALLOTMENTS BY DISTRICTS OF TREASURY CERTIFICATES

Secretary McAdoo announces the final amount of subscriptions allotted for Treasury certificates, Series T, dated November 7, 1918, and maturing March 15, 1919. Subscriptions closed November 27, 1918. The aggregate subscriptions allotted were \$794,172,500.

The results by Federal reserve districts were as follows:

Federal reserve district.	Subscriptions allotted.
Boston	\$88,728,000
New York	350,847,500
Philadelphia	29,283,500
Cleveland	112,500,000
Richmond	12,458,000
Atlanta	11,487,000
Chicago	103,828,000
St. Louis	17,109,500
Minneapolis	10,220,500
Kansas City	7,448,500
Dallas	12,108,000
San Francisco	38,164,000
Total	794,172,500

Navy's Newest World's Biggest Seaplane Carries 50 Passengers in Test Flight

Secretary Daniels authorizes the following:

All records for the number of passengers carried in any type of airplane were broken on Wednesday, November 27, at the Naval Air Station, Rockaway, when the Navy's newest type seaplane, the giant NC-1, the largest seaplane in the world, made a flight with 50 men on board.

The pilot was Lieut David H. McCullough, of the Naval Reserve Flying Corps, and the flight was made to demonstrate the enormous lifting power of the latest model of bomb carrying seaplanes. No special modifications were made for this test flight, most of the 50 men being accommodated in the large boat body.

Seaplane of Special Type.

The design and the construction of the NC-1, with its triple motors, huge size, and other distinctive features, was carried out by the Navy in cooperation with the Curtiss Engineering Corporation. It is not specifically a flying boat nor is it of the pontoon variety of seaplane, but combines the most valuable advantages of both, its sizes and purpose being con-

sidered. While it is entirely new and original in type, the NC-1 incorporates proven essentials in aircraft construction and even before it was tested was regarded in naval circles as a preinsured success rather than as an experiment.

This is the first American trimotored seaplane, being propelled by three Liberty motors that develop a maximum of 1,200 horsepower, giving it a cruising speed of 80 miles an hour. The flying weight of the machine is 22,000 pounds, while the weight of the seaplane itself, unloaded and without a crew, is 13,000 pounds.

Wing Spread, 126 Feet.

An idea of the size of the big seaplane is shown by the fact that the wing spread is 126 feet, the breadth of wing 12 feet, and the gap between wings 12 feet.

Recently the NC-1 made the trip from Rockaway to Washington, about 350 miles, in 5 hours and 20 minutes. The flight from Washington to Hampton Roads, 150 miles, was covered in 2 hours and 15 minutes, and the trip from Hampton Roads to New York, 300 miles, took 4 hours and 20 minutes.

PRESS WRITERS TO BE GUESTS AT MOTOR TRANSPORT CAMPS

Press writers are invited by the War Department to visit Camp Holabird, Md., to obtain information regarding various phases of the Motor Transport Corps as guests of the War Department on Thursday, December 5. This matter will be of general interest and very particular interest to men writing for the trade press.

The Washington party will assemble at the War Department News Bureau, room 290, State, War and Navy Building, at 9 a. m., December 5. Transportation will be by motor car to Camp Holabird. The trip will take about two hours.

Newspaper men from Baltimore or points north will be transported to the camp from Baltimore by automobile. They should assemble at the main entrance to the Baltimore post office at 9.45 a. m. and await the arrival of Army cars.

All press representatives accepting this invitation should record their acceptance with the undersigned by 3 p. m., Wednesday, December 4, by telephone to Main 2570, Branch 363, or by telegraph to room 290, State, War, and Navy Building, Washington.

Cameras will be admitted and every facility given to photographers. The return trip will be made at the convenience of guests. The program will include the following:

After meeting Col. Leisingrin and staff, the party will witness the march of the men from the repair shop to mess, preceded by the band (a camp custom). Mess will be served guests at about 12.15. Inspection of all camp activities will follow. These include the reception of a convoy, the packing and crating of vehicles for overseas shipment, the repair work, including reconstruction; salvage work, and the routine of the camp. Activities are still at war-time intensity.

DISPOSAL OF DEPARTMENT SUPPLIES NOW IN SURPLUS

EXECUTIVE ORDER.

Whereas the present emergency has created a condition whereby large quantities of material, supplies, and equipment now in the hands of the executive departments and other establishments of the Government in Washington will fall into disuse because of the cessation of war activities, or for other reasons, it is hereby ordered that all such materials, supplies, and equipment not required for use by the executive departments and independent establishments of the Government in Washington be transferred hereafter to the Secretary of the Treasury for reissue or sale on requisition to the Government service, through the General Supply Committee, or for condemnation and sale to highest bidders, when deemed expedient.

The Secretary of the Treasury is hereby authorized to make such rules and regulations as are necessary to carry this order into effect.

WOODROW WILSON.

The WHITE HOUSE,
November 29, 1918.

CAPT. VICTOR BLUE TO BE CHIEF OF THE BUREAU OF NAVIGATION

Secretary Daniels announced to-day that the President would appoint Capt. Victor Blue, now commanding the battleship *Texas*, to be chief of the Bureau of Navigation, succeeding Rear Admiral Palmer.

He also announced that Rear Admiral David W. Taylor would be reappointed as chief constructor and chief of the Bureau of Construction and Repair.

American Communique

American Official Communique No. 205, December 1.

The Third American Army crossed the German frontier to-day and reached the general line—Alfersteg-Winterschoeid - Masthorn - Mulbach - Cordel-Treves-Konz-Saarburg-Taben.

SAFETY FOR SHIPS CARRYING RELIEF SUPPLIES TO BELGIUM

The Commission for Relief in Belgium issues the following:

Ships chartered by the Commission for Relief in Belgium will no longer be required to have safe-conducts in order to assure freedom from attack. For the first time since the German Government established a submarine war zone in European waters vessels carrying food and clothing to the stricken peoples of Belgium will be allowed to travel unmolested.

The Swiss Legation has notified the Commission for Relief in Belgium that the Swiss Government has been advised by the German Government that safe-conducts will no longer be necessary. The Swiss Legation has been handling German affairs in the United States and consequently has been issuing safe-conducts to Belgium relief ships.

These assurances given neutral vessels and ships chartered by the Commission for Relief in Belgium have at no time applied within the submarine zones, but have been a guarantee against attack when vessels were traversing sea lanes which had not been declared blockaded.

Since 1914 the flags and banners displayed by ships carrying food to Belgium and Northern France have been recognized as the only emblems on the seas which have offered safety and protection from attack or capture. The insignia of the Commission for Relief in Belgium has in a sense been looked upon as a denationalized flag, passing with safety through the lines of all belligerent nations. It is the only emblem to which the German Government has granted immunity.

COLLECTION OF INTERNAL TAX PRESENTING SERIOUS PROBLEM, COMMISSIONER ROPER WARNS

LETTER TO SECRETARY OF TREASURY

TREASURY DEPARTMENT,
Washington, D. C., November 30, 1918.
Hon. WILLIAM G. MCADOO,
Secretary of the Treasury.

MY DEAR MR. SECRETARY: I am impelled by the imperative necessity of setting in motion immediately the administrative machinery for the collection of internal revenue taxes for the current taxable year to bring to your attention the serious dilemma that confronts us.

Only one month remains before the commencement of the period prescribed by law for the filing of income and excess profits tax returns. Return forms, instructions, and regulations must be constructed and millions of copies printed and distributed through the country. Thousands of internal revenue officers and employees must be mobilized and intensively drilled so that they may go forth properly equipped to disseminate among the tax-paying public correct information as to tax procedure. The law now in effect is unnecessarily complex and contains provisions which conflict with other provisions or are otherwise incapable of satisfactory administration.

Experience of Past Year.

During the past year by the exercise of a wide degree of administrative discretion it has been possible to bridge the gap created by the inadequacy of the present law, but it must be recognized that the satisfactory results of last year's administration were made possible in no small way by the patriotic spirit of accommodation of the people. This attitude was induced by war emergencies and by the same feeling of assurance I have possessed that the act of October 3, 1917, would not remain in force another year, but would be superseded by a new law embodying adequate and intelligible taxing provisions and authority for reasonably flexible administration.

Toward this end I have endeavored consistently to guide the tax administration of the last year. But now, with the time for taking action already at hand, I am appalled by the necessity of proceeding in accordance with the existing revenue law.

"Horns of the Dilemma."

The horns of my dilemma are (1) whether to proceed with the administration of the present law without regard to pending legislation, but with the knowledge that a new law relating to the current taxable year may be enacted at any time, completely disarranging the entire administrative procedure and nullifying the effect of the work accomplished up to the time of its enactment, or (2) whether to ignore the plain mandate of the existing statutes and await the enactment of pending legislation before shaping our course for the collection of taxes for the current year.

For more than a year, since September 26, 1917, under your inspiring leadership, I have labored constantly to effectuate

SOLDIERS MAY RETAIN GIFTS FROM RED CROSS, SAYS ORDER

The War Department issues the following circular:

RED CROSS SWEATERS.

The instructions contained in a letter from The Adjutant General of the Army, dated March 11, 1918 (422, Misc. Div.), to division and department commanders, directing that all articles of wearing apparel issued to organizations or individuals by the American Red Cross be accounted for on property returns is rescinded. Enlisted men will be permitted to retain in their personal possession articles issued to them by the Red Cross or other charitable organizations.

By order of the Secretary of War:

PEYTON C. MARCH,

General, Chief of Staff.

Official:

P. C. HARRIS,

The Adjutant General.

the real intent and purpose of the war revenue act of October 3, 1917. My efforts have been directed toward two definite objectives—(1) the assessment and collection, with the least possible disturbance to business and industry, of the amount of money the act was designed to produce during the fiscal year, and (2) to assist in drafting a new revenue act consistent with the broad and constructive principles of the administration and clear and unmistakable in its terms.

Experts Collaborating.

From analysis of the experience gained in the administration of the last year we have developed and assembled constructive proposals for the improvement of the law. These were transmitted to the Ways and Means Committee of the House and the Finance Committee of the Senate. These committees have accorded to our experts full opportunity to collaborate in framing the provisions of the bill, which is now pending before the Senate committee and have incorporated therein practically all of the proposals submitted. Seven months have been consumed in bringing the bill to its present form. All this effort will be of no avail unless the bill is very speedily enacted into law.

I need not remind you of the salutary effect which will be produced by a prompt decision with respect to the taxation program. Business men and all those who must participate in the solution of the grave economic problems incident to the period of reconstruction are beset in their calculations by doubts and uncertainties. Surely the Government should not fail to dispose quickly of the important question of taxation, which vitally affects every business, and the determination of which awaits only the completion of the prescribed legislative procedure.

Despite the confusion, which it seems at the moment will inevitably ensue, I feel that it is clearly our duty to shape our course for the application to the current year of the law now on the statute books unless the existing law is superseded by a new law before January 1, 1919.

Sincerely, yours,

DANIEL C. ROPER.

PRESIDENT ASKS SUPPORT OF CONGRESS ON PEACE MISSION

(Continued from page 1.)

executive proficiency taxed to the utmost. We were their pupils. But we learned quickly and acted with a promptness and a readiness of cooperation that justify our great pride that we were able to serve the world with unparalleled energy and quick accomplishment.

Tribute to American Valor.

But it is not the physical scale and executive efficiency of preparation, supply, equipment, and dispatch that I would dwell upon, but the mettle and quality of the officers and men we sent over and of the sailors who kept the seas, and the spirit of the Nation that stood behind them. No soldiers or sailors ever proved themselves more quickly ready for the test of battle or acquitted themselves with more splendid courage and achievement when put to the test. Those of us who played some part in directing the great processes by which the war was pushed irresistibly forward to the final triumph may now forget all that and delight our thoughts with the story of what our men did. Their officers understood the grim and exacting task they had undertaken and performed it with an audacity, efficiency, and unhesitating courage that touch the story of convoy and battle with imperishable distinction at every turn, whether the enterprise were great or small,—from their great chiefs, Pershing and Sims, down to the youngest lieutenant; and their men were worthy of them,—such men as hardly need to be commanded, and go to their terrible adventure blithely and with the quick intelligence of those who know just what it is they would accomplish. I am proud to be the fellow countryman of men of such stuff and valour. Those of us who stayed at home did our duty; the war could not have been won or the gallant men who fought it given their opportunity to win it otherwise; but for many a long day we shall think ourselves "accurs'd we were not there, and hold our manhoods cheap while any speaks that fought" with these at St. Mihiel or Thierry. The memory of those days of triumphant battle will go with these fortunate men to their graves; and each will have his favorite memory. "Old men forget; yet all shall be forgot, but he'll remember with advantages what feats he did that day!"

Entered Battle at Critical Moment.

What we all thank God for with deepest gratitude is that our men went in force into the line of battle just at the critical moment when the whole fate of the world seemed to hang in the balance and threw their fresh strength into the ranks of freedom in time to turn the whole tide and sweep of the fateful struggle,—turn it once for all, so that thenceforth it was back, back, back for their enemies, always back, never again forward! After that it was only a scant four months before the commanders of the Central Empires knew themselves beaten; and now their very empires are in liquidation!

And throughout it all how fine the spirit of the Nation was; what unity of purpose, what untiring zeal! What elevation of purpose ran through all its splendid display of strength, its untiring accomplishment. I have said that those of us who stayed at home to do the work of organization and supply will always wish that we had been with the men whom we sustained by our labour; but we can never be ashamed. It has been an inspiring thing to be here in the midst of fine men who had turned aside from every private interest of their own and devoted the whole of their trained capacity to the tasks that supplied the sinews of the whole great undertaking! The patriotism, the unselfishness, the thoroughgoing devotion and distinguished capacity that marked their toilsome labours, day after day, month after month, have made them fit mates and comrades of the men in the trenches and on the sea. And not

the men here in Washington only. They have but directed the vast achievement. Throughout innumerable factories, upon innumerable farms, in the depths of coal mines and iron mines and copper mines, wherever the stuffs of industry were to be obtained and prepared, in the shipyards, on the railways, at the docks, on the sea, in every labour that was needed to sustain the battle lines, men have vied with each other to do their part and do it well. They can look any man-at-arms in the face, and say, We also strove to win and gave the best that was in us to make our fleets and armies sure of their triumph!

Women's Help Beyond Appraisal.

And what shall we say of the women,—of their instant intelligence, quickening every task that they touched; their capacity for organization and cooperation, which gave their action discipline and enhanced the effectiveness of everything they attempted; their aptitude at tasks to which they had never before set their hands; their utter self-sacrifice alike in what they did and in what they gave? Their contribution to the great result is beyond appraisal. They have added a new lustre to the annals of American womanhood.

The least tribute we can pay them is to make them the equals of men in political rights as they have proved themselves their equals in every field of practical work they have entered, whether for themselves or for their country. These great days of completed achievement would be sadly marred were we to omit that act of justice. Besides the immense practical services they have rendered, the women of the country have been the moving spirits in the systematic economies by which our people have voluntarily assisted to supply the suffering peoples of the world and the armies upon every front with food and everything else that we had that might serve the common cause. The details of such a story can never be fully written, but we carry them at our hearts and thank God that we can say that we are the kinsmen of such.

And now we are sure of the great triumph for which every sacrifice was made. It has come, come in its completeness, and with the pride and inspiration of these days of achievement quick within us we turn to the tasks of peace again,—a peace secure against the violence of irresponsible monarchs and ambitious military coteries and made ready for a new order, for new foundations of justice and fair dealing.

Order and Organization to Peace.

We are about to give order and organization to this peace not only for ourselves but for the other peoples of the world as well, so far as they will suffer us to serve them. It is international justice that we seek, not domestic safety merely. Our thoughts have dwelt of late upon Europe, upon Asia, upon the near and the far East, very little upon the acts of peace and accommodation that wait to be performed at our own doors. While we are adjusting our relations with the rest of the world is it not of capital importance the we should clear away all grounds of misunderstanding with our immediate neighbors and give proof of the friendship we really feel? I hope that the members of the Senate will permit me to speak once more of the unratified treaty of friendship and adjustment with the Republic of Colombia. I very earnestly urge upon them an early and favorable action upon that vital matter. I believe that they will feel, with me, that the stage of affairs is now set for such action as will be not only just but generous and in the spirit of the new age upon which we have so happily entered.

Economic and Industrial Readjustment.

So far as our domestic affairs are concerned the problem of our return to peace is a problem of economic and industrial

PRESIDENT ASKS SUPPORT OF CONGRESS ON PEACE MISSION

readjustment. That problem is less serious for us than it may turn out to be for the nations which have suffered the disarrangements and the losses of war longer than we. Our people, moreover, do not wait to be coached and led. They know their own business, are quick and resourceful at every readjustment, definite in purpose, and self-reliant in action. Any leading strings we might seek to put them in would speedily become hopelessly tangled because they would pay no attention to them and go their own way. All that we can do as their legislative and executive servants is to mediate the process of change here, there, and elsewhere as we may. I have heard much counsel as to the plans that should be formed and personally conducted to a happy consummation, but from no quarter have I seen any general scheme of "reconstruction" emerge which I thought it likely we could force our spirited business men and self-reliant laborers to accept with due pliancy and obedience.

Relaxation of War Restrictions.

While the war lasted we set up many agencies by which to direct the industries of the country in the services it was necessary for them to render, by which to make sure of an abundant supply of the materials needed, by which to check undertakings that could for the time be dispensed with and stimulate those that were most serviceable in war, by which to gain for the purchasing departments of the Government a certain control over the prices of essential articles and materials, by which to restrain trade with alien enemies, make the most of the available shipping, and systematize financial transactions, both public and private, so that there would be no unnecessary conflict or confusion, by which, in short, to put every material energy of the country in harness to draw the common load and make of us one team in the accomplishment of a great task. But the moment we knew the armistice to have been signed we took the harness off. Raw materials upon which the Government had kept its hand for fear there should not be enough for the industries that supplied the armies have been released and put into the general market again. Great industrial plants whose whole output and machinery had been taken over for the uses of the Government have been set free to return to the uses to which they were put before the war. It has not been possible to remove so readily or so quickly the control of foodstuffs and of shipping, because the world has still to be fed from our graneries and the ships are still needed to send supplies to our men oversea and to bring the men back as fast as the disturbed conditions on the other side of the water permit; but even there restraints are being relaxed as much as possible and more and more as the weeks go by.

Placed at Disposal of Business.

Never before have there been agencies in existence in this country which knew so much of the field of supply, of labour, and of industry as the War Industries Board, the War Trade Board, the Labour Department, the Food Administration, and the Fuel Administration have known since their labours became thoroughly systematized; and they have not been isolated agencies; they have been directed by men which represented the permanent Departments of the Government and so have been the centers of unified and cooperative action. It has been the policy of the Executive, therefore, since the armistice was assured (which is in effect a complete submission of the enemy) to put the knowledge of these bodies at the disposal of the business men of the country and to offer their intelligent mediation at every point and in every matter where it was desired. It is surprising how fast the process of return to a peace footing has moved in the three weeks since the fighting stopped. It promises to outrun any inquiry that may be instituted and any aid that

may be offered. It will not be easy to direct it any better than it will direct itself. The American business man is of quick initiative.

Employment for Returned Soldiers.

The ordinary and normal processes of private initiative will not, however, provide immediate employment for all of the men of our returning armies. Those who are of trained capacity, those who are skilled workmen, those who have acquired familiarity with established businesses, those who are ready and willing to go to the farms, all those whose aptitudes are known or will be sought out by employers will find no difficulty, it is safe to say, in finding place and employment. But there will be others who will be at a loss where to gain a livelihood unless pains are taken to guide them and put them in the way of work. There will be a large floating residuum of labour which should not be left wholly to shift for itself. It seems to me important, therefore, that the development of public works of every sort should be promptly resumed, in order that opportunities should be created for unskilled labour in particular, and that plans should be made for such developments of our unused lands and our natural resources as we have hitherto lacked stimulation to undertake.

Plans for Reclaiming Lands.

I particularly direct your attention to the very practical plans which the Secretary of the Interior has developed in his annual report and before your Committees for the reclamation of arid, swamp, and cut-over lands which might, if the States were willing and able to cooperate, redeem some three hundred million acres of land for cultivation. There are said to be fifteen or twenty million acres of land in the West, at present arid, for whose reclamation water is available, if properly conserved. There are about two hundred and thirty million acres from which the forests have been cut but which have never yet been cleared for the plow and which lie waste and desolate. These lie scattered all over the Union. And there are nearly eighty million acres of land that lie under swamps or subject to periodical overflow or too wet for anything but grazing which it is perfectly feasible to drain and protect and redeem. The Congress can at once direct thousands of the returning soldiers to the reclamation of the arid lands which it has already undertaken, if it will but enlarge the plans and the appropriations which it has entrusted to the Department of the Interior. It is possible in dealing with our unused land to effect a great rural and agricultural development which will afford the best sort of opportunity to men who want to help themselves; and the Secretary of the Interior has thought the possible methods out in a way which is worthy of your most friendly attention.

Control Over Shipping and Exports.

I have spoken of the control which must yet for a while, perhaps for a long while, be exercised over shipping because of the priority of service to which our forces overseas are entitled and which should also be accorded the shipments which are to save recently liberated peoples from starvation and many devastated regions from permanent ruin. May I not say a special word about the needs of Belgium and northern France? No sums of money paid by way of indemnity will serve of themselves to save them from hopeless disadvantage for years to come. Something more must be done than merely find the money. If they had money and raw materials in abundance to-morrow they could not resume their place in the industry of the world to-morrow—the very important place they held before the flame of war swept across them. Many of their factories are razed to the ground. Much of their machinery is destroyed or has been taken away. Their people are scattered and many of their best workmen are

PRESIDENT ASKS SUPPORT OF CONGRESS ON PEACE MISSION

dead. Their markets will be taken by others, if they are not in some special way assisted to rebuild their factories and replace their lost instruments of manufacture. They should not be left to the vicissitudes of the sharp competition for materials and for industrial facilities which is now to set in. I hope, therefore, that the Congress will not be unwilling, if it should become necessary, to grant to some such agency as the War Trade Board the right to establish priorities of export and supply for the benefit of these people whom we have been so happy to assist in saving from the German terror and whom we must not now thoughtlessly leave to shift for themselves in a pitiless competitive market.

Readjustment of Taxes.

For the steadying and facilitation of our own domestic business readjustments nothing is more important than the immediate determination of the taxes that are to be levied for 1918, 1919, and 1920. As much of the burden of taxation must be lifted from business as sound methods of financing the Government will permit, and those who conduct the great essential industries of the country must be told as exactly as possible what obligations to the Government they will be expected to meet in the years immediately ahead of them. It will be of serious consequence to the country to delay removing all uncertainties in this matter a single day longer than the right processes of debate justify. It is idle to talk of successful and confident business reconstruction before those uncertainties are resolved.

If the war had continued it would have been necessary to raise at least eight billion dollars by taxation payable in the year 1919; but the war has ended and I agree with the Secretary of the Treasury that it will be safe to reduce the amount to six billions. An immediate rapid decline in the expenses of the Government is not to be looked for. Contracts made for war supplies will, indeed, be rapidly canceled and liquidated, but their immediate liquidation will make heavy drains on the Treasury for the months just ahead of us. The maintenance of our forces on the other side of the sea is still necessary. A considerable proportion of those forces must remain in Europe during the period of occupation, and those which are brought home will be transported and demobilized at heavy expense for months to come. The interest on our war debt must of course be paid and provision made for the retirement of the obligations of the Government which represent it. But these demands will of course fall much below what a continuation of military operations would have entailed and six billions should suffice to supply a sound foundation for the financial operations of the year.

Treasury Recommendations Approved.

I entirely concur with the Secretary of the Treasury in recommending that the two billions needed in addition to the four billions provided by existing law be obtained from the profits which have accrued and shall accrue from war contracts and distinctively war business, but that these taxes be confined to the war profits accruing in 1918, or in 1919 from business originating in war contracts. I urge your acceptance of his recommendation that provision be made now, not subsequently, that the taxes to be paid in 1920 should be reduced from six to four billions. Any arrangements less definite than these would add elements of doubt and confusion to the critical period of industrial readjustment through which the country must now immediately pass, and which no true friend of the Nation's essential business interests can afford to be responsible for creating or prolonging. Clearly determined conditions, clearly and sim-

ply charted, are indispensable to the economic revival and rapid industrial development which may confidently be expected if we act now and sweep all interrogation points away.

I take it for granted that the Congress will carry out the naval programme which was undertaken before we entered the war. The Secretary of the Navy has submitted to your committees for authorization that part of the programme which covers the building plans of the next three years. These plans have been prepared along the lines and in accordance with the policy which the Congress established, not under the exceptional conditions of the war, but with the intention of adhering to a definite method of development for the Navy. I earnestly recommend the uninterrupted pursuit of that policy. It would clearly be unwise for us to attempt to adjust our programmes to a future world policy as yet undetermined.

Policy Toward the Railroads.

The question which causes me the greatest concern is the question of the policy to be adopted towards the railroads. I frankly turn to you for counsel upon it. I have no confident judgment of my own. I do not see how any thoughtful man can have who knows anything of the complexity of the problem. It is a problem which must be studied, studied immediately, and studied without bias or prejudice. Nothing can be gained by becoming partisans of any particular plan of settlement.

It was necessary that the administration of the railways should be taken over by the Government so long as the war lasted. It would have been impossible otherwise to establish and carry through under a single direction the necessary priorities of shipment. It would have been impossible otherwise to combine maximum production at the factories and mines and farms with the maximum possible car supply to take the products to the ports and markets; impossible to route troop shipments and freight shipments without regard to the advantage or disadvantage of the roads employed; impossible to subordinate, when necessary, all questions of convenience to the public necessity; impossible to give the necessary financial support to the roads from the public treasury. But all these necessities have now been served, and the question is, what is best for the railroads and for the public in the future.

Face to Face With the Question.

Exceptional circumstances and exceptional methods of administration were not needed to convince us that the railroads were not equal to the immense tasks of transportation imposed upon them by the rapid and continuous development of the industries of the country. We knew that already. And we knew that they were unequal to it partly because their full cooperation was rendered impossible by law and their competition made obligatory, so that it has been impossible to assign to them severally the traffic which could best be carried by their respective lines in the interest of expedition and national economy.

We may hope, I believe, for the formal conclusion of the war by treaty by the time spring has come. The twenty-one months to which the present control of the railways is limited after formal proclamation of peace shall have been made will run at the farthest, I take it for granted, only to the January of 1921. The full equipment of the railways which the Federal administration had planned could not be completed within any such period. The present law does not permit the use of the revenues of the several roads for the execution of such plans except by formal contract with their directors, some of whom will consent while some will not, and therefore does not afford sufficient authority to undertake improvements upon the scale upon which it would be necessary to undertake them. Every approach to

PRESIDENT ASKS SUPPORT OF CONGRESS ON PEACE MISSION

this difficult subject-matter of decision brings us face to face, therefore, with this unanswered question: What is it right that we should do with the railroads, in the interest of the public and in fairness to their owners?

Duty to Find the Answer.

Let me say at once that I have no answer ready. The only thing that is perfectly clear to me is that it is not fair either to the public or to the owners of the railroads to leave the question unanswered and that it will presently become my duty to relinquish control of the roads, even before the expiration of the statutory period, unless there should appear some clear prospect in the meantime of a legislative solution. Their release would at least produce one element of a solution, namely, certainty and a quick stimulation of private initiative.

I believe that it will be serviceable for me to set forth as explicitly as possible the alternative courses that lie open to our choice. We can simply release the roads and go back to the old conditions of private management, unrestricted competition, and multiform regulation by both State and Federal authorities; or we can go to the opposite extreme and establish complete Government control, accompanied, if necessary, by actual Government ownership; or we can adopt an intermediate course of modified private control, under a more unified and affirmative public regulation and under such alterations of the law as will permit wasteful competition to be avoided and a considerable degree of unification of administration to be effected, as, for example, by regional corporations under which the railways of definable areas would be in effect combined in single systems.

One Confident Conclusion.

The one conclusion that I am ready to state with confidence is that it would be a disservice alike to the country and to the owners of the railroads to return to the old conditions unmodified. These are conditions of restraint without development. There is nothing affirmative or helpful about them. What the country chiefly needs is that all its means of transportation should be developed, its railways, its waterways, its highways, and its countryside roads. Some new element of policy, therefore, is absolutely necessary—necessary for the service of the public, necessary for the release of credit to those who are administering the railways, necessary for the protection of their security holders. The old policy may be changed much or little, but surely it can not wisely be left as it was. I hope that the Congress will have a complete and impartial study of the whole problem instituted at once and prosecuted as rapidly as possible. I stand ready and anxious to release the roads from the present control and I must do so at a very early date if by waiting until the statutory limit of time is reached I shall be merely prolonging the period of doubt and uncertainty which is hurtful to every interest concerned.

The Paris Peace Conference.

I welcome this occasion to announce to the Congress my purpose to join in Paris the representatives of the Governments with which we have been associated in the war against the Central Empires for the purpose of discussing with them the main features of the treaty of peace. I realize the great inconveniences that will attend my leaving the country, particularly at this time, but the conclusion that it was my paramount duty to go has been forced upon me by considerations which I hope will seem as conclusive to you as they have seemed to me.

The allied governments have accepted the bases of peace which I outlined to the Congress on the eighth of January last,

as the Central Empires also have, and very reasonably desire my personal counsel in their interpretation and application, and it is highly desirable that I should give it in order that the sincere desire of our Government to contribute without selfish purpose of any kind to settlement that will be of common benefit to all the nations concerned may be made fully manifest. The peace settlements which are now to be agreed upon are of transcendent importance both to us and to the rest of the world, and I know of no business or interest which should take precedence of them. The gallant men of our armed forces on land and sea have consciously fought for the ideals which they knew to be the ideals of their country; I have sought to express those ideals; they have accepted my statements of them as the substance of their own thought and purpose, as the associated governments have accepted them; I owe it to them to see to it, so far as in me lies, that no false or mistaken interpretation is put upon them, and no possible effort omitted to realize them. It is now my duty to play my full part in making good what they offered their life's blood to obtain. I can think of no call to service which could transcend this.

In Close Touch With Congress.

I shall be in close touch with you and with affairs on this side the water, and you will know all that I do. At my request, the French and English governments have absolutely removed the censorship of cable news which until within a fortnight they had maintained, and there is now no censorship whatever exercised at this end except upon attempted trade communications with enemy countries. It has been necessary to keep an open wire constantly available between Paris and the Department of State and another between France and the Department of War. In order that this might be done with the least possible interference with the other uses of the cables, I have temporarily taken over the control of both cables in order that they may be used as a single system. I did so at the advice of the most experienced cable officials, and I hope that the results will justify my hope that the news of the next few months may pass with the utmost freedom and with the least possible delay from each side of the sea to the other.

Asks United Support of Congress.

May I not hope, Gentlemen of the Congress, that in the delicate tasks I shall have to perform on the other side of the sea, in my efforts truly and faithfully to interpret the principles and purposes of the country we love, I may have the encouragement and the added strength of your united support? I realize the magnitude and difficulty of the duty I am undertaking; I am poignantly aware of its grave responsibilities. I am the servant of the Nation. I can have no private thought or purpose of my own in performing such an errand. I go to give the best that is in me to the common settlements which I must now assist in arriving at in conference with the other working heads of the associated Governments. I shall count upon your friendly countenance and encouragement. I shall not be inaccessible. The cables and the wireless will render me available for any counsel or service you may desire of me, and I shall be happy in the thought that I am constantly in touch with the weighty matters of domestic policy with which we shall have to deal. I shall make my absence as brief as possible and shall hope to return with the happy assurance that it has been possible to translate into action the great ideals for which America has striven.

NO GENERAL DEMOBILIZATION OF THE MARINE CORPS UNITS

Gradual Discharges in Certain Individual Cases to Be Made on Application

Numerous inquiries from individuals and organizations are being received at the Navy Department and at the headquarters of the United States Marine Corps relative to the policy adopted as to the discharge of marines who—

1. Enlisted for the duration of the war.
2. Joined the Marine Corps by induction through the machinery of the selective-service law.
3. Marine Corps Reservists who voluntarily enrolled for 4 years, but with the stipulation that they would not be held to service except during the war or national emergency.

Statement by Secretary.

The Secretary of the Navy has authorized the following statement:

"The war has not ended, and will not be officially ended until the peace treaty has been signed and ratified.

"The existing national emergency will not end officially until the President, by proclamation, formally states that it ceases to exist.

"Until the national emergency is formally declared to have ceased to exist, the Navy Department will need the services of most of the marines now in service, and there will be no general demobilization, but such discharges as can be effected gradually, without impairment of the service.

Will Entertain Requests.

"Headquarters, United States Marine Corps, Washington, D. C., will entertain requests from individual marines for discharge or orders to the inactive reserve lists.

"Such requests must be signed by the individual marine and forwarded through his commanding officer, and must give in full the reasons for the request supported, wherever practicable, with evidence as to the validity of the reasons given.

"Commanding officers will forward all requests without delay to the Major General Commandant.

Classes to Be Considered.

"Requests from men in the following classes whose services can be spared will receive favorable consideration:

- "1. Men desiring to complete their education.
- "2. Married men with dependent families, where it is shown that their financial condition will be materially bettered by their discharge.
- "3. Men whose services are needed in essential industries.
- "4. Men who wish to return to their business which they gave up to enter the service."

LEXINGTON, KY., HOTEL CLOSED.

The Phoenix Hotel, Lexington, Ky., the leading hotel in central Kentucky, has been closed by the Food Administration for violating the bakery regulations and for disregarding regulations governing the distribution of sugar.

PLAN FOR ADJUSTMENT OF CONTRACTS TERMINATED BY GOVERNMENT EXPLAINED BY MUNITIONS DIRECTOR

(Continued from page 1.)

When decided there remains a very serious problem of how to arrive at a just and prompt determination of what is due the contractor as a result of such reduction or termination of the contract. Promptness of this adjustment is exceedingly important. If all the steps for the determination of the amount due contractors under these widely scattered contracts had to be centralized in Washington, no matter how large and expert the force, it would take undue time and impose serious burdens on the contractors. To meet this situation, the War Department has outlined and adopted the following procedure:

Form of Procedure Adopted.

The contractor will make an inventory of the raw material on hand, work in process, and finished articles ready for delivery, and any other items of costs, with figures on the various elements of cost which have entered into the getting ready for production, such as new buildings and machinery not otherwise taken care of. This will be checked by accountants of the War Department. These statements in the majority of cases will then be presented to district boards organized in many of the larger cities which are the centers of production, such as Boston, Bridgeport, New York, Rochester, Philadelphia, Pittsburgh, Cleveland, Chicago, Detroit, St. Louis, etc.

A board to deal with ordnance contracts at each of these places will be presided over by the district ordnance chief, who in every case is a civilian and a prominent business man of the community, frequently, prior to the war, having been connected with industries along similar lines to those now engaged in war work. Another member of the board will generally be the regional advisor of the War Industries Board. Such advisors are prominent business men, often selected for the position by the local chamber of commerce and in intimate touch with the problem of adjustment presented by reason of their experience with the industries in their localities in getting ready for war production. Another member will be of legal training, another a cost accountant, and the fifth a man versed in technical production. The latter three members are generally already available on the staff of the ordnance district chief. With a board so constituted the public, the Government, and the industries will feel assured that a just and prompt settlement may be arrived at. Boards will also be established for the settlement of contracts for more standard articles of merchandise, such as clothing, leather goods, etc.

Settlement With Contractor.

These boards will endeavor to reach a settlement with the contractor along the lines of the policy laid down by the War Department in Washington. Wherever a settlement can be reached between the contractor and a board, the board will make its recommendation to Washington and the settlement will be finally approved and the amount thereof will be promptly paid in full. Wherever there is

a difference of opinion between the board and the contractor a statement thereof may be made to the several claim boards in this line of work in Washington, who will consider the matter from the data presented by the local boards and endeavor to reach a settlement with the contractor. Failing this, there has been set up in the War Department a board of contract adjustment to assist the Secretary of War. This board, as far as the War Department is concerned, is the final tribunal in such cases. Of course, if the contractor is still dissatisfied with such decision he may appeal to the Court of Claims.

It is hoped that by this set-up a very large proportion of the cases may be settled by the local boards, and no appeals will be necessary. Since these local boards will be in touch with the local industry, and they will have before them the great importance of a fair and prompt settlement, the industries themselves will have confidence that they will receive fair treatment, and by decentralizing the work a prompt settlement may be accomplished.

Repayments to Contractors.

The department recognizes that it is highly important to make provision for cases where contractors have such a considerable part of their working capital tied up in expenditures for labor and other disbursements on unfinished work that without a speedy repayment to the contractors of at least a part of this sum they can not make that prompt return of the plants to commercial work essential to prevent a break in their continuous operation and employment of labor. In many such cases, while it is practicable to determine readily a minimum sum which will be within the figure of ultimate settlement, it will frequently be difficult to fix with exactness the ultimate sum without delay which will lose to the Government and the country the advantage of a speedy return of such plants to commercial work. Where this situation exists and to meet it it will be the policy of the department to stand ready to enter into supplementary contract with such contractors by which a sum not to exceed 75 per cent of the amount which it is certain will ultimately be paid by the Government on the agreed basis of adjustment will be paid immediately to the contractor upon his consent to a termination of the original contract and a release to the Government of its obligations thereunder, the department agreeing to pay subsequently such additional sum as it may determine will complete payment to the contractor on the agreed basis of adjustment. The machinery outlined above will be availed of in arriving at the terms of final settlement.

This plan will make it practicable for contractors to secure almost immediately a very substantial part of their working capital for use in switching back to commercial work, even where the circumstances are such that the final determination of the compensation to be paid can not be so speedily arrived at.

Help your Government and yourself at the same time—buy war-savings stamps.

List of Troop Units in France Named for Early Start Home Includes 83,000 Officers and Men; Gen. March Announces

INTERVIEW WITH GEN. PEYTON C. MARCH, CHIEF OF STAFF, NOVEMBER 30, 1918.

I have a cablegram from Gen. Pershing giving the total number of casualties up to and including November 26, as follows:

Killed in action.....	28,363
Died of wounds.....	12,101
Died of disease.....	16,034
Died of other causes.....	1,980
Missing in action.....	14,260

Then follows the prisoners of war; but the number reported is incomplete, and I have asked to have the number reserved. It will be presumably something like what we had before.

Wounded, 189,955, of whom 54,751 are reported as severely wounded, 43,168 degree undetermined, and 92,036 slightly.

Gen. Pershing Expediting Names.

When the last cablegram was received indicating that the names of a number of the killed, wounded, died of disease, etc., had not been reported by cable, I cabled to Gen. Pershing for him first to report all men who were killed or had died in action and not yet reported by him, reserving for future cables the ones that were wounded slightly; and his reply, given out yesterday, was to the effect that he was getting them out as fast as he could.

I have here the troops by designation which have been assigned in France to early convoys:

¹ No unit of this designation overseas.
² 92d Division has been ordered to prepare to entrain for base port.

List of Troop Units in France Named for Early Start Home

You will see that I am giving this out in advance of the actual sailings because of misapprehension on the part of relatives and friends at home concerning the sailing of the 27th and 30th Divisions, which have been in service with the British and have not been designated for convoys home. Their designation will take place after they get back to Gen. Pershing.

The sum total of officers and men which have been designated for early convoys numbers 3,451 officers and 79,663 men.

In bringing back troops from France the department expects to work up to perhaps 150,000 or 175,000 men in the month of December, and in doing so we will utilize the Army transports, a large number of naval vessels which will carry between 20,000 and 30,000 men, and at the same time transform cargo boats which were originally passenger boats back to their original use.

I gave an order during the week to alter these troop ships, and the shipping people expect to work up to a carrying capacity of 300,000 men a month.

During the week it was ordered that classes at the Students' Army Training Corps be suspended and that the entire draft system be closed up as soon as possible.

The troops which have so far been designated for demobilization in the United States amount to 649,000 men, as follows:

Depot brigades, development battalions replacements, and casualties	260,000
Divisional troops	10,000
Corps and Army troops	42,000
Coast Artillery	55,000
Engineers, railway, and special units	38,000
Medical Corps	2,000
United States Guards	26,000
Spruce production	30,000
Military aeronautics	6,000
Tank Corps	7,000
Chemical Warfare Service	7,000
Anthracite coal miners	6,000
Students' Army Training Corps	160,000
Central officers' training schools	20,000
	649,000

Discharges to Date.

The machinery for the discharge of these men is speeding up; starting from nothing, it is now estimated that the resignations or discharges from the United States Army since the signing of the armistice have totaled about 46,000 officers and men.

These are not accurate figures, but they come in pretty close proximity to the fact. The numbers are increasing daily and will continue to increase as the machinery of the operation becomes more automatic.

During the week the troop ship *Zelandia* has sailed for France with a cargo of 15,074 Christmas packages for the American Expeditionary Forces.

An item has appeared in the papers indicating that there was an impression that the Army Appropriation bill for the next year carried a total estimate of \$18,000,000. This is erroneous. In working up the estimates of the War Department for an Army of 80 divisions in France and 18 divisions at home, the estimates totaled something like \$19,000,000. When the armistice was signed we immediately withdrew these estimates, and cuts were made all along the line, so that now the Army appropriation bill estimates total something less than \$3,000,000,000.

In connection with the peace conference in Paris, the following officers of the Army have been ordered to report to Gen. Bliss: Maj. Gen. Francis T. Kernan; Brig. Gen. M. Churchill, General Staff; Col. Ralph W. Van Deman, Col. R. H. Jordan, General Staff; Col. L. P. Ayres, General Staff; Maj. Hunter S. Marston, Adjutant General's Department; Maj. Birch Helms, Infantry; Maj. C. W. Furlong, United States Army; Maj. F. M. Fling, United States Army; Capt. J. C. Auchincloss, United States Army; Capt. T. M. Childs, United States Army.

The guards, messengers, etc., for the American section in Paris with our conferees will be under the charge of Brig. Gen. William W. Harts, formerly the President's aide at the White House, and we have made arrangements in advance for all that.

I have also sent over in advance a number of Army officers who are experienced in law, finance, languages, ethnology, etc., and who will be at the disposal of Gen. Bliss at the peace conference. Gen. Francis T. Kernan was a representative at the Berne conference on the question of German prisoners. This conference dealt on matters of American prisoners of war. He is a man of great legal ability, experienced in military and international law.

The War Department has awarded the distinguished service medal to the following officers in France. Gen. Pershing has been ordered to present them. Gen. Tasker H. Bliss, Lieut. Gen. Hunter Liggett, Lieut. Gen. Robert L. Bullard, Maj. Gen. J. T. Dickman, Maj. Gen. J. W. McAndrew, and Maj. Gen. J. G. Harbor.

During the week I have authorized the publication of the positions as last reported of all troops in France, and by that publication I have answered many questions which have been coming to me for specific reply. I hope by this publication to eliminate many inquiries which have only individual interest.

Questions and Answers.

I have a few questions here which I will answer:

Q. Will Gen. March give somewhat a detailed description of the operations of the Twenty-eighth Division?—A. Twenty-eighth Division, consisting of Pennsylvania troops from Camp Hancock, was overseas by June 1 and trained with the French until after July 1. Four companies were put in south of the Marne and east of Chateau Thierry to help stop the German offensive of July 15, and held

their ground. The division was then put in support of the counterattack of July 18. On July 28 it attacked, crossing the Ourcq, and advanced with the Third (later the Thirty-second) on its right and the Forty-second on its left; the advance was bitterly resisted by the enemy. On July 31 it was approaching Nesles and August 6 reached the Vesle, where it relieved the Thirty-second. Until September 3 the division held a sector along the Vesle with constant raid and patrol activity. September 4 to 7 the division, crossing the Vesle in force, drove in rear guards and kept close contact with retreating enemy. The Twenty-eighth was in line near Vauquois at the start of the Meuse-Argonne offensive on September 26, and continued in action until October 7, when it took Chatel-Chehery. On October 29 the division was reported on line in the Woevre, near La Chaussee Lake, with the Second Army and took part in the actions in that region, which were halted by the armistice on November 11.

Q. Please state operations of the 79th Division.—A. The 79th Division reached France and began training about August 1 at Prauthoy. It was in the first line of the Argonne-Meuse offensive of September 26, but details of its action are not available. November 2 it was reported on line on the heights east of the Meuse. November 9 it was advancing in this sector in the direction of Danvillers.

Warships as Transports.

Q. Gen. March, please tell us what class of naval vessels are to be used for transport of troops home.—A. There will be some old battleships and quite a number of cruisers, with a traveling capacity of about 25,000 men in round numbers.

Q. What is happening to American prisoners?—A. I have word from Gen. Pershing that our prisoners are being turned over as fast as possible, and they are coming in in groups of 400 down to small units.

Q. Have you any reports on the mistreatment of British soldiers held prisoners of war?—A. No.

Q. Can you tell us when the internment of German prisoners here will be discontinued?—A. That is a matter that will be taken up at the peace conference.

Q. How about the return of the wounded?—A. We have a number of hospital ships which are used for the seriously wounded. Troop ships are also available for use in cases of slightly wounded and convalescents. When they come to the United States we have a number of hospital trains prepared to move these men and, in addition to that, we have placed orders with the Pullman Co. to convert a number of Pullman cars into hospital cars, so these men will soon be placed in hospitals fully adequate for their care and physical rehabilitation.

Q. When will the 649,000 men who have been designated for demobilization in the United States be back into civil life?—A. Just as fast as we can return them. The process will become very rapid as the machinery of demobilization becomes familiar and more or less mechanical to the demobilization officers. We hope soon to get up to the rate of 1,000 per day per camp.

Q. Among the men designated to return are there any Marines?—A. No.

Official U. S. Bulletin Index

An index for the Official U. S. Bulletin for the first six months of 1918 may be had on application to this office at 5 cents per copy. An index for each month is printed in an early issue of the Bulletin after the close of that month.

ANALYSIS AND SUMMARY OF THE WAR LOANS OF ALL NATIONS INCLUDING THOSE NEUTRALS PUT TO EXPENSE OF MOBILIZATION

MOVEMENT OF WOOD PULP FROM NEW BRUNSWICK PORT

WASHINGTON, D. C., October 21, 1918.
 Hon. E. N. HURLEY,
 Chairman, U. S. Shipping Board,
 Washington, D. C.

DEAR MR. HURLEY: I understand it to be imperative, in order to protect the supply of news-print paper during the coming winter that a movement of approximately 13,500 cords of pulp wood from Gaspe, New Brunswick, to Portland, Me., be made by water.

If I am correctly informed that the Shipping Board finds itself unable to provide ships for this movement, the Railroad Administration is willing that nine of the vessels now moving its coal from Cape Breton to New England ports be assigned for one trip each to accomplish this movement. If, of course, in the meantime, the Shipping Board can provide a portion of the bottoms necessary for the pulp wood movement, I shall be glad to have it done.

Cordially, yours,

W. G. McADOO.

October 25, 1918.

DEAR MR. McADOO: Acting upon your letter of October 21, in regard to the movement of wood pulp from Gaspe, New Brunswick, to Portland, Me., for the International Paper Co., I have just wired Mr. Franklin, the chairman of the shipping control committee, asking him

to make arrangements for furnishing the necessary ships for the transportation of this wood pulp.

I have also taken note of your request transmitted by Mr. Wright, and have so advised Mr. Franklin that the Railroad Administration desires to be protected in its rate of \$2 per ton from Cape Breton to Boston.

Sincerely, yours,

EDWARD N. HURLEY,
 Chairman.

October 28, 1918.

DEAR MR. HURLEY: Please accept thanks for your favor of October 25, advising that you have wired Chairman Franklin, of the shipping control committee to supply vessels for the transportation of pulpwood from Gaspe, New Brunswick, to Portland, Me., for the International Paper Company's mills at Livermore Falls, Me., as requested in my letter of October 21.

Arrangements have been made to supply cars at Portland, Me., promptly on the arrival of each vessel for the movement to Livermore Falls.

The diversion of these vessels from our coal movement from Cape Breton to New England ports will temporarily postpone the delivery of about 25,000 tons of railroad fuel.

We understand that you will protect rate of \$2 per gross ton on this coal whenever vessels can be secured for its movement. Please confirm.

Cordially, yours,

W. G. McADOO.

INTERNATIONAL PAPER Co.,
 New York, November 19, 1918.

Subject: Movement of pulpwood from New Brunswick.

C. R. GRAY, Esq.,
 Director Division of Operation, United States Railroad Administration,
 Washington, D. C.

DEAR SIR: I take great pleasure in expressing to you my deep appreciation of the prompt and satisfactory manner in which some 50,000 cords of pulpwood have been moved from Dalhousie and Chatham, N. B., to our paper mills on the Androscoggin River, in Maine, under the plans worked out and zealously prosecuted by your division.

It is reported to me by my assistant, Mr. Haskell, who concluded the arrangement to move this wood with your assistant director, Mr. Frank C. Wright, and Mr. Percy Todd, of the Bangor & Aroostook Railway, that the whole plan has worked out without hitch or delay, both to our satisfaction and relief and to the credit of the executive ability of your organization.

The prompt aid afforded by the division of operation at a time when transportation was so uncertain has enabled our Otis mill, at Livermore Falls, Me., to continue its supply of news print to more than 100 publishers, whose quota could not have been replaced from any other source had this mill failed to receive its full supply of raw material.

Thanking you for the excellent work done by your division, I beg to remain,

Yours, very truly,

R. T. DODGE, President.

FEDERAL RESERVE BOARD'S WEEKLY BANK STATEMENT

Large increases in the holdings of war paper, offset in part by reductions in the amounts of other discounts and Government securities carried, are indicated by the Federal Reserve Board's weekly bank statement issued as at close of business on November 29, 1918.

Investments.—Of the total increase of 131.3 millions in the volume of war paper reported, 71.4 millions represents the increase at the New York bank, the other Eastern banks and the Atlanta bank likewise showing substantially larger figures than the week before. Other discounts decreased 25.5 millions, mainly at the New York, Chicago, and Minneapolis banks. A decrease of 55.5 millions in Government short-term securities is due largely to the redemption of the temporary Treasury certificate held by the New York bank to cover last week's advance to the Government. Total earning assets show an increase of 56.8 millions.

Government Deposits.

Deposits.—Government deposits increased 94 millions, while members' reserve deposits show a more than corresponding decline of 115.1 millions. Net deposits, because of the considerable reduction of the "float," increased 35.5 millions.

Reserves.—The week witnessed a further gain of 5 millions in the gold reserves, while total cash reserves show an increase of 4.1 millions. The banks' reserve percentage, largely because of the increase in net deposits, shows a decline from 50.5 to 50 per cent.

Note circulation.—Federal Reserve agents report a net addition of 4.3 millions to the total of notes issued to the banks. The latter show an actual Federal Reserve note circulation of 2,568.7 millions, an increase of 13.5 millions for the week, besides an increase of 5.5 millions in their aggregate liabilities on Federal Reserve bank notes in circulation.

Capital.—Increases in the capitalization of member banks and accessions to membership account for an increase of \$47,000 in the Federal Reserve banks' paid-in capital, Philadelphia and Minneapolis reporting the largest portion of the increase. **Condition of Member Banks November 22.**

Large reductions in the holdings of Treasury certificates, following the redemption of the July 23 issue of about 585 millions of these certificates, as against substantial increases in the holdings of Liberty bonds and war paper are indicated by the Federal Reserve Board's weekly statement of condition on November 22 of 752 member banks in leading cities.

United States bonds, other than circulation bonds, on hand show a total increase of 49.8 millions, though the banks in the central reserve cities report a decrease under this head of 3.7 millions. Increases in these bond holdings are shown for nearly all sections of the country outside of New York and Chicago. Treasury certificates on hand show a decline of 270.8 millions for all reporting banks and of 118.5 millions for the banks in the central reserve cities. Loans secured by United States war obligations (war paper) went up 68.2 millions, over one-half of the increase falling to the

List of Construction Projects on Which Abandonment Orders Have Been Issued by the War Department

The War Department authorizes the following statement:

Abandonment orders have been issued by the Construction Division on the following projects:

The construction of a training school for officers and enlisted specialists at Fort Monroe, Va.

The project for the establishment of an officers' training school at Camp Gordon, Ga.

The project for the establishment of an officers' training school at Camp Hancock, Ga.

All construction work at North Camp Jackson except the construction work in connection with the tent camp to provide accommodations for two artillery brigades.

The construction of a cantonment for the depot brigade, including detention camp, barracks and mess buildings at Camp McClellan, Ala.

The enlargement of Camp MacArthur, Tex.

The construction of cantonment buildings at San Diego, Cal.

The construction of cantonments at Galveston, Tex.

The rebuilding of old cantonment buildings for winter use at Portland, Me.

The remodeling of the old cantonment buildings for winter use at Boston and the construction of mess buildings and 26-men barracks at Fort Strong and Post Exchange, Fort Standish.

The rebuilding of old cantonment buildings for winter use and the construction of a warehouse within the coast defenses of Portsmouth, N. H.

The construction of a storehouse 29' by 120' for sanitary train at Camp Taylor, Ky.

The detention camp—No. 3—at Camp Funston, Kans.

The construction of the Hoboken Shore Railroad storage yard.

The construction of an extension to locomotive house, including electrical work, and heating at the Raritan ordnance depot, Metuchen, N. J.

The construction of 24-men delousing plant with utilities at Camp Eustis, Va.

The construction of a storehouse at the Coast Defenses of Narragansett Bay, Fort Adams, R. I.

Liberty theaters and extensions to existing theaters at the following points:

Camp Bragg, N. C.; North Camp Jackson, Camp Knox, Ky.; Camp Wheeler, Ga.; Camp Wadsworth, S. C.; Signal Corps Section at Camp Meade, Md.; Signal Corps Section at Camp Taylor, Ky.; Camp Beauregard, La.; Camp Bowie, Texas; Camp Cody, N. Mex.; Camp McClellan, Ala.; Camp Logan, Tex.; Camp MacArthur, Tex., and Camp Hancock, Ga.

share of the central reserve cities. All other loans and investments fell off 103.4 millions, the central reserve city banks alone reporting a decrease under this head of 68.3 millions.

Net withdrawals of Government deposits for the week totaled 270.5 millions, of which 150.9 millions represents withdrawals from the central reserve city banks. Net demand deposits at the latter banks increased 19.9 millions.

For all reporting banks the ratio of deposits to investments shows a decline from 78.7 to 78.1 per cent.

Suspends 8-Hour Law On Barge-Office Work

EXECUTIVE ORDER.

Under authority contained in act of Congress approved March 4, 1917 (39 Stat., 1192), wherein it is provided:

That in case of national emergency the President is authorized to suspend provisions of law prohibiting more than eight hours' labor in any one day of persons engaged upon

work covered by contracts with the United States: *Provided further*, That the wages of persons employed upon such contracts shall be computed on a basic day rate of eight hours' work, with overtime rates to be paid for at not less than time and one-half for all hours' work in excess of eight hours,

it is hereby ordered that during the present national emergency the provisions of law limiting the hours of daily service of mechanics and laborers to eight hours in any one day on work under contracts to which the United States is a party are suspended with respect to contracts in connection with the miscellaneous changes at the barge office, New York City, to accommodate the customs intelligence bureau, under the act of Congress approved July 1, 1918, making appropriations for repairs and preservation of public buildings for the fiscal year 1919, wages and overtime rates to be computed and paid in the manner provided by said act of March 4, 1917, supra.

WOODROW WILSON.

THE WHITE HOUSE,
November 18, 1918.

Preparation and Issue of Records for Final Separation From Army of Officers, Enlisted Men and Organizations

WAR DEPARTMENT,
Washington, November 18, 1918.

CIRCULAR No. 73.

PREPARATION AND DISPOSITION OF RECORDS
FOR FINAL SEPARATION OF OFFICERS, EN-
LISTED MEN, AND ORGANIZATIONS FROM
SERVICE IN THE UNITED STATES ARMY.

1. When definite orders are received for the separation of officers and enlisted men from service in The United States Army, either individually or by organization, the following instructions will govern:

2. Every officer and enlisted man will be given a *critical physical examination*, a record of which will be forwarded for file in The Adjutant General's Office as hereinafter prescribed. A carbon copy will be prepared for transmittal to the Bureau of War-Risk Insurance in case the officer or enlisted man has a wound, injury, or disease that is likely to result in death or disability.

Individual records required.

3. In the case of officers the following are the individual records which must be transmitted for file in the office of The Adjutant General:

a. Copy of authority for discharge or separation from active service.

b. Report of physical examination.

c. Appendix to file record card.

d. Qualification card.

4. In the case of enlisted men the following are the individual records which must be transmitted for file in the office of The Adjutant General, or in the case of *d*, to the Bureau of War-Risk Insurance, Treasury Department.

a. Service record.

b. Report of physical examination.

c. Pay card.

d. Notice of discharge (Treasury Department, B. W. R. I.).

Description of forms used.

5. The report of physical examination of officer must show the surname, Christian name, rank, and organization; occupation prior to entry in the service; a certificate by the officer showing whether or not at the present time he has a wound, injury, or disease, whether incurred in the military service of the United States or otherwise, and, if so, the nature and location; a certificate by an examining surgeon showing that the officer is physically and mentally sound, or that he is physically and mentally sound except that he has a defect, wound, injury, or disease, the nature and location of which to be described; that it is or is not likely to result in death or disability, that it did or did not originate in the line of duty in the military service, and that in view of occupation, the per cent he is disabled. In case the certificate of the officer and the certificate of the examining surgeon do not agree the case will be submitted to a board of review consisting of not less than two medical officers convened by authority of the camp, post, or other station commander, which will consider the case, examine the officer, and complete the report showing their findings with relation to the matter covered in the certificate of the examining surgeon.

Form No. 395-1, A. G. O., now being distributed, will, when received, be used for the report of physical examination of officers. Until it is available the report will be prepared on 8" by 10½" letter paper.

6. An appendix to be used in connection with status card of officers on file in the office of The Adjutant General will be prepared for transmittal on 5" by 8" letter paper containing heading showing place and date; surname, full Christian name (no initials), rank and organization; statement that the officer was separated from service at the place and on the date; a brief statement of authority for separation; record of service with American Expeditionary Forces, if any, showing the dates of sailing from United States, arrival overseas, departure from overseas, port, vessel, and date of arrival in United States; duration of ordinary leaves of absence while overseas; address for future reference, and acknowledgment of receipt of notice of separation from service.

7. Officers' qualification cards, Form CCP 1101, will be completed to date of separation from service under the heading "Military Experience." A final rating will be given each officer just prior to separation from the service and the qualification card transmitted to The Adjutant General of the Army.

8. The service record of each enlisted man separated from the service will be brought up to date; the paster and insert for service record recently distributed attached and the proper entries made thereon. A final indorsement to The Adjutant General of the Army for service record will show place, date, and cause of discharge; the character given; that the soldier was paid in full; that discharge certificate was furnished; service with American Expeditionary Forces, if any; soldier's signature, and future address. A blank form for the final indorsement is now being distributed.

If the service record of the enlisted man to be discharged is missing a temporary service record, marked "Temporary" in red ink, will be prepared, using available data from all sources, including statements of the soldier.

9. The report of physical examination for enlisted men will contain the surname, Christian name, Army serial number; grade, company, and regiment or arm or corps or department; occupation prior to entry in the service; a declaration of the soldier witnessed by an officer relating to his physical condition; a certificate of immediate commanding officer as to the soldier's physical condition; a certificate of the examining surgeon showing data as given in paragraph 5; and if the declaration of the soldier and the certificate of the examining surgeon disagree the same procedure will be followed as prescribed above for an officer. Form No. 135-3, A. G. O., report of physical examination of enlisted man, is being distributed as rapidly as possible.

In the case of men who were accepted for special or limited service the words "Special or limited service" will be written or stamped across the top of the first page of Form No. 135-3, A. G. O.

10. After the data contained on pay cards have been used to complete the final statements or final pay rolls the pay cards will be transmitted as hereinafter prescribed to The Adjutant General of the Army.

11. A notice of discharge, Treasury Department, B. W. R. I., will be prepared in duplicate for each enlisted man separated from the service. Until the form has been received the following matter will be placed on a 5" x 8" sheet of stiff letter paper: Surname, first name, and middle name in full (no initials nor abbreviations); *grade and organization at the date of application* for insurance, allotments, and allowances, data to be obtained from the soldier if not of record; date of birth; date of enlistment; date of discharge; if no applications were made, state "none"; brief statement of cause of separation; under "insurance" will be entered the names of the beneficiaries, obtained from soldier if not of record, the amount of monthly premium, and the last month for which premium was checked on pay roll; under "allotment and allowance" the names of the allottees, obtained from the soldier if not of record, and the last date on which allotment is charged against the pay of the soldier under "Class A" and "Class B"; amount charged for allotment on final payment; future address. The original and duplicate will be signed by the company or detachment commander and transmitted to the camp personnel adjutant, who will mail both directly to the Bureau of War Risk Insurance, Treasury Department,

Disposition of records.

12. a. All individual records of officers and enlisted men separated from the service will be transmitted to the camp or other station personnel adjutant, to be forwarded to The Adjutant General of the Army.

b. When two or more enlisted men are separated from the service at the same time, and the separation is not by organization, an alphabetical list of the men will be prepared to accompany the individual records.

c. When an organization as such is separated from the service a final roster will be prepared and a copy forwarded with the individual records. (See par. 16b.)

13. a. When organizations, or two or more enlisted men, are separated from the service at the same time, the individual records will be wrapped by class in packages in such manner as to prevent injury in transmission and labeled and marked to show: (1) contents, (2) organization to which they pertain, and (3) by whom sent.

b. The packages of service records, pay cards, and reports of physical examination will be wrapped together in a package with a list or roster, as the case may be, and again labeled and marked to show: (1) contents, (2) organization to which they pertain, (3) by whom sent, and addressed to The Adjutant General of the Army, Washington, D. C.

c. The notices of discharge, B. W. R. I., will be wrapped in a package and labeled to show: (1) contents, (2) organization

Preparation and Issue of Records for Separation from Army

to which they pertain, (3) by whom sent, and addressed to the Bureau of War Risk Insurance, Treasury Department, Washington, D. C.

d. The above records in each package will be arranged in the same order as the names appear on the roster or alphabetical list accompanying them.

e. In the case of an individual separated from the service the records will be transmitted to the personnel adjutant, to be forwarded by mail to The Adjutant General of the Army or to the Bureau of War Risk Insurance, Treasury Department, as the case may be. No list, roster, or letter of transmittal will be necessary when the records of an individual are sent alone.

14. Packages of individual records will be sent by mail unless the weight exceeds that authorized by postal laws, in which event they will be sent by express.

15. When an organization is finally separated from the service the organization records will be prepared and disposed of as hereinafter indicated:

a. (1) Correspondence book and document file; (2) Morning reports—company, headquarters company, headquarters, and consolidated; (3) Sick reports; (4) Guard reports; (5) Company orders; (6) Regimental orders; (7) Charge sheets—original; (8) War diaries, operation orders, and historical data; (9) Council books.

The above records will be wrapped in packages by class of record and labeled and marked to show contents; period covered; organization to which they pertain; and by whom sent. These packages of records will be consolidated and packed for shipment by freight, the containers to be labeled as to their contents and addressed to The Adjutant General of the Army.

b. (1) Retained muster rolls; (2) Retained reports of changes of officers and enlisted men; (3) Retained monthly returns; (4) Retained rosters of troops and of officers; (5) Qualification cards of enlisted men; (6) Retained pay rolls; (7) Requisitions, abstracts, and individual slips for clothing.

The above records, except qualification cards, Form CCP-1, will be wrapped in packages, labeled and marked as in a, and turned in to camp headquarters to be stored until notification from The Adjutant General of the Army that the originals have been checked, or pending further instructions from the War Department as to their final disposition. There will be entered on qualification card, Form CCP-1, in section headed "Remarks," the home address of the enlisted man and the date of discharge. The qualification cards of discharged men will be placed on file at camp headquarters for ready reference.

An inventory of the records so stored of each organization will be prepared and forwarded immediately to The Adjutant General of the Army.

c. (1) Duty roster. (2) Individual equipment record, after being closed. (3) Charge sheet, company file. (4) Extract from service record. (5) Miscellaneous memoranda except those containing material information relating to the services of officers or enlisted men or to the history of the organization. (See (8) subparagraph a.)

The above records may be destroyed after verification by and under the supervision of a field officer designated by the camp, station, or regimental commander for this duty.

d. The publications, manuals, and regulations in the possession of officers and noncommissioned officers may be retained by them.

e. The remaining publications, manuals, and regulations, and the files of orders, bulletins, and circulars other than regimental or company orders, will be turned in to camp headquarters for storage pending further instructions from the War Department.

Returns, rosters, morning reports, and reports of changes.

16. When an organization or headquarters is separated from the service, final returns of strength and final rosters will be prepared as hereinafter indicated:

a. Final return of strength, showing the condition of the command at date of separation, will be prepared in accordance with existing instructions for the preparation of monthly returns and forwarded to The Adjutant General of the Army.

b. Final rosters of troops and of officers will be prepared for the period since the date of last roster in accordance with existing regulations, with the following modifications and exceptions:

(1) Final rosters of troops and of officers of staff corps and departments will be prepared in duplicate, the duplicate copy being forwarded to the chief of the staff corps or department concerned. A single copy only of other rosters will be prepared.

(2) In the caption the word "Final" will be inserted before the word "Roster" and the words "at midnight" omitted.

(3) If for any reason an officer or enlisted man whose name is borne in the body of the roster is not discharged or otherwise separated from service on the date of final roster that fact will be noted after his name with statement of cause of retention in service.

(4) On the final roster of troops or roster of officers the personnel adjutant will certify to the correctness of the roster and to the fact that all enlisted men and officers named thereon have been discharged or otherwise separated from the service except as stated in the body of the roster opposite the names of such excepted officers or men.

17. Morning reports and reports of changes will be prepared and submitted to include the date an organization is separated from service.

Supervision and responsibility for preparation and disposition of records.

18. The post, camp, or station personnel adjutant, under the direction of the commanding officer, will supervise the preparation and disposition of all records pertaining to separation from service of officers, enlisted men, and organizations, and is responsible that all required records are properly prepared, verified, and disposed of.

At large camps a general officer or field officer may be designated to supervise the preparation and disposition of records incident to the separation from service of officers, enlisted men, and organizations.

The individual records of an officer or an enlisted man must be completed in every respect before he is separated from the service.

Discharge certificates.

19. A discharge certificate will be furnished to each enlisted man separated from service by discharge, as prescribed in Army Regulations, and the class of certificate will be as indicated in paragraph 150, Army Regulations.

Council books.

20. Council books relating to funds of organizations separated from the service will be audited as prescribed to Army Regulations for periodic audit, and the certificates required for such audit will be accomplished.

The vouchers covered by such audit may be retained in the possession of the accountable officer.

Information relating to War-Risk Insurance.

21. Each officer or enlisted man will be informed of his rights under the War-Risk Insurance Act before separation from the service.

A memorandum of such information is being prepared for distribution at the earliest practicable date.

Conduct of medical examination.

22. The following instructions for conducting the physical examination prescribed in paragraph 2 will govern:

a. The physical examination will ordinarily be made in camps or stations in the United States to which troops have been ordered for demobilization, or at which they may already be. Such physical examination will be made and completed under the direction of the camp surgeon or other senior surgeon of the command with the least practicable delay. Except in doubtful or deferred cases, the examination of any individual officer or soldier should be completed on one day by the examining surgeon or a special examining board designated by the camp surgeon or other senior surgeon of the command.

b. Except in cases of small commands, the camp surgeon or other senior surgeon of the command will appoint a medical officer experienced in the duties of examining boards and in conducting physical examinations, who shall be the Chief Medical Examiner of that command.

c. The Chief Medical Examiner will coordinate the duties of and have general supervision over the examining board. He will organize the personnel assigned to it into one or more Examining Teams, assigning the individual members thereof to such duties as the public interest may dictate. He will appoint a principal medical examiner for each examining team.

d. Each principal medical examiner will supervise the operation of his examining team and will be responsible to the Chief Medical Examiner for the conduct of the physical examinations made by the team and the proper preparation of the necessary records. He will sign the certificate of examining surgeon on form for report of examination.

e. The examining board should consist of sufficient medical officers, including all necessary specialists. Experience has

demonstrated that a well-balanced team may be composed somewhat as follows:

Examiners.	
(1) General examination, including skin, general surgery, hernia, hemorrhoids, varicocele, varicose veins, etc.....	3
(2) Dental.....	1
(3) Orthopedic, including bones and joints.....	3
(4) Eyes.....	1
(5) Ears, nose, and throat.....	1
(6) Cardio-vascular.....	3
(7) Tuberculosis.....	6
(8) Neuro-psychiatric.....	3

f. In the physical examination of special or limited service men, medical examiners will interrogate the soldier as to the disability or defect which he had upon entrance into the service which placed him in the limited-service class. The physical examination of such men

will be made with great care, with special reference to the defects which the man states that he had upon entrance into the service.

g. A report of each physical examination will be rendered upon Form No. 395-1, A. G. O., if for an officer, and upon Form No. 135-3, A. G. O., if for an enlisted man (see pars. 5 and 9). Should the certificate of the officer or the declaration of the enlisted man be at variance with the finding of the medical examiner, the officer or enlisted man will be immediately referred to a Board of Review convened by the camp, post, or regimental commander. A formal order convening the board is not necessary and in large camps or posts the power to convene the board will usually be delegated to the camp or post surgeon.

h. The Board of Review will consist of not less than two medical officers, designated by the camp surgeon or other senior surgeon of the command. The board will be under the supervision of the senior medical examiner. After a thorough physical examination of the officer or soldier referred to it, together with a careful investigation of all the circumstances in the case, it will complete Form No. 395-1, A. G. O., or Form No. 135-3, A. G. O., as the case may be. [324,122, A. G. O.]

By order of the Secretary of War:

PEYTON C. MARCH,
General, Chief of Staff.

Official:

P. C. HARRIS,
The Adjutant General.

LIST OF CASUALTIES REPORTED AMONG THE UNITED STATES FORCES OVERSEAS

DECEMBER 1, 1918.

The following casualties are reported by the commanding general of the American Expeditionary Forces:

Killed in action.....	717
Died of wounds.....	289
Died of accident and other causes.....	7
Died of airplane accident.....	5
Died of disease.....	727
Wounded severely.....	54
Wounded (degree undetermined).....	102
Wounded slightly.....	251
Missing in action.....	877

Total..... 3,029

Killed in Action.

CAPTAINS.

SCHOONMAKER, Stephen T. Alfred S. Schoonmaker, River Road, care of Hackensack post office, N. J.

KENDRICK, Hugh O. Mrs. Claudia A. Kendrick, box 624, Fort Worth, Tex.

LIEUTENANTS.

BAXTER, Harold S. Mrs. Maude E. Baxter, 312 Queen Annes Court, San Antonio, Tex.
