

ANNOUNCES PLAN TO ELIMINATE ALL ENEMY STOCK AND INTEREST IN AMERICAN METAL COMPANY STATEMENT BY ALIEN CUSTODIAN

To Sell 34,644 Shares Owned by Germans and Place Control of Business in Trustees' Hands for a Period of Five Years.

The Alien Property Custodian authorizes the following statement:

The Alien Property Custodian has completed an arrangement which will eliminate all enemy interest in the American Metal Co. (Ltd.), and will place the control of the company in the hands of five voting trustees named by him for a period of five years. The following trustees have already been named: Hon. Henry Morgenthau and Messrs. Berthold Hochschild and Joseph F. Guffey. Mr. Hochschild is chairman of the board of directors of the company.

The outstanding capital of the company consists of 70,000 shares, of which the Alien Property Custodian has taken over 34,644 shares belonging to alien enemies. A further amount of 18,620 shares belong to American citizens who have had control of the management of the corporation. The remaining shares are held by a group of British shareholders, principally consisting of Henry R. Merton & Co. (Ltd.) and the Merton Metallurgical Co.

Sale of 34,644 Enemy Shares.

It is the purpose of the Alien Property Custodian to offer for sale at public auction at an early date the voting trust certificates representing 34,644 enemy shares, and two additional trustees will be named by the Alien Property Custodian after the said sale has been completed.

In order to protect any part of this important enterprise from reverting to enemy ownership after the war, and to assure to American ownership the full control over the important ore supplies owned by the company, the Alien Property Custodian and the American shareholders, who are the officers and managers of the company, organized the voting trust above mentioned. The method of control which the custodian deemed important in the public interest could not have been put into effect without the consent of the American shareholders, who have willingly cooperated with the custodian in all his plans.

Published Statements Corrected.

Some statements have appeared in the press indicating that the corporation itself had been taken over by the Alien

(Continued on page 2.)

REPORTS THAT KING NICHOLAS WAS DEPOSED CONTRADICTED

State Department Advices from Montenegro Disagree as to Affairs at Podgoritzta.

The State Department has received a report from the committee for national unity of Montenegro that the Montenegrin assembly at Podgoritzta which was elected by the people of Montenegro has unanimously voted the following decision:

That King Nicholas is to be deposed; that Montenegro is to be united with Serbia under the ruling dynasty, thus becoming part of the union of Serbs, Slovones, and Croats; that a national committee is to be elected to manage Montenegrin affairs after it is incorporated in Greater Serbia; and that this decision is to be communicated to the Royal Serbian Government, to ex-King Nicholas, to the entente powers, and to the Governments of neutral countries.

The Government of Montenegro, however, contradicts this communication by a note stating that the Skupshtina, stated to have deposed King Nicholas and to have proclaimed the Serbian dynasty the rulers of Montenegro, is nonexistent and that, therefore, its reported actions can have no legality.

COL. LINDSLEY NEW DIRECTOR OF WAR-RISK INSURANCE

Secretary Glass announces the appointment of Col. Henry D. Lindsley as Director of the Bureau of War Risk Insurance. This position, which was made vacant by the resignation of former Director William C. De Lanoy some weeks ago, has been since held temporarily by Mr. Herbert D. Brown, Chief of the United States Bureau of Efficiency, as director pro tempore.

Col. Lindsley has served for the past year on the staff of Maj. Gen. J. G. Harbord as chief of the War Risk Section of the American Expeditionary Forces, having in charge all war risk insurance matters overseas, and it is thought that this experience peculiarly fits him for his new post. Before the war he was a prominent business man of Dallas, Tex., being for some years president of the Southwestern Life Insurance Co. and later serving as mayor of Dallas. Immediately after war was declared he entered the Plattsburg Training Camp, from which he was graduated as major of Infantry, and soon afterwards left for France, where he has since served, and was promoted to the rank of colonel. His only son, L. Henry D. Lindsley, jr., enlisted as an aviator immediately after the declaration of war, and has seen service in France as a fighting aviator.

LARGE NUMBER OF ARTICLES OPENED TO FREE EXPORT TO NEUTRAL EUROPEAN STATES

FORMER GUARANTEES NOT NEEDED

Pledge Against Reexportation Not Now Required, Great Britain Advises State Department—Switzerland Exception—List of Articles.

A large number of articles may be exported to neutral countries in Europe, other than Switzerland, from the United Kingdom, France, or Italy after December 15 without the necessity of obtaining the usual guarantees against reexport, the State Department announces.

Notification of this action reached the State Department to-day from Great Britain.

List of Articles.

The list of articles follows:
Adding and calculating machines, alabaster for statuary purposes, artists' material excluding oils and turpentine, athletic goods, bicycles but not tires, bicycle accessories, buttons all kinds except military buttons, cash registers, cigar and cigarette holders, china, china clay clocks including clocks for time checking, coral, cutlery all forms, dental bars, dental filling material, drugs, duplicating machinery and supplies therefor, dyes and dyestuffs, earthenware, electroplated, gilded, or silvered goods except those of solid silver or gold, fans and hand screen fancy goods of paper, ivory, mother-of-pearl, tortoise shell, amber and amberoid, feathers made up, films printed positive or negative subject to censorship, flower seeds except seeds of oil-bearing plants, flowers artificial, fountain pens, fruit, fresh fruit juice unsweetened except for Holland, furs dressed, dyed, or manufactured, gauge glasses, glassware, hair ornaments and combs, hair nets of silk or hair, hardware (builder's) if of iron or steel, hats of all kinds, household furnishings, fixtures, and equipment if manufactured of wood, iron, or steel, except upholstered furniture, ink other than printer's ink, jewelry, imitation jewelry, real mounted with precious stones excluding solid articles of gold or silver or articles containing platinum, laces and guipure, laundry machinery, ledgers, loose-leaf and similar stationery, lighting fixtures if of iron or steel, marble, raw and manufactured, mats and matting made of guinco and Paviera, medicines proprietary and patent, mineral waters unsweetened, morocco leather, small fancy goods and all imitation leather goods, mosaic, fancy ware, musical instruments, office furniture and stationery excluding rubber erasers, opera glasses for use in the-

40,440 Casualties Unreported December 14, Including Deaths and Seriously Wounded, Gen. Pershing Cables

The War Department authorizes the publication of the following cable correspondence between the War Department and the commander in chief of the American Expeditionary Forces:

To ascertain the exact statistics of casualty reports in operation at the Central Records Office of the American Expeditionary Forces Gen. Pershing was asked five questions in a cable dated December 11.

The first question was:

"1. Give number of deaths classified as usual and seriously wounded not reported by name to us and now in process of check at Central Records Office."

Gen. Pershing, under date of December 14, cables the following reply:

"1. Unreported casualties now in process of check at Central Records Office: Killed in action, 390; died of wounds, 275; died of disease, 353; accidentally killed, 51; wounded in action severely, 39,371.

"The above include, all suspense cases under investigation for duplication, verification," etc.

The second question asked was:

"2. Give average daily number of deaths and seriously wounded received at Central Records Office during four days previous to receipt of this cable."

Gen. Pershing's reply is:

"2. Average daily number of casualties received at Central Records Office during the four days previous receipt of your cable was as follows:

"Killed in action, 229; died of wounds, 250; died of disease, 352; severely wounded, 1,033. These apparently large receipts are due to the fact that in addition to the regular reports every organization has been submitting a list of all their casualties since their arrival in France in order that a final check could be made to make sure that every casualty has been reported.

"From above figures the daily average to be reported was as follows: Killed in action, 69; died of wounds, 69; died of disease, 122; severely wounded, 752."

The third question asked was:

"3. Give estimated date on which reports of serious battle casualties by cable to us will be practically completed, it being understood that isolated cases, not to exceed, say 50 per day, may still be expected."

Gen. Pershing's reply is:

"3. Reports of deaths in action should be practically completed by December 20 and severely wounded on December 27."

The fourth question asked was:

"4. Number, if any, of duplicated casualties discovered in Central Records Office since November 27 which are operating to reduce totals given in your cable of that date, classified by nature of casualty."

Gen. Pershing's reply is:

"4. The number of duplicates discovered in Central Records Office since November 27 would not reduce the total given in our cablegram of November 27, as the additional casualties received more than offset the duplicates."

The fifth question asked was:

"5. Much apprehension here as to casualties in 20th Division. Have these been fully reported to you and forwarded to us? Can you cable classified estimate of total casualties in that division?"

Gen. Pershing's reply is:

"5. Thirtieth Division checked their total casualties against records of Central Records Office, November 23, and casualties of records in their office have been reported to War Department. Casualties classified as follows: Killed in action, 1,163; died of wounds, 283; died of disease, 15; died of other causes, 5; severely wounded, 1,181; wounded degree undetermined, 805; slightly wounded, 3,973; missing or captured, 193."

NOTE.—The cablegram of November 27, referred to by Gen. Pershing, was published in Gen. March's Saturday interview of November 30, as follows:

"I have a cablegram from Gen. Pershing, giving the total number of casualties up to and including November 26, as follows:

" Killed in action.....	28,363
" Died of wounds.....	12,101
" Died of disease.....	10,034
" Died of other causes.....	1,980
" Missing in action.....	14,290
" Prisoners.....	2,275
" Wounded.....	189,955

of whom 54,751 are reported as severely wounded, 43,168 degree undetermined, and 92,036 slightly."

Work Ordered Abandoned At Several Army Camps

The War Department authorizes the following statement:

The Director of Operations has instructed the construction division to abandon the construction of an artillery cantonment at North Camp Jackson, S. C. This does not include the abandonment of the lease for the 40,000 acres of land.

The division was also ordered to abandon the construction of a machine shop to be known as Units 3, 4, and 5, in connection with the Holt Manufacturing Co., Peoria, Ill., as well as the construction of four barracks at Camp Crane, Pa.

The construction of a Field Artillery cantonment and training center for four Field Artillery brigades at Camp Bragg, N. C., has also been ordered abandoned.

PLAN TO ELIMINATE ENEMY STOCK IN METAL COMPANY

(Continued from page 1.)

Property Custodian. This is not correct, since he took over only the shares owned by alien enemies. In accordance with his custom he appointed directors to serve on the board of directors in order to represent the shares held by him.

Agreement With British Holders.

In pursuance of arrangements carried on between the Alien Property Custodian and the British Embassy, the owners of the shares held in Great Britain have also agreed to deposit their shares under the voting-trust agreement and to sell the voting-trust certificates within a year to purchasers approved by the Alien Property Custodian or his appointee.

In this manner the complete Americani-

Retention by Soldiers Of Gas Mask and Helmet

The War Department publishes the following circular:

RETENTION BY OFFICERS AND ENLISTED MEN OF GAS MASKS AND HELMETS.

Pending legislation on the subject officers and enlisted men to whom gas masks and helmets have been issued may, upon discharge, take them to their homes under the same conditions as uniform clothing.

By order of the Secretary of War:

PEYTON C. MARCH,
General, Chief of Staff.

zation of this important enterprise will shortly be accomplished, and all persons are invited to deal with the company accordingly.

PLANT TO PRODUCE ARGON FOR GOVERNMENT AIRCRAFT

The Navy Department authorizes the following:

There is being constructed at North Fort Worth, Tex., a plant for the production of argon from natural gas, for use in lighter-than-air craft. Argon is an inert noninflammable element, the use of which eliminates the hazard of fire and explosion from incendiary and other causes, with which the use of hydrogen is attended. The project is a joint one between the Army and the Navy, the Navy to perform the construction with funds furnished equally by the War and Navy Departments.

The natural gas which is to be processed for argon is the effluent of the wells at Petrolia, Tex., owned by the Lone Star Gas Co., 94 miles north of Fort Worth. The project will thus entail the construction of a 10-inch underground steel pipe line of this length. The pressure of 300 pounds per square inch which will be required to insure the passage of the desired quantity of gas through the pipe line will be furnished by the present compressor station of the Lone Star Gas Co. at Petrolia gas field. The materials for the pipe line have been purchased by the Navy Department, at a cost of \$1,050,000, the 7,750 tons of pipe required being allocated by the War Industries Board with several manufacturers. The line is being laid under contract with the Bureau of Yards and Docks, for about \$500,000.

Removal of Gasoline.

High-proof gasoline, to the extent of about 5 gallons per 1,000 cubic feet, is removed from the gas at Petrolia by the Lone Star Co. After the natural gas has been processed by the Government at North Fort Worth for its content of about 1 per cent argon, by agreement with the Lone Star Co. it is to be discharged into the city mains of Fort Worth and Dallas.

The plant was not built over the wells at Petrolia for economic reasons. If Petrolia had been chosen as the site it would have been necessary to conduct power and water a considerable distance and to contend with poor labor and transportation facilities, which would have involved a greater expense than that of the piping of the gas. Since North Fort Worth is the nearest point to the wells at which the necessary utilities are available, the site was chosen adjacent to the measuring station of the Lone Star Gas Co. and the Government experimental plant at North Fort Worth.

Equipment Purchased.

The major part of the equipment of the plant has been purchased by the Bureau of Steam Engineering, to be installed by the Bureau of Yards and Docks. Special equipment has been designed and is to be made and installed by contract. The buildings comprising the plant have been designed by the Bureau of Yards and Docks. Besides the general contract, including compressor building, separator building, office and laboratory, storehouse, lime storage, installation of transformers purchased by the Government, stringing of power lines, railroad siding, piping, installation of machinery, roads, fence, etc., the Bureau of Yards and Docks will award additional contracts for a carbon-

ADDITIONAL OVERSEA UNITS ASSIGNED TO EARLY CONVOY

The Chief of Staff authorizes publication of the following information:

Following organizations have been assigned to early convoy:

499th Aero Squadron, 7 officers, 152 men; 400th Aero Squadron, 7 officers, 153 men; 1st Gas Regiment, 77 officers, 1,618 men; 465th Aero Squadron, 5 officers, 130 men; 467th Aero Squadron, 5 officers, 142 men; 488th Aero Squadron, 4 officers, 142 men; 835th Aero Squadron, 2 officers, 149 men; 840th Aero Squadron, 4 officers, 151 men.

Artillery section:
Anti-Aircraft School Detachment, 5 officers, 21 men; Replacement Battery, 8 officers, 260 men; 27th Engineers, 46 officers, 1,409 men; British Replacement Draft No. 1 Air Service, 1 officer, 97 men; 1102d Aero Squadron, 4 officers, 166 men; 153d Aero Squadron, 3 officers, 156 men; 2d Trench Mortar Battalion, 25 officers, 703 men; 346th Field Artillery, 61 officers, 1,300 men; 482d Aero Squadron, 5 officers, 149 men; 97th Aero Squadron and Medical Detachment, 2 officers, 151 men; 491st Aero Squadron and Medical Detachment, 3 officers, 137 men; 16th Company of 4th Motor Mechanics' Regiment, Air Service and Medical Detachment, 4 officers, 160 men.

Assignment of 92d Division To Early Convoy Is Canceled

The Chief of Staff authorizes the release of the following information:

Assignment of 92d Division to early convoy has been canceled.

TO USE NO RED CROSS FUNDS FOR THE BENEFIT OF GERMANY

In response to a number of inquiries received at headquarters of the American Red Cross as to whether any of the money contributed to the organization was to be used for the benefit of Germany or the Central Powers, George E. Scott, general manager of the Red Cross, has issued the following statement:

"No relief work of any kind whatever is contemplated by the American Red Cross within the Central Powers, except such as may be possible for the benefit of allied prisoners, refugees, and internes."

U. S. CONSULATE AT ANTWERP.

Others Soon to Be Established in Belgium by the State Department.

The State Department has established an American consulate at Antwerp, and Henry Morgan, who has been assigned as consul general there, will soon leave for his post. Other consulates are to be opened in Belgium in the near future.

dioxide removal system and gas holders, two wells, and a cooling pond. The cost of the buildings and appurtenances is estimated at \$900,000.

The argon recovered at the production plant will be compressed into cylinders for shipment. It is anticipated that the plant will be in complete operation by April 1, 1919.

PROHIBITED LIST MODIFIED ON MAIL PACKAGES TO CHINA

OFFICE OF SECOND ASST. P. M. GEN.,
Washington, November 27, 1918.

This department has been advised by the postal administration of Japan that the list of articles prohibited importation by parcel post to Japanese post offices in China is modified as follows:

(a) Firearms, sabers, bayonets, and other arms and munitions of war, except those imported by the Chinese authorities themselves and those which may be imported at the requisition of the Chinese authorities or such as are imported by the persons other than the Chinese, as samples or for purposes of hunting or self-defense, in accordance with the regulations fixed by the Chinese Government and approved by the diplomatic corps in Peking.

(b) Swords, except such as may be imported for purposes of self-defense, in accordance with the regulations fixed by the Chinese Government.

(c) Swordsticks and other hidden or secret swords.

(d) Salt, except table salt.

(e) Morphine, cocaine, and injectors of morphine or cocaine, except such as may be imported by doctors and apothecaries other than the Chinese, local and military hospitals established in all provinces in China, or by surgeons and medical schools, in accordance with the regulations fixed by the Chinese Government and approved by the diplomatic corps in Peking.

(f) Prints and pamphlets emanating from Indian revolutionary party in order to excite troubles in India (including the print entitled "The Organ of the Gadar Party" published in Indian language).

(g) Opium, Ganja, Hashish, Bhang, Cannabin, and instruments for use of these materials, except such as may be imported by the persons other than the Chinese for purposes of medical treatment.

(h) Chinese copper coin and table salt. This prohibition is applicable only to those contained in mail matters to be transmitted or delivered by the Chinese postal service.

(i) Articles which are considered injurious to public security or morals.

Section (3) of the item "Japan" on pages 150 and 151 of the Postal Guide for July, 1918, is hereby modified accordingly.

Postmasters will please cause due notice of the foregoing to be taken at their offices.

OTTO PRAEGER,
Second Assistant Postmaster General.

Abandoned and on Fire Schooner Sinks at Sea

The U. S. S. *Martha Washington* reports that an abandoned three-masted schooner, the *Wilfred Marcus*, was sighted afire in latitude 40° 29' north, longitude 43° 34' west, at 2 p. m., on December 12, and that the schooner sank and disappeared. The schooner's boats, if afloat, are probably northwestward, the dispatch states. The position indicated is between America and the Azores, nearly 1,000 miles at sea.

Official U. S. Bulletin

Published Every Week Day, Except Legal Holidays, Under Order of the President of the United States and by Authority of Congress.

Office: Continental Trust Building, Fourteenth and H Streets NW., Washington, D. C. Tel. Main 5600.

Copies of THE OFFICIAL U. S. BULLETIN will be furnished without charge to every post office in the United States (to be posted daily, for the benefit of the public, under order of the Postmaster General); to legislative and executive officers of the United States Government, and to diplomatic representatives of all foreign Governments.—EDWARD S. ROCHESTER, *Editor*.

BRITISH IMPORT RESTRICTIONS UNDERGO FURTHER RELAXATION

Consul General Skinner, at London, cables as follows:

The British paper controller has stated that in view of the fact that the demands for tonnage are smaller than was anticipated, manufacturers, when required, may supply from February 28, 1919, a further two months' proportion of imported materials for paper and cardboard or paper and cardboard manufactured from imported materials.

It is also stated that from December 6 a general license will be issued to permit the importation of mats and matting and plaits and plaiting in any quantity. From the same date a general license will be issued permitting the exportation of flax and linen and hemp piece goods and made-up articles of flax and linen not otherwise prohibited. Beginning November 23, manufacturers of forgings, stampings, and castings of iron, steel, or malleable iron are at liberty to accept orders with a priority rank below class B.

COMMUNITY BUREAUS OPENED.

Many Agencies Established in States to Aid Returning Soldiers.

One hundred and seventy community bureaus for returning soldiers, sailors, and war workers have been established in Indiana, according to reports received by the United States Employment Service of the Department of Labor.

Louisiana has also reported the establishment of these special bureaus of the Federal Employment Service. This State now has 59 bureaus operating. Kansas has opened 9 and Arkansas 75.

The following additional States reported that bureaus are in process of organization: Arizona, Idaho, Illinois, Iowa, Maine, Massachusetts, Michigan, Missouri, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Texas, Utah, Vermont, Washington, West Virginia, Wisconsin, Wyoming, and the District of Columbia.

Recent Food Prices in Foreign Countries Based on U. S. Administration Advices

From information received by the United States Food Administration through channels considered reliable, it is possible to acquaint American producers with recent quotations for certain foodstuffs and feeds abroad. The prevailing rate of exchange has been observed in expressing values in terms of United States currency.

France.—Retail prices of straw in Paris late in September ranged from \$25 to \$50 per ton. Lucerne (alfalfa) was quoted at \$58 to \$76 per ton. Potato prices ranged from \$2.22 to \$3 per bushel; butter from 83 cents to \$1.02 a pound; and poultry from 40 cents to \$1.82 per pound. Although the fixed retail price of horseflesh was 17 cents per pound late in September, it was sold through unauthorized channels for from 41 to 50 cents per pound.

England.—Wholesale milk prices in England have been placed on a scale which stipulates a price of 50 cents per gallon between November 21 and December 16. After that date and until May 1, 1919, the price is 50 to 51 cents per gallon.

Switzerland.—The fixed wholesale price for potatoes of the 1918 crop is \$1.74 per bushel. Purchases from the producer can be made only by the cantonal authorities.

Germany.—In September people were paying \$174 per pound for saccharine which a few months before sold for about \$35 per pound. About September 15, the price of butter in Berlin was \$1.04 per pound and in Hamburg 98 cents per pound. The fixed producers' maximum price for potatoes during September was 58 cents per bushel in Brandenburg and 52 cents in Bavaria.

Bohemia.—During September meat in Bohemia cost from \$2.05 to \$2.56 per pound and flour was selling for slightly more than \$1 per pound. Plum jam which formerly cost 5 cents per pound retail sold during September for \$1.23 per pound.

Spain.—Retail meat prices during September were: Beef, 31 to 32 cents per pound; lamb, 33 to 34 cents per pound. The retail price of potatoes varied from \$1.14 to \$2.22 per bushel in different localities. By a recent price-fixing regulation it will be possible, to sell "whitish" sugar for 18 to 19 cents a pound retail.

Russia.—Milk has been selling in Moscow under restricted consumption for about 19½ cents per pint bottle and more lately at considerably advanced prices following the removal of restrictions.

Argentina.—The royal commission in Argentina has purchased cereals for the allies at the following prices per bushel: Wheat, \$1.56; oats, 45 cents; corn, 62 cents.

Although the reports are fragmentary, they show by the wide variance in different countries how the war has interfered with normal production or distribution of food and in some cases both. The European prices for the most part clearly reflect the known shortage of foods, but in cases of regulation, as for instance, the English milk schedule, an artificial factor is introduced which must be understood if accurate conclusions are to be drawn.

The Argentine grain quotations are especially worthy of study as showing the effect on prices of geographical remoteness and lack of adequate shipping. They have made material advance as a result of peace.

ARTICLES OPEN TO FREE EXPORT TO NEUTRAL EUROPEAN STATES

(Continued from page 1.)

aters, paintings and pictures all kinds, pen nibs, perfumery including essential oils, phonographs, phonographic records, photographic goods but not chemicals therefor, pianos, precious stones real and imitation, printing presses, pumice stone, razors, safety, and blades, ribbons, silk, salt, table, sanitary ware, plumbers' goods of iron or steel, or earthenware containing not more than 5 per cent copper or brass, scales and balances, not including weights of copper or brass, screw spanners for cycles, sewing machines for domestic use, shrubs, slates for writing or drawing, slate pencils, spectacles, theatrical properties, wigs, and cosmetics, excluding costumes and footwear, teeth, artificial, tobacco pipes, toilet preparations, excluding soap, toothbrushes, beard brushes and moustache brushes, trimmings of silk, truffles fresh or preserved, turners, wares of wood, type-setting and type-casting machinery, excluding type metal, typewriters and spare parts, except typewriter ribbons, umbrellas, wall papers, walking sticks, wices all kinds, wire mattresses.

Ban on Rice by Mail From U. S. to Japan Lifted

OFFICE OF SECOND ASSISTANT POSTMASTER GENERAL, Washington, December 10, 1918.

Referring to the notice of this office dated the 8th of June last, relative to the prohibition against the importation of rice by mail into Japan, this department has been advised by the postal administration of Japan that the prohibition against the importation of rice into Japan has been removed.

The item "Japan" on pages 150 and 151 of the Postal Guide for July, 1918, is hereby modified accordingly.

Postmasters will please cause due notice of the foregoing to be taken at their offices.

OTTO PRAEGER,
Second Assistant Postmaster General.

GUATEMALA'S "THANKSGIVING."

Citizens of Guatemala hereafter will celebrate December 25 as a national "Thanksgiving Day." The State Department was officially advised to-day that the Guatemalan Government has designated the day as a permanent institution.

WORK OF CONGRESS BRIEFLY TOLD

SENATE.

Such headway is now being made in the consideration of the war-revenue bill that Chairman Simmons, in charge of the measure, yesterday expressed his conviction that the measure might be finally passed before the Christmas holidays. Voting on amendments was reached yesterday. By a vote of 36 to 16 the Senate voted yesterday afternoon to retain the committee amendment for a refund of taxes to those corporations that are able to prove that in previous years they suffered a net loss.

Senator Jones of Washington introduced and the Senate adopted a resolution under which the Shipping Board is directed to inform the Senate whether war-time restrictions against the construction of wooden and steel vessels for foreign account have been removed and, as the resolution asks, "If not, why not?" In submitting the resolution, Senator Jones stated that Norwegian ship contracts amounting to 1,000,000 tons recently were diverted to British shipbuilding concerns because the restrictions of the Shipping Board had not been rescinded.

HOUSE.

The House passed a bill under which all discharged soldiers, sailors, and marines will be allowed to retain all the clothing issued to them while in the service. Under this bill the uniform could be worn as long as the men desire instead of only three months after their discharge as the regulations now provide. The Secretaries of War and the Navy would be required to designate some insignia to be worn with the uniform to indicate the men were no longer in the service. An amendment was adopted under which service men who have been honorably discharged since the United States entered the war will be presented with the complete clothing outfit if the one they used was retained by the Government at the time of their discharge.

House and Senate conferees on the water-power bill yesterday after a brief session decided to postpone further consideration of the measure until after the holiday recess.

Representative Mott, of New York, introduced a resolution under which Gen. Pershing and the officers and men under him would be tendered a vote of thanks of Congress and the American people.

SPANISH ORDER PERMITTING COTTON MILLS TO RUN 6 DAYS

A Spanish royal order has been promulgated, according to State Department advices, permitting the introduction by the central cotton committee of a change in the running of the cotton mills to six days per week, also the temporary tax on raw cotton and products manufactured therefrom may be reduced by one-fourth or more, while permission has been granted for the free exportation of cotton yarns without duty.

71°—18—2

4,248 Sick and Wounded Landed in U. S. During the Week Ending December 14

The War Department authorizes the following statement from the Office of the Surgeon General:

During the week ended December 14 the total number of sick and wounded landed from the American Expeditionary Forces in the United States was 4,248. These men were landed at the port of New York and are now being sent to the various Army hospitals where facilities for their physical reconstruction have been provided.

WEEKLY BANK STATEMENT OF FEDERAL RESERVE BANK

Moderate liquidation of discounts and acceptances and a substantial gain in gold reserves are indicated in the Federal Reserve Board's weekly bank statement issued as at close of business on December 13, 1918.

Investments.—As against an increase of 16.5 millions in the total holdings of war paper the banks show a reduction of 30.9 millions in other discounts. As a result the proportion of war paper to total earning assets of the banks shows an increase from 62 to 63 per cent. New York reports a substantial reduction in the amount of war paper on hand, while Cleveland shows the largest increase in the holdings of this class of paper. Considerable liquidation of other discounts is reported by the New York, Chicago, and St. Louis banks. Acceptances on hand indicate net liquidation during the week of 4.8 millions, the New York bank reporting an even larger decrease. An increase of 5.9 millions in Government short-term securities is due largely to the purchase by the banks of 2 per cent Treasury certificates to secure Federal reserve bank note circulation. Total earning assets declined 13.3 millions.

Reserve Deposit Increase.

Deposits.—Government deposits declined 23.7 millions, while members' reserve deposits show an increase of 20.1 millions. Net deposits because of the increase in the "float" declined 31.6 millions.

Reserves.—The banks' gold reserves show a further gain of 11.1 millions, while their total cash reserves increased by 12.9 millions. This increase and the simultaneous reduction in aggregate net deposit liabilities account for a rise in the banks' reserve percentage from 49.5 to 49.9 per cent.

Note circulation.—Federal reserve agents show an increase of 22.8 millions net in Federal reserve notes outstanding. The banks report a total of 2,604.6 millions of Federal reserve notes in actual circulation, an increase of about 20 millions for the week. Their aggregate liabilities on Federal reserve bank notes in circulation are 102.2 millions, or 9.4 millions more than the week before.

Capital.—During the week the banks' paid-in capital increased by \$188,000, largely as the result of payment for Federal reserve bank stock by newly admitted members in the Boston, New York, and Cleveland districts.

Investment on a large scale in Treasury certificates of the December 5 issue

DISCHARGE OF ENLISTED MEN WITHOUT SERVICE RECORDS

The War Department publishes the following circular:

DISCHARGE OF ENLISTED MEN WITHOUT SERVICE RECORDS.

(1) When enlisted men who are without complete records of service are ordered discharged they will be discharged on supplementary service records and pay cards and paid in full, including travel pay. The supplementary service record and pay card will be based on affidavits sworn to by the soldier. Each soldier will be informed that false affidavit makes him liable to prosecution for fraudulent claim and that any arrears in pay due to lack of information may be obtained by making claim to the Auditor for the War Department.

By order of the Secretary of War:
PEYTON C. MARCH,
General, Chief of Staff.

and substantial curtailment of other loans and investments are indicated in the board's weekly statement of condition on December 6 of 753 member banks in leading cities.

Holdings of Treasury certificates increased during the week by 217.2 millions, of which 123.4 millions represents the increase for the banks in the central reserve cities, and 97.9 millions—the increase for the Greater New York banks alone. United States bonds, other than circulation bonds, on hand show a reduction of 49.2 millions, this reduction being more or less uniform for all classes of banks and reflecting to some extent amounts received during the week from customers in payment for liberty bonds purchased through the reporting banks. Loans secured by United States war obligations (war paper) went up 31.7 millions at the New York banks and 26.8 millions at all reporting banks, the Chicago banks reporting considerable liquidation under this head. All other loans and investments fell off 132.3 millions, largely at the New York City banks. The ratio of United States war securities and war paper combined to total loans and investments increased from 21.1 to 22.4 per cent for all reporting banks, and from 22.6 to 24.5 per cent for the banks in the central reserve cities.

Government deposits show an increase of 23.8 millions, the gains being, however, confined to banks outside the central reserve cities.

For all reporting banks the ratio of deposits to investments shows a slight rise for the week from 77.8 to 78.1 per cent.

TELLS OF U. S. OFFER OF ITS GOOD OFFICES IN CHILE-PERU DISPUTE

Foreign Minister of the Former Country Makes Explanation to Chamber of Deputies.

State Department advices to-day from Santiago, Chile, state that the Minister of Foreign Affairs, in addressing the Chamber on December 13, gave a comprehensive account of the United States Government's action in offering its good offices in settlement of the Tacna dispute. The Foreign Minister, referring to the State Department's communication as friendly, pointed out that the United States' action was entirely appropriate to American diplomacy and was designed to remove any idea of any misunderstanding, and further explained that the United States had never suggested mediation, but merely the giving of assistance. It was this suggestion, the Foreign Minister explained, that the United States had made to its diplomatic representatives in South America. The Chamber applauded the Foreign Minister's statement very vigorously.

Assistance of United States Potent.

The Chilean Government cabled the Chilean ambassador at Washington an outline of this speech and the text of the telegram has been published in the Santiago newspapers. The Chilean foreign office explained in its message to its minister here that the impartial assistance of the United States Government has been potent in the adjustment of American questions, and particularly referred to the United States assistance extended in 1881 at the time the Argentine boundary question was in dispute. The foreign minister told the Chamber of Deputies and notified the Chilean ambassador at Washington that he kept in mind the traditional policy of the United States of noninterference in the affairs of the other nations save when those other nations requested the good offices of the United States. The message which the foreign minister sent to Washington told of a great outburst of applause indicating the warm feeling of sympathy between the people of Chile and United States. The foreign minister also pointed out that he had told the chamber of the complete confidence the Chilean Government had in the friendship of the Washington Government. The whole speech, as outlined in the message, was one of thorough appreciation of the sentiment of the United States, and the Chilean ambassador here was instructed to advise the Secretary of State at Washington of the warm appreciation of the people and Government of Chile.

ALCOHOL CONTAINED IN TONICS.

A cablegram to the State Department from Stockholm announces that commercial preparations, especially hair tonic, cologne, and acetic ether, containing more than two and a quarter per cent alcohol, can not be sold in Sweden after January 1, unless the alcohol is denatured. Small bottles of perfume and strong mouth washes are not included, for the present at least. The Swedish Government has announced detailed requirements as to the denaturing.

List of Transports Sailing for U. S. And Army Organizations on Board

The Chief of Staff authorizes publication of the following information:

Revised figures show following organizations on board transport Manchuria: Fifty-sixth Field Artillery Brigade, 13 officers, 52 men; 116th Field Artillery, 64 officers, 861 men; 31st Division Cadres, 10 officers, 98 men; 106th Ammunition train, 10 officers, 556 men; Headquarters 62nd Infantry Brigade, 18 men; 117th Field Artillery, 51 officers, 1,452 men; casuals (classified as previously reported), 10 officers; sick and wounded, 966; 46 civilians, 1 seaman. Total, 4,208.

Organizations on board H. R. Mallory 100 per cent Camp Kearney.

Transport Persia Maru sailed from France December 12 with the following troops: Twelfth Division Advance School Detachment, 65 officers; medical detachment, 1 officer, 1 man; enlisted cooks and orderlies, 11; civilians, 3. Total, 99. Casual officers, classified as follows: Infantry, 1; medical, 1; ordnance, 6; aviation, 8; engineer, 1; chemical warfare service, 1. Total, 18 officers.

Transport Carillo sailed from France December 12 with following troops: Casual officers, classified as follows: Infantry, 3; Artillery, 11; Engineers, 2; Air Service, 3; Dental Corps, 1; Quartermaster, 3; Motor Transport Corps, 1. Total, 24 officers.

Transport Baltic sailed from Liverpool December 14 for New York City with following organizations: Casual Company No. 1057, 3 officers, 142 men, 1 Army field clerk; Casual Company No. 1058, 3 officers, 145 men; Casual Company No. 1059, 3 officers, 155 men; Casual Company No. 1060, 3 officers, 153 men; headquarters in charge of above casual companies, 1 officer; Casual Company No. 1061, 6 officers, 79 men; Casual Company No. 1063, 3 officers, 183 men; Casual Company No. 1064, 3 officers, 171 men; headquarters in charge of above casual companies 1061, 1063, and 1064, 4 officers; Casuals, sick and wounded bedridden, none; mental, 1; Infantry officer, 11 men; tubercular, 17 men; others not requiring special attention, 1 Engineer officer, 4 medical officers, and 831 men. Casuals Medical Detachment, 7 officers and 13 men. Casual officers classified as follows: Quartermaster, 13; Ordnance, 3; Air Service, 8; Chemical Warfare Service, 3; Adjutant General's Department, 1; Medical, 1; Infantry, 1. Total, 30.

Transport General Gargas sailed from France December 13 with the following troops: 14 casual officers, Field Artillery; 7 casual enlisted men, and 1 civilian.

Transport Saronia sailed from England December 14 with the following troops: Casual detachment on duty, 12 medical officers, 1 dental officer, 1 Infantry officer, 1 chaplain, 31 female nurses, 45 enlisted men, total 91 casuals; sick and wounded, bedridden, other than mental and tubercular, 6 infantry officers and 151 men; mental, bedridden, 1 man, not bedridden 14 men; tubercular, bedridden, 1 Infantry officer, 1 man; other sick and wounded not requiring special attention 10 infantry officers, 1 Army field clerk, and 963 men.

Transport Cedric sailed from England December 14 with the following troops: Casual Company No. 1065, 2 officers, 104 men; Casual Company No. 1066, 2 officers, 128 men; Casual Company No. 1062, 2 officers, 146 men; Casual Company No. 1067, 2 officers, 128 men; headquarters in charge of above casual company, 5 officers; Casual Company No. 1002, 2 officers, 191 men; Casual Company No. 1003, 2 officers, 144 men; Casual Company No. 1004, 2 officers, 148 men; Casual Company No. 1005, 2 officers, 146 men; Casual Company No. 1006, 2 officers, 149 men; Casual Company No. 1007, 2 officers, 157 men; 332d Aero Squadron, 4 officers, 222 men.

Casual sick and wounded: Bedridden, 74 men; mental, 2 men; tubercular, 2 men; others not requiring special attention, 404 men, 2 officers Medical Corps, 1 officer Infantry; 1 officer Quartermaster; medical detachment, 10 officers and 20 men; Detachment Army Nurse Corps, 4 nurses; casual officers classified as follows: Unassigned, 2; Ordnance, 3; Infantry, 2; Quartermaster, 4; Air Service, 9; Chemical Warfare Service, 2; 3 casual enlisted men; 3 male civilians, including E. R. Stettinius, Assistant Secretary of War.

ITALIAN GOVERNMENT ADOPTS LAW FOR STATE MONOPOLIES

The Bureau of Foreign and Domestic Commerce is in receipt of a cable report to the effect that the Italian Government adopted a law on November 22, to go into effect at the discretion of the Government, providing for the monopolization by the State of the supply and sale of the following products: Coffee and substitutes, tea, sugar, petroleum, benzine, paraffin, and other heavy and light mineral oils (excluding lubricants), and the residues from their distillation, coal (excluding domestic coke), denatured alcohol, explosives, and electric lamps. The State is also to monopolize the extraction of mercury and quinine.

[The general subject of State monopolies planned by certain belligerent countries for fiscal purposes is discussed in Miscellaneous Series No. 73 (Economic Reconstruction), recently issued by the bureau.]

PROCEEDINGS OF U. S. SUPREME COURT

SUPREME COURT OF THE UNITED STATES.

MONDAY, DECEMBER 16, 1918.

Present: The Chief Justice, Mr. Justice McKenna, Mr. Justice Holmes, Mr. Justice Day, Mr. Justice Van Devanter, Mr. Justice Pitney, Mr. Justice Reynolds, Mr. Justice Brandeis, and Mr. Justice Clarke.

Louis Irving Reicher, of Philadelphia, Pa.; Harold L. Bodamer, of Buffalo, N. Y.; James Lewis Malcolm, of Catskill, N. Y.; Lewis Harlow Van Dusen, of Philadelphia, Pa.; Horace Stern, of Philadelphia, Pa.; George Cameron Beach, of New York City; Chester Atwood Dunham, of Boston, Mass.; Roscoe Stewart, of Springfield, Mo.; George Ernest Ballhorn, of Milwaukee, Wis.; Ross A. Collins, of Jackson, Miss.; H. B. Manard, of Kansas City, Mo.; Charles M. McWilliams, of Houston, Tex.; Maurice Hirsch, of Houston, Tex.; John H. Ray, Jr., of Minneapolis, Minn.; Harold O. Mulks, of Chicago, Ill.; John William Hoeney, of Santa Barbara, Cal.; Horace Eggleston Wedder, of Los Angeles, Cal.; Harry A. Wishard, of Los Angeles, Cal.; R. Hunter McQuiston, of New York City; William L. Coley, of East St. Louis, Ill.; James E. White, of Chicago, Ill.; and James J. Forstall, of Chicago, Ill., were admitted to practice.

No. 72. D. Campbell, plaintiff in error, v. Annie Wadsworth, Maggie Beamore, and Nancy Alexander. In error to the Supreme Court of the State of Oklahoma. Judgment reversed with costs, and cause remanded for further proceedings not inconsistent with the opinion of this Court. Opinion by Mr. Justice Clarke.

No. 40. Wells Fargo & Company, plaintiff in error, v. The State of Nevada. In error to the Supreme Court of the State of Nevada. Judgment affirmed with costs. Opinion by Mr. Justice Van Devanter.

The Chief Justice announced the following orders of the court:

No. 347. John E. Reade, appellant, v. The United States of America et al. Appeal from the District Court of the United States for the District of Arizona. Per curiam: Affirmed upon the authority of *Ex parte Mirzam*, 119 U. S., 584; *Riggins v. United States*, 199 U. S., 547; *In re Lincoln*, 202 U. S., 178. See *Ex parte Glasgow*, 223 U. S., 709.

H. B. SPENCER,
Chairman Central Advisory
Purchasing Committee.

Approved:
JOHN SKELTON WILLIAMS,
Director Division of
Finance and Purchases.

NEW PLAN FOR DISTRIBUTION OF ANTHRACITE COAL SUPPLY

Readjustment of Shipments Is Necessitated by Reduced Out- put Due to Influenza.

Readjustment of the Nation's anthracite coal supply necessitated by a falling off in production, due largely to influenza among miners, has been effected by the United States Fuel Administration, it is announced. The announcement followed a three-day meeting of Fuel Administration executives, various State administrators, and the Administration's Anthracite Committee, at which preparations undertaken when production was ravaged by epidemic were gone over and completed.

All Districts Canvassed.

All districts to which anthracite has been allotted have been canvassed and protective measures have been taken, it was announced, for localities where the shipments now on hand are not up to allotted quotas. To each place coal will start from assigned mines, on specified orders, for exact quantities, to be delivered in specified times. The administration's policy of protecting first the points farthest away and holding up shipments to communities already supplied in favor of those which are below the assigned quota will be followed in the distribution. Among the larger adjustments are the following:

November 25 was the day set for the completion of loading coal for shipment to the Northwest by way of the Great Lakes. This, it was stated, will insure its arrival on or before November 30, at Lake Erie ports, where vessels sufficient for its movement are in readiness. Rail shipments into this territory will be continued after the close of lake navigation.

Indiana and New England.

Shipments will be made of 40,000 tons of anthracite to Indiana before November 30.

A delivery will be made of 100 carloads (approximately 3,000 net tons) daily through New England gateways, for distribution as the State administrators may direct.

In addition, it was stated, full arrangements are in hand for the protection of smaller areas, where production has not reached the allotted quotas. These also will be cared for in their turn, those farthest from the mines or those which have obtained the smallest proportion of their allotment receiving first attention.

Diverted to Domestic Use.

Anthracite allotment to war industries, it was stated, will be diverted wherever possible to domestic purposes, and other fuel will be substituted. In connection with the conditions of supply and distribution of anthracite it was announced that the Fuel Administration will stand ready throughout the winter to provide bituminous coal for domestic users in any locality in which lack of sufficient production or other circumstances beyond control may possibly produce a shortage of anthracite warranting the use of soft coal. Available stocks of bituminous coal, it was pointed out, are far greater than last winter and the control of its distribution is far more ef-

Analysis of the Foreign Commerce of United States During October

The usual monthly statement of the foreign trade of the United States has been completed by the Bureau of Foreign and Domestic Commerce, Department of Commerce. The imports and exports by

great groups during the month of October, 1918, and the 10 months ended October, 1918, are presented in the following statement:

Groups.	Month of October.		10 months ending October.	
	1918	1917	1918	1917
IMPORTS.				
Crude materials for use in manufacturing.....	\$98,281,948	\$92,591,465	\$1,042,481,063	\$1,084,186,028
Foodstuffs in crude condition and food animals.....	24,667,356	32,817,838	294,371,816	313,884,845
Foodstuffs partly or wholly manufactured.....	28,884,701	19,639,227	851,009,657	320,901,313
Manufactures for further use in manufacturing.....	60,703,670	43,868,239	531,955,249	452,496,308
Manufactures ready for consumption.....	32,976,978	29,081,634	388,259,557	319,459,591
Miscellaneous.....	1,949,428	3,248,502	11,438,530	13,603,823
Total imports.....	246,763,051	221,227,405	2,569,485,383	2,504,021,808
EXPORTS.				
Crude materials for use in manufacturing.....	93,423,514	94,352,012	750,644,709	698,770,215
Foodstuffs in crude condition and food animals.....	66,522,356	35,917,735	413,621,936	433,474,042
Foodstuffs partly or wholly manufactured.....	86,532,239	62,043,336	1,177,830,162	646,655,420
Manufactures for further use in manufacturing.....	73,273,820	113,363,716	898,212,089	1,079,338,603
Manufactures ready for consumption.....	171,318,837	228,045,890	1,724,578,423	2,290,038,773
Miscellaneous.....	1,740,030	2,583,941	16,281,094	46,654,269
Total domestic exports.....	492,818,836	536,544,020	4,981,168,329	5,097,127,326
Foreign merchandise exported.....	9,835,699	5,517,123	81,496,845	48,922,371
Total exports.....	502,654,535	542,101,146	5,032,665,174	5,146,049,697

Exports of principal items under the heading "Miscellaneous" for October, 1918, were: Horses, \$83,744; mules, \$523,415, and seeds, \$321,591; and for 10 months ended October, 1918: Horses, \$9,229,337; mules, \$3,954,412; and seeds, \$3,722,247.

SEALED PROPOSALS INVITED

DEPARTMENT OF COMMERCE.

Sealed proposals will be opened by the Superintendent of Lighthouses, Tompkinsville, N. Y., at 1 o'clock p. m. January 16, 1919, for the sale of the following unserviceable public property: iron buoys, metal lanterns, iron junk, rope junk, and empty tin cans jacketed. Information upon application to the above office.

Sealed proposals will be opened by the Lighthouse Superintendent, 841 Post Office Building, Detroit, Mich., at 2 o'clock p. m. January 8, 1919, for structural steel and cast-iron stair work for breakwater tower at Keweenaw Waterway, Mich. Information upon application to the above office.

Sealed proposals, in triplicate, will be received by the chief clerk, Department of Com-

merce, until 2 o'clock p. m. December 21, 1918, for washing and ironing towels, pillowcases, sheets, couch and desk covers, tablecloths, and napkins, for washing and drying ink rags and all-wool printing blankets belonging to the Department of Commerce and its several bureaus in Washington, D. C., during the six months ending June 30, 1919. Proposal specifications upon application to the above office.

MARINE CORPS.

Medals.—United States Marine Corps, Quartermaster's Department, Washington, D. C., December 12, 1918. Sealed proposals in duplicate, to be publicly opened in this office on December 26, 1918, are hereby invited for furnishing 35 14-karat gold division competition badges, 80 sterling silver division competition badges, and 120 bronze division competition badges; to be made with dies furnished by the Quartermaster, United States Marine Corps, Navy Annex Building, Washington, D. C.; to be delivered to receiving clerk, post quartermaster's office, room 458, Navy Annex Building, Washington, D. C.

Kitchen equipment.—United States Marine Corps, Quartermaster's Department, Washington, D. C., December 10, 1918. Sealed proposals in duplicate, to be publicly opened in this office on January 3, 1919, are hereby invited for furnishing 1 coal-burning range; 1 electric range; 1 range canopy or hood; 1 soup kettle canopy or hood; 3 copper soup kettles; 2 copper urns; 1 steam serving table; 1 vegetable peeler; 1 dishwashing machine and tables; 2 vegetable steamers; 5 cooks' work tables, including 2 sinks; 2 saucepan racks; 2 meat blocks; 2 meat tables; 1 refrigerator; 1 metal dresser; 1 bread storage case and table; 1 combination machine; 1 charcoal broiler; 2 compartments; 2 griddles; 1 bread slicer; 1 meat and vegetable chopper; 1 ice-cream freezer; 3 food trucks; 1 hot and vegetable sink; to be delivered to and installed in barracks No. 4, Marine Barracks, United States Navy Yard, Philadelphia, Pa.

THE PANAMA CANAL.

Referring to The Panama Canal Circular No. 1244, dated December 5, 1918, bids to be opened December 26, 1918, the following is for the information of intending bidders:

Class 29—Coal Baskets. This class is hereby canceled. Bidders should attach a copy of this amendment to their proposals.

A. L. FLINT,
General Purchasing Officer.

presentative. This situation, the Fuel Administration officials said, constitutes a factor of safety in the domestic situation, which was lacking last winter.

Present at Conference.

Among those in attendance at the conference were: J. D. A. Morrow, General Director of Distribution of the Fuel Administration; State Administrators J. F. McGee, Minneapolis, Minn.; I. P. Baker, Bismarck, N. Dak.; W. G. Bickelhaupt, Aberdeen, S. Dak.; W. N. Fitzgerald, Milwaukee, Wis.; William Potter, Philadelphia, Pa.; R. C. Jenkinson, Newark, N. J.; D. W. Cooke, New York, N. Y.; H. E. Slayton, Manchester, N. H.; Thomas W. Russell, Hartford, Conn.; C. H. Ten Weeges, Wilmington, Del.; A. R. Huldaday (assistant), Indianapolis, Ind.; and the Anthracite Committee, consisting of S. D. Warriner, of Philadelphia, Pa.; Joseph B. Dickson, of New York City; W. J. Richards, of Pottsville, Pa.; and with offices at Philadelphia, Pa.

Cotton Price Differentials Announced By the War Industries Board in Accord With Agreement Entered Into Last July

The War Industries Board authorizes the following:

In accordance with the agreement between the representatives of the cotton industry and the Price-Fixing Committee, July 1, 1918, the following differentials based on the prices then agreed to have been fixed by the Price-Fixing Committee, covering sales made November 17, 1918, to December 31, 1918, inclusive.

CHAPTER I.

Prices for carded warp twist yarns, made from "Upland" cotton below the grade of strict middling.

Single yarn.—Count: 8 and below, 57½ cents; 10, 58 cents; 12, 59 cents; 13, 59½ cents; 14, 60 cents; 16, 61½ cents; 18, 63 cents; 20, 64½ cents; 22, 66½ cents; 23, 67½ cents; 24, 68½ cents; 26, 70½ cents; 28, 72½ cents; 30, 74½ cents; 32, 77½ cents; 34, 80½ cents; 35, 82 cents; 36, 83½ cents. The basic price is on No. 8 and below. Over 8 and not over 10, rise of ¼ cent per number; over 10 and not over 14, rise of ½ cent per number; over 14 and not over 20, rise of ¾ cent per number; over 20 and not over 30, rise of 1 cent per number; over 30 and not over 36, rise of 1½ cents per number.

For ply yarns prices are as follows:

For 2-ply to 7-ply, 1 cent per pound has been added to the single yarn prices for twisting counts 8's and below and not over 10; 1½ cents per pound for counts over 10 and not over 14; 2 cents per pound for counts over 14 and not over 20; 2½ cents per pound for counts over 20 and not over 36; making prices as follows: Count: 8 and below, 58½ cents; 10, 59 cents; 12, 60½ cents; 13, 61 cents; 14, 61½ cents; 16, 63½ cents; 18, 65 cents; 20, 66½ cents; 22, 69 cents; 23, 70 cents; 24, 71 cents; 26, 73 cents; 28, 75 cents; 30, 77½ cents; 32, 80 cents; 34, 83 cents; 35, 84½ cents; 36, 86 cents.

SPECIAL.

For twisting any of the above yarns in counts 8's to 12's in piles 8 to 12 ply an advance of 1 cent per pound is made over prices named above for 2-ply to 7-ply and for twisting them 13-ply to 60-ply, an advance of 1½ cents per pound is made over prices named for 2-ply to 7-ply.

For Brownell or Haskell-Dawes tube twisted yarn in counts 8 to 12 an advance is made of 4 cents per pound over the price for singles.

FORM OF DELIVERY.

The prices named above are for commercial skeins, tubes, cones, and section beams of standard put up.

For ball or chain warps 1 cent per pound extra will be added.

For cabling up to No. 30's a charge of 6½ cents per pound will be added to the price of single yarn.

TERMS.

Prices include the weight of cones or tubes on which yarn is wound and are net cash from date of shipment and are f. o. b. cars shipping point. Prices include cost of selling.

CHAPTER II.

Prices for carded warp twist yarns made from "upland" cotton that will grade strict to good middling.

Single yarn.—Count: 8 and below, 59 cents; 10, 59½ cents; 12, 60½ cents; 13, 61 cents; 14, 61½ cents; 16, 63 cents; 18, 64½ cents; 20, 66 cents; 22, 68 cents; 23, 69 cents; 24, 70 cents; 26, 72 cents; 28, 74 cents; 30, 76 cents; 32, 79 cents; 34, 82 cents; 35, 83½ cents; 36, 85 cents. The basic price is on No. 8 and below. Over 8 and not over 10, rise of one-fourth cent per number; over 10 and not over 14, rise of one-half cent per number; over 14 and not over 20, rise of three-fourths cent per number; over 20 and not over 30, rise of 1 cent per number; over 30 and not over 36, rise of 1½ cents per number.

For ply yarns prices are as follows:

For 2-ply to 7-ply, 1 cent per pound has been added to the single yarn prices for twisting counts, 8's and below and not over 10, 1½ cents per pound for counts over 10 and not over 14, 2 cents per pound for counts over 14 and not over 20, 2½ cents per pound for counts over 20 and not over 36, making prices as follows: Count: 8 and below, 60 cents; 10, 60½ cents; 12, 62 cents; 13, 62½ cents; 14, 63 cents; 16, 65 cents; 18, 66½ cents; 20, 68

cents; 22, 70½ cents; 23, 71½ cents; 24, 72½ cents; 26, 74½ cents; 28, 76½ cents; 30, 78½ cents; 32, 81½ cents; 34, 84½ cents; 35, 86 cents; 36, 87½ cents.

SPECIAL.

For twisting any of above yarns in counts 8's to 12's in piles 8 to 12 ply, an advance of 1 cent per pound is made over prices named above for 2-ply to 7-ply, and for twisting them 13-ply to 60-ply an advance of 1½ cents per pound is made over prices named for 2-ply to 7-ply.

For Brownell or Haskell-Dawes tube twisted yarn in counts 8 to 12, an advance is made of 4 cents per pound over the price for singles.

FORM OF DELIVERY.

The prices named above are for commercial skeins, tubes, cones, and section beams of standard put up.

For ball or chain warps, 1 cent per pound extra will be added.

For cabling up to No. 30 a charge of 6½ cents per pound will be added to the price of single yarn.

TERMS.

Prices include the weight of cones or tubes on which yarn is wound and are net cash from date of shipment and are f. o. b. cars shipping point. Price include cost of selling.

CHAPTER III.

Prices for standard carded hosiery and knitting yarns, made of white "upland" cotton.

Single yarn.—Count: 10 and below, 61 cents; 12, 62 cents; 14, 63 cents; 16, 64½ cents; 18, 66 cents; 20, 67½ cents; 22, 69½ cents; 24, 71½ cents; 26, 73½ cents; 28, 75½ cents; 30, 77½ cents. The basic price is on tens and below. Over 10 and not over 14, rise of ½ cent per number; over 14 and not over 20, rise of ¾ cent per number; over 20 and not over 40, rise of 1 cent per number.

For ply yarns 5 cents is added to the price for No. 10s single, and ¼ cent per pound additional per single number up to forties. This charge for twisting these high-grade yarns is made for the reason that yarns used in the knitting trade require more perfect manufacture than commercial weaving yarns. They require inspection and also an extra process called doubling. These charges are based on actual differential costs of mills making these yarns, making the following schedule for twisted yarns of standard carded hosiery and knitting quality made of white cotton:

Count: 10 and below, 66 cents; 12, 67½ cents; 14, 69 cents; 16, 71 cents; 18, 73 cents; 20, 75 cents; 22, 77½ cents; 24, 80 cents; 26, 82½ cents; 28, 85 cents; 30, 87½ cents.

FORM OF DELIVERY.

On commercial tubes, cones, cops, or skeins in standard put up.

TERMS.

F. o. b. cars shipping point, net cash from date of shipment for yarns delivered at net weight. Prices include cost of selling.

CHAPTER IV.

Prices for carded hosiery and knitting yarns, made of staple cotton of strict to good middling grade, not less than 1½ inches and not over 1½ inches staple.

Single yarn.—Count: 10 and below, 65 cents; 12, 66 cents; 14, 67 cents; 16, 68½ cents; 18, 70 cents; 20, 71½ cents; 22, 73½ cents; 24, 75½ cents; 26, 77½ cents; 28, 79½ cents; 30, 81½ cents; 32, 83½ cents; 34, 85½ cents; 36, 87½ cents; 38, 89½ cents; 40, 91½ cents. The basic price is on 10s and below; over 10 and not over 14, rise of ½ cent per number; over 14 and not over 20, rise of ¾ cent per number; over 20 and not over 40, rise of 1 cent per number.

For ply yarns 5 cents is added to the price for No. 10s single and ¼ cent per pound additional per single number up to 40s. This charge for twisting these high-grade yarns is made for the reason that yarns used in the knitting trade require more perfect manufacture than commercial weaving yarns. They require inspection and also an extra process called doubling. These charges are based on actual differential costs of mills making these yarns, making the following schedule for twisted yarns made of staple cotton of strict to good middling grade, not less than 1½ inches and not over 1½ inches staple. Count:

10 and below, 70 cents; 12, 71½ cents; 14, 73 cents; 16, 75 cents; 18, 77 cents; 20, 79 cents; 22, 81½ cents; 24, 84 cents; 26, 86½ cents; 28, 89 cents; 30, 91½ cents; 32, 94 cents; 34, 96½ cents; 36, 99 cents; 38, \$1.01½; 40, \$1.04.

FORM OF DELIVERY.

On commercial tubes, cones, cops, or skeins in standard put up.

TERMS.

F. O. B. cars shipping point, net cash from date of shipment for yarns delivered at net weight. Prices include cost of selling.

CHAPTER V.

Prices for Comber Cotton Single Yarns based on basic price for No. 10 and below grade Strict to Good Middling.

Length of Staple Not over 1½ inch. Count: 10 and below, 76 cents; 12, 77 cents; 14, 78 cents; 16, 79½ cents; 18, 81 cents; 20, 82½ cents; 22, 84 cents; 24, 85½ cents; 26, 87½ cents; 28, 89½ cents; 30, 91½ cents.

Five cents additional for over 1½ and not above 1½ inch. Count: 10 and below, 81 cents; 12, 82 cents; 14, 83 cents; 16, 84½ cents; 18, 86 cents; 20, 87½ cents; 22, 89 cents; 24, 90½ cents; 26, 92½ cents; 28, 94½ cents; 30, 96½ cents; 32, 102½ cents; 34, 106½ cents.

Five cents additional for over 1½ inches and not above 1½ inches to 1½ inches. Count: 10 and below, 86 cents; 12, 87 cents; 14, 88 cents; 16, 89½ cents; 18, 91 cents; 20, 92½ cents; 22, 94 cents; 24, 95½ cents; 26, 97½ cents; 28, 99½ cents; 30, 101½ cents; 32, 107½ cents; 34, 111½ cents; 35, 116½ cents; 50, 121½ cents; 55, 125½ cents; 60, 131½ cents.

Ten cents additional for over 1½ inches and not above 1½ inches to 1½ inches. Count: 10 and below, 96 cents; 12, 97 cents; 14, 98 cents; 16, 99½ cents; 18, 101 cents; 20, 102½ cents; 22, 104 cents; 24, 105½ cents; 26, 107½ cents; 28, 109½ cents; 30, 111½ cents; 32, 117½ cents; 34, 121½ cents; 35, 126½ cents; 50, 131½ cents; 55, 136½ cents; 60, 141½ cents; 70, 150½ cents; 80, 171½ cents.

Basic price is on No. 10 and below. Over No. 10 and not over No. 14, ½ cent per number above No. 10; over No. 14 and not over No. 24, ¾ cent per number above No. 14; over No. 24 and not over No. 60, 1 cent per number above No. 24; over No. 60 and not over No. 80, 1½ cents per number above No. 60.

FORM OF DELIVERY.

Hosiery and Knitting Yarns on Commercial Tubes, Cops, Cones or Skeins in standard commercial put ups, suitable for the hosiery, underwear, and regular knitting manufactures.

Warp Yarns on Commercial Tubes, Cones, Skeins, Section Beams, or Warps.

Such yarns if made of higher twist than standard warp twist, or if put up in other than standard forms for delivery, or if specially made for special work, or specially inspected for removal or imperfections, shall be subject to such additional prices to cover additional cost as may be agreed upon between the buyer and seller.

All figures are based on prices net cash from date of shipment f. o. b. cars shipping point for yarns delivered at net weight, such prices to include the cost of selling.

Prices for combed cotton ply yarns based on basic price for No. 10 and below. Grade strict to good middling.

(For twisting five cents has been added to No. 10, and one-quarter cent additional per (single) number up to 80's.)

Length of staple not over 1½ inches. Count: 10 and below, 82 cents; 12, 82½ cents; 14, 84 cents; 16, 86 cents; 18, 88 cents; 20, 90 cents; 22, 92 cents; 24, 94 cents; 26, 96½ cents; 28, 99 cents; 30, 101½ cents.

Five cents additional for over 1½ inches and not above 1½ inches. Count: 10 and below, 86 cents; 12, 87½ cents; 14, 89 cents; 16, 91 cents; 18, 93 cents; 20, 95 cents; 22, 97 cents; 24, 99 cents; 26, 101½ cents; 28, 104 cents; 30, 106½ cents; 32, 114 cents; 34, 119 cents; 35, 124½ cents; 40, 129 cents; 45, 134½ cents; 50, 141½ cents.

Five cents additional for over 1½ inches and not above 1½ inches to 1½ inches. Count: 10 and below, 91 cents; 12, 92½ cents; 14, 94 cents; 16, 96 cents; 18, 98 cents; 20, 100 cents; 22, 102 cents; 24, 104 cents; 26, 106½ cents; 28, 109 cents; 30, 111½ cents; 32, 119 cents; 34, 124½ cents; 35, 130½ cents; 40, 136½ cents; 45, 142½ cents; 50, 149 cents.

Ten cents additional for over 1½ inches and not above 1½ inches to 1½ inches. Count: 10 and below, 101 cents; 12, 102½ cents; 14, 104 cents; 16, 106 cents; 18, 108 cents; 20, 110 cents; 22, 112 cents; 24, 114 cents; 26, 116½ cents; 28, 119 cents; 30, 121½ cents; 32, 129 cents; 34, 134 cents; 35, 140½ cents; 40, 146½ cents; 45, 152½ cents; 50, 159 cents; 70, 176½ cents; 80, 194 cents.

(Continued on page 10.)

Gun to Shoot 40 Miles a Possibility, Says Coast Artillery Chief's Report

In his annual report to the Secretary of War Maj. Gen. F. W. Coe, Chief of Coast Artillery, says that a gun of 24-inch caliber to shoot 40 miles is among the near possibilities. On other matters the report says:

Under the policy approved by the War Department the Coast Artillery Corps provides the personnel for handling heavy artillery for overseas service. This includes all howitzers and mortars above 6 inches in caliber; all guns of 5-inch and upward, organized as Army artillery; and the trench mortar and antiaircraft units assigned to corps and Army artillery. During the past year the most important work of this office has been connected with the problems of the organization, equipment, and training of these units. The coast defenses have been utilized for the purposes of organization and preliminary instruction.

In a detailed statement of the strength of the Coast Artillery the report states that the following units have been organized to date, September, 1918:

Thirty-seven regiments, 39 to 75, inclusive, officers, 2,448; men, 61,088.

Eleven brigade headquarters, 30 to 40, inclusive, officers, 110; men, 583.

Six trench-mortar battalions, officers, 144; men, 4,194.

One trench-mortar battery, officers, 5; men, 179.

One Artillery park, officers, 42; men, 1,845.

Twenty antiaircraft batteries, officers, 40; men, 1,420.

Six antiaircraft battalions, officers, 90; men, 3,066.

One division ammunition train, officers, 15; men, 614.

Eight ammunition trains, officers, 120; men, 4,912.

Total: Officers, 3,014; men, 77,901.

At the declaration of war the total number of officers of Coast Artillery was 881.

Instruction and Target Practice.

The most important work which has devolved upon the Coast Artillery during the past year has been the organization and training of units for overseas service. This work has been performed in the coast defenses, and it has been necessary at times to reduce the personnel below that required for manning the complete armament. It has been possible, however, to maintain at all times a sufficient force to meet any contingency likely to arise in the way of a raid by submarines or other stray craft.

For the ensuing year formal target practice has been suspended entirely, and district and coast defense commanders have been authorized to expend the ammunition allowance for such general instruction purposes as their judgment may dictate.

The Triangulation System.

The report says that in order to obtain the accuracy of location demanded by modern weapons no system has yet been devised to take the place of triangulation. On the western front the use of geographical coordinates permits the simplification of the system to the extent of presenting right-angled tri-

angles only for solution. Our standard fire-control installation provides means for the solution of oblique triangles by graphical methods with sufficient accuracy to give satisfaction. We have, in addition, graphical means for the determination of all ballistic corrections. To meet special conditions in the war zone our artillery officers have developed devices for the rapid determination of these corrections, which devices promise good results, but have not as yet been subjected to the test of actual service.

Defense of the Coast.

On the subject of coast defense the report says:

The means of defense of the coast line as a whole are the entire mobile forces of the Nation. Upon these forces rests the responsibility of protecting the fortified naval bases from enemy raids, which may be attempted by landing in the vicinity. The dispositions should be such as to prevent such landings. It will, however, be impossible to insure that no landing be made along the entire coast line. The object sought in locating the mobile forces to meet such operations should be to place them at strategic points which will enable them to move to the sea frontier in time to attack the enemy before his landing is completed.

The rôle of heavy artillery in these subdivisions of coast defense is not entirely the same in both cases. For harbor defense the guns must be on the spot at all times prepared to forbid the presence of hostile vessels in certain sea areas. For the general defense of the coast line the mobile troops assigned to that duty should be accompanied by heavy artillery prepared to attack either land formations, transports, or the armed naval vessels which will be supporting the troops engaged in the landing operations.

Developments of the War.

In order that the general trend of development in heavy artillery may be studied and applied properly to seacoast defense, it is desirable to state the general features of this development and to suggest the principles which appear to underlie their application.

Gun power.—This has increased both in range and the caliber of the gun. Guns of 24-inch, ranging to 40 miles, may be realized, while longer ranges for special types are possible if desired.

Mobility.—Guns of the largest caliber are transported on their firing carriages by rail. The calibers of tractor-drawn matériel have increased materially, and it is unlikely that the limits have yet been reached.

Aeroplane bombardment.—Although this is not a strictly artillery development it should be considered in connection with the effects of artillery fire inasmuch as the aeroplane may be regarded as taking up these effects at the longer ranges and projecting them far back into enemy territory.

No trouble to buy, cheap, convenient,
a real investment—W A R - S A V I N G S

ORDER MAKING "DRY" ZONE OF DAVIDSON COUNTY, TENN.

Executive Order.

By virtue of the authority contained in the provisions of Public Resolution No. 40 of the Sixty-fifth Congress, whereby it is provided:

That the President of the United States be, and hereby is, authorized and empowered, at any time after the passage of this joint resolution, to establish zones of such size as he may deem advisable about coal mines, munition factories, shipbuilding plants for war material as may seem to him to require such action, whenever in his opinion the creation of such zones is necessary to, or advisable in, the proper prosecution of the war; and that he is hereby authorized and empowered to prohibit the sale, manufacture, or distribution of intoxicating liquors in such zones, and that any violation of the President's regulations in this regard shall be punished by imprisonment for not more than one year, or by fine of not more than \$1,000, or by both such fine and imprisonment. (Approved, Sept. 12, 1918.)

The following regulations and zone are hereby established:

Within the county of Davidson in the State of Tennessee, alcoholic liquors, including beer, ale, and wine, either alone or with any other article, shall not, either directly or indirectly, be sold, manufactured, distributed, bartered, given, served, or knowingly delivered by one person to another within such zone, or sent, shipped, transmitted, carried, or transported to any place within such zone.

These regulations and the establishment of this zone shall become and be effective at the end of five days after the publication thereof by a general order or bulletin of the War Department, and shall continue during the present emergency.

WOODROW WILSON.

THE WHITE HOUSE,
November 26, 1918.

COTTON PRICE DIFFERENTIALS.

(Continued from page 9.)

FORM OF DELIVERY.

Hosiery and knitting yarns on commercial tubes, cones, or skeins in standard commercial *put ups*.

Warp yarns on commercial tubes, section beams or warps.

All figures are based on prices net cash from date of shipment, f. o. b. cars shipping point for yarns delivered at net weight, such prices to include the cost of selling.

CHAPTER VI.

Prices for No. 1 quality wrapping twine of 8's or coarser yarn:

Any ply wound on cones or tubes, packed in barrels or bales or in cases, in bulk, 61 cents per pound.

Any ply wound in 8-ounce or heavier balls, packed in barrels or in cases, in bulk, 61½ cents per pound.

Any ply wound in small balls weighing 5 or 6 to the pound, packed in barrels or cases, in bulk, 62 cents per pound.

Any ply wound in small balls weighing 5 or 6 to the pound, packed in 5 or 10 pound cotton cloth sacks and 100 pounds in a bale, 64 cents per pound.

TERMS.

Prices are f. o. b. cars shipping point, net cash from date of shipment and includes cost of selling.

Foreign Trade Statistics More Helpful Through New System of Classification

A comprehensive reclassification of our statistics of import and export commodities is being worked out by the Bureau of Foreign and Domestic Commerce in co-operation with the customs service, the Shipping Board, the War Trade Board, the Tariff Commission, and other governmental agents for submittal to the Secretary of Commerce and the Secretary of the Treasury. The objects in view are to give a more logical arrangement to our trade statistics, to facilitate both the tabulation and the utilization of these statistics, to increase the comparability of import and export figures by having a common classification for both, and to give greater detail.

Classified on Decimal Basis.

The new classification will be on a decimal basis. All commodities are divided into 10 main groups. Each of these groups is in turn subdivided. For the purpose of export statistics the subdivision will be carried to four places. For example, grains are subdivided into wheat, corn, oats, etc. Wheat is again divided as grain, flour, bran, and middlings, etc.

For imports the classification will be carried to five figures. The more detailed classification of imports is required in order to make it possible to use the classification for the details required by the tariff act, and further to meet the wishes of the commercial interests of the country. In both exports and imports the new scheme will give a much greater detail than is found in the present classification.

Departs from Old Methods.

While this new method departs widely from the one now in use, it is, for the most part, a change in the arranging of commodities under large headings rather than a change in the nature of the items included under the present groupings. It will not, therefore, destroy the possibility of comparing future trade statistics with the past.

The classification here given shows the main headings and will indicate the general scheme of grouping the commodities. Anyone interested in knowing how the details of any item in the classification are being worked out may obtain such a list by applying to Mr. G. B. Roorbach, Room 1023, Munsey Building, Washington, D. C., who is chairman of the committee in charge of making the classification. Suggestions in regard to the details of any group will be fully considered. If approved by the Secretary of Commerce and the Secretary of the Treasury, it is planned to put the new classification into effect on January 1, 1919. For this reason the committee must receive suggestions at an early date in order that they may be given due consideration.

Classification by Main Groupings.

0. Vegetable products used principally for foods and beverages.
 00. Grains, flours, and starches.
 01. Vegetables.
 02. Fruits and nuts.
 03. Vegetable oils, fats and waxes, and oil seeds.
 04. Tea, coffee, cocoa, and spices.
 05. Sugars, molasses, sirups, and confectionery.

COORDINATION OF U. S. WORK IN MAKING MOTION PICTURES

To coordinate film work of the various branches of the Government, especially in the work of readjustment after the war, an organization known as the Joint Committee on Motion Picture Activities of the United States Government and allied organizations has been formed.

Aims Are Outlined.

The purposes are outlined in the following resolutions of organization:

Whereas the various branches of the United States Government and allied organizations are engaged in motion-picture activities for educational purposes without in many cases coordination of effort; and

Whereas it is recognized that by coordination the most efficient results can be obtained with the least waste and duplication; therefore it is

Resolved, That a joint committee on motion-picture activities be formed of the representatives of the various branches of the Government and allied organizations having to do with motion pictures, and that the purpose of this joint committee shall be to place the various governmental and allied film agencies in closer touch, to the end that coordination and unanimity of action be established in the production and distribution of motion pictures and in the production and distribution of slides and trailers for use in motion-picture theaters.

Membership of Committee.

Representation on this committee is as follows:

Department of Labor, David K. Niles; General Staff of the Army, Capt. C. R. Dickinson; Branch of Ordnance, War Department, C. H. Moore; Surgeon General's Office, Maj. Thomas Evans; Department of Interior, Morton T. Leopold; Reclamation Service, Clarence J. Blanchard; National Park Service, Robert S. Yard; Naval Reserve Flying Corps, Lieut. W. L. Richardson; Department of Agriculture, Don Carlos Ellis; Treasury Department, Frank Wilson; Food Administration, R. W. Madison; Fuel Administration, T. M. Alexander; Railroad Administration, Safety Section, Austin F. Duffy and Charles W. Gregg; Committee of Public Information, Rufus Steele and G. W. Wood; American Red Cross, Dr. Thomas Quinn Beesley.

The following officers and executive committee have been selected: Mr. Niles, chairman; Mr. Ellis, secretary; Mr. Alexander, Capt. Dickinson, and Mr. Steele.

8. Nonmetallic minerals and products.—Con.
 83. Sand, clay, and other glass and ceramic raw materials.
 84. Brick, pottery, and glass.

 - 98.
 99. All other.

Text of Report of the Army Inspector General As Submitted for Fiscal Year Ending June 30

WAR DEPARTMENT,
OFFICE OF THE INSPECTOR GENERAL,
Washington, June 30, 1918.

SIR: The following report is submitted relative to the activities of the Inspector General's Department during the fiscal year ending June 30, 1918.

PERSONNEL OF THE DEPARTMENT.

The act of Congress approved May 18, 1917, authorized the President, in view of the existing emergency, to increase temporarily the Military Establishment of the United States; and under the provisions of that act, the commissioned personnel of the Inspector General's Department has been increased to meet the exigency, and an organization authorized based on the personnel necessary for the duties required.

The total number of officers in the department, as authorized, on June 30, 1918, was 180. These officers are on duty with divisions and other organizations of troops in the United States and overseas, at ports of embarkation, in the Office of the Inspector General of the Army, and at the several territorial departments.

INSPECTIONS.

The prescribed inspections in all the territorial departments were practically completed except in two departments.

The divisions, Field Artillery brigades, Engineer units, Aviation fields, base hospitals, remount depots, and the various camps and cantonments were thoroughly inspected by officers of this department, and reports rendered of the conditions observed, including food, instruction, discipline, equipment, clothing, supply, and administration of these several units, the efficiency and fitness of the officers of these units, and the administration and sanitation of the camps and cantonments. The work of these inspectors did not interfere with the duties of division, department, or camp inspectors.

In the handling of reports of inspections under existing war conditions special efforts have been made by this office to bring, as soon as possible, to the knowledge of those whose duty it is to take corrective action, the irregularities and deficiencies reported by inspectors. Considering the channels prescribed for forwarding such reports these efforts have been successful, and the time elapsing between date of inspection and date of receipt of report of inspection and of report of remedial action at this office has, as a rule, been reduced to a minimum.

SUMMARY OF OFFICE WORK.

As a result of the war the paper work of this office for the past year has been greatly increased and far exceeds that of any previous years. The number of special investigations and the reports of inspections were unusually large.

INSTRUCTION.

In one territorial department several coast-defense commands were reported not up to the usual and desired standard as to instruction and efficiency, a condition said to be due to the great number of recruits replacing trained men who

were sent overseas and also to the inexperience of a majority of the commissioned personnel.

So far as reported, officers and men have shown an admirable spirit, a will and desire to learn and to do their full duty, which gives promise of constant and progressive improvement.

DISCIPLINE.

There have been few serious breaches of discipline reported. There appears to have been much laxness among the new troops in the matter of saluting, but the discipline of both officers and men has improved with the training received.

CLOTHING.

There have been complaints about some of the clothing issued, particularly woolen uniforms, canvas leggings, and hats. It was also reported that olive-drab shirts were far from uniform. These defects were said to be unavoidable in many cases and were remedied as far as practicable.

EQUIPMENT.

Equipment appears to have been satisfactory, as a rule. At ports of embarkation the supply appears to have been ample, and there was but little trouble in equipping troops in a satisfactory manner.

MESSING.

The food served is reported to have been universally satisfactory. The improvement the Army has made in messing since the days of the Spanish-American War has been very marked. One inspector general reports: "In the inspection of over 300,000 soldiers since this war began I have not yet heard a single complaint against the food, and I am constantly on the watch for such complaint."

DISPOSITION OF UNSERVICEABLE PROPERTY.

In the last annual report it was stated that while the system of disposing of unserviceable property then in vogue had worked satisfactorily in time of peace, it was not believed it would prove satisfactory in time of war, when enormous quantities of military property would necessarily become unserviceable, and that to meet war conditions a system of "salvage" had been recommended. The draft of an order for the conservation and reclamation of public property was prepared in this office and submitted for the consideration of the War Department. It was approved and published in Paragraph IV, General Orders, No. 9, War Department, 1918.

The recently established service for reclamation of waste and for conservation at the various posts, camps, cantonments, depots, arsenals, and other units of the Army is now in operation. It includes dry-cleaning plants, tailor shops, shops for the repair of shoes, hats, etc., as well as rendering plants for waste food products.

Great success is already attending the operation of the reclamation service. In the case of shoes, it is reported that as many as 200,000 pairs a month are turned

in. A large percentage of these are repaired and reissued, most of the others being sold for whatever they will bring. In the case of blankets, about 90 per cent of those turned in are repaired and reissued, the balance being sold for rags.

The reclamation service has not been in operation long enough to become perfected, but as the necessity for changes and improvements becomes evident, they will, of course, be made.

A thorough inspection of the conservation and reclamation depots, wherever established, is now being made by a competent inspector general, who, in addition, will endeavor to instruct organization commanders as to the capabilities and limitations of the reclamation service.

DISBURSING OFFICERS.

Through the lack of experience on the part of many of the disbursing officers, as well as through the lack of clerical assistants, the number of errors in the money accounts has been proportionately much greater than before, but in only a few cases have any but minor irregularities been discovered in the accounts.

POST EXCHANGES.

Reports of inspections and investigations received in this office show the same state of laxness reported for several years on the part of exchange officers and auditing officers in the matter of proper supervision of exchanges and their accounts. This laxness seems to be growing worse rather than better, and doubtless is due largely to the fact that many of the officers and enlisted men connected with the exchanges are without experience.

ARMY TRANSPORTS.

The trans-Atlantic transport service has been greatly improved.

The reports on their operations have disclosed but few causes for complaint; on the contrary, they show that the comfort and protection of the troops transported have been carefully and sedulously looked after.

AMERICAN NATIONAL RED CROSS.

The work of auditing the accounts of the American National Red Cross, as required by law, was begun on October 2, 1917, with the accounts for the fiscal year 1916.

Work is now under way on the accounts for the fiscal year ending June 30, 1918, this being the largest accounting ever made by the Red Cross, including the \$100,000,000 first drive.

W. T. WOOD,

Acting Inspector General.

The SECRETARY OF WAR.

FREE IMPORTATION OF WATCHES.

According to a cablegram of December 3 from the American consul general in London, the British controller of import restrictions is now granting permits freely for the importation of watches other than gold watches, from the United States.

General Order Relating to Inspection And Loading of Railroad Grain Cars And Adjustment of Claims for Losses

The United States Railroad Administration issues the following:

WASHINGTON, November 26, 1918.

General Order No. 57.

Rules governing the inspection, selection, and cooperating or rejection of cars for bulk grain loading, the recording of loss of grain from car by leakage (if any) during transit, and the disposition of claims for loss and damage of grain.

Claims on grain shipped in bulk constitute a large proportion of loss and damage claims. Some of the widely varying practices of both shippers and carriers, with respect thereto, are of doubtful propriety, and in many cases result in undue preference and unjust discrimination.

This condition may be attributed largely to the great number of intricate factors entering into the grain business; the condition of scales and weighing practices, which, in many instances, result in weights of doubtful accuracy. Grain in bulk is sometimes loaded at large terminal elevators where so-called official weights are obtained; in other instances, at country elevators where weights are obtained on small scales in many drafts, and in other instances where scale weights are not used but loading weights obtained on measurement basis, and at some points where no elevators are located grain is weighed over wagon scales, loaded into cars, and the sum of the wagon scale weights used to represent the amount shipped.

Destination weights are arrived at in as many different ways as the loading weights, but, as a general rule, the bulk of the grain shipped is destined to terminal markets where official weights are secured, and the differences between these loading and destination weights constitute the basis of claims, although losses resulting from the taking of samples for inspection purposes and the failure of consignee to unload all the grain and other wastage, over which the railroad has no control, are not taken into consideration or accounted for.

In view of the foregoing, there is no good reason why carriers should assume responsibility for claims, the basis of which is solely the difference between these loading and outturn weights.

Therefore, claims for loss of bulk grain will be recognized only where there is evidence of negligence on the part of the carriers. Leaks due to improper cooperating of cars or placing of grain door boards are not to be considered as evidence of negligence on the part of the carrier, and the following rules shall apply until superseded by others that may be adopted as a result of investigation and study of the subject now being carried on by carriers and shippers in connection with the Interstate Commerce Commission.

At the present time there is lack of uniformity in the disposition of grain claims. One purpose of these rules is to clear up this present situation and dispose of promptly such claims as come within these regulations.

RULE 1.—SELECTION OF CARS FOR LOADING.

Suitable cars will be furnished for bulk grain loading. (See definition.)

Definition: A suitable car for bulk grain loading is one that is grain tight and fit or can be made so by the shipper at time and place of loading by ordinary and proper care in use of cooperage material and by a reasonable amount of cleaning.

RULE 2.—REJECTION BY SHIPPER.

While carriers are expected to furnish suitable equipment, it is the duty of the shipper to reject a car which is unfit for the loading intended.

Shippers should not load bulk grain in a car with door post shattered or broken, or with other defects of such character as to render car obviously unfit, or with inside showing the presence of oil, creosote, fertilizer, manure, coal, or other damaging substance of like or kindred character.

RULE 3.—COOPERAGE.

Grain doors or grain-door lumber of proper quality and dimensions will be furnished by the carrier and installed by the shipper to cooper side and end doors and other openings of cars used for bulk grain loading.

NOTE 1.—Carrier's agent at loading station will ascertain the number of temporary sectional grain doors, or the number of feet (board measure) of grain-door lumber used to cooper the car and the approximate weight thereof, and note same on waybill.

NOTE 2.—Should the carrier's supply of grain-door material run short, local agent will promptly notify his superintendent, who will immediately send the required material or authorize local agent to purchase a supply to take care of the emergency.

NOTE 3.—Shippers or consignees must not appropriate carriers' grain doors or grain-door material, neither shall they use the same without specific authority from the carrier.

Accessories, such as nails, paper, cheesecloth, burlap, or similar material for calking or lining cars required to prevent the loss of grain by leakage, shall be supplied by the carrier and applied by the shipper or at his expense.

RULE 4.—CONSIGNOR, CONSIGNEE, OR OWNER REQUIRED TO LOAD AND UNLOAD CARLOAD FREIGHT.

Except as otherwise provided by tariff, owners are required to load into or on cars grain carried at carload ratings, and consignee or owner is required to unload the car, which includes the removal of entire contents, including sweeping the car. Loading includes adequate securing of the load in or on car, also proper distribution of the weight in the car by trimming or leveling.

RULE 5.—SHIPPING WEIGHTS.

Where shipper weighs the grain for shipment he shall furnish the carrier with a statement of the car initials and number, the total scale weight, the type

and house number of the scale used, the number of drafts and weight of each draft weighed, the date and time of weighing, and state whether official board of trade, grain exchange, State, or other properly supervised shipping weights; also state number and approximate weight of grain doors used. This information shall be furnished as soon as practicable, forwarding of car not to be delayed for this record.

RULE 6.—DESTINATION WEIGHTS.

Consignee shall furnish the carrier with a statement of the car initials and number, the total scale weight, the type and house number of the scale used, the number of drafts and weight of each draft weighed, and date and time of weighing, and state whether official board of trade, grain exchange, State, or other properly supervised unloading weight.

RULE 7.—LEAKAGE OR DAMAGE RECORD.

If damage to or leakage of grain is detected while in carrier's possession the necessary repairs must be made to prevent further loss or damage and a complete record made thereof. In case of a disputed claim, the records of both carrier and claimant on said car shall be made available to both parties.

If shipper, consignee, owner, or his or their representative should discover leakage of grain from car he must immediately report the facts to carrier and afford reasonable opportunity for verification.

The result of hammer testing will not be accepted as proof of loss.

RULE 8.—CLAIMS ON GRAIN AND DEFECTIVE RECORD CARS.

(a) Clear record cars: If, after thorough investigation by the carrier, no defect in equipment or seal record is discovered such record shall be considered to show that the carrier has delivered all of the grain that was loaded into the car. If evidence is produced by the claimant indicating a defective record, such evidence shall be investigated and given due consideration.

(b) Defective record cars: Where investigation discloses defect in equipment, seal or seal record, or a transfer in transit by the carrier of a car of grain upon which there is a difference between the loading and unloading weights, and the shipper furnishes duly attested certificate showing correctness of weights, and the carrier can find no defect in scale or other facilities and no error at points of origin or destination, then the resulting claims will be adjusted, subject to a deduction of one-eighth of one per cent of the established loading weight as representing invisible loss and wastage.

NOTE.—Transfer in transit, as referred to in section (b) of this rule, is a transfer for which the railroad is responsible and not a transfer because of a trade rule, governmental requirement, or because of orders of consignor, consignee, owner, or their representative.

(c) Leaks over or through grain doors and other leaks due to improper cooperating by shipper shall not be considered defects for which the carrier is responsible.

W. G. McADOO,
Director General of Railroads.

NOTICE OF PROPOSED PURCHASES FOR THE UNITED STATES NAVY

WASHINGTON, December 12, 1918.

The Bureau of Supplies and Accounts of the Navy Department has issued notice of proposed purchases of the following material. Bidders desiring to submit proposals should request the Bureau of Supplies and Accounts, Navy Department, Washington, D. C., to send schedules covering the material which they propose to offer, giving schedule numbers.

U. S. PRISONERS IN GERMANY

The War Department authorizes publication of the following list of soldiers who have been reported prisoners of war in Germany:

CAMP RASTATT.

KOSTELAK, Otto, private. Mrs. Anna Kostelak, mother, 445 East Seventy-seventh Street, New York, N. Y.

MASTROGIES, Constatino, private. Manoly Patrakys, friend, 162 North Main Street, Springfield, Mass.

RICCI, Michele, private. Marie Ricci, mother, Perchicci, Italy.

THOMPSON, Charles R., private. Frank Thompson, father, Oxford, Mass.

SNOW, Fred, private. John J. Snow, father, general delivery, McLean, Ill.

RUTZ, Henry, private. Mrs. Bertha Rutz, mother, 726 Easter Avenue, Grand Rapids, Mich.

HARMONY, Eugene V., private (first class). Mrs. Rebecca Harmony, mother, 1438 Gordon Street, Allentown, Pa.

BOYER, Jos., corporal. Oliver M. Boyer, father, R. F. D. No. 1, Medford, Okla.

BORAH, Clyde E., sergeant. Abbie Carter Rorah, mother, R. F. D. No. 1, Kewanee, Ill.

CAMP HAMMELBURG.

DOLAN, John, private. Mrs. Catherine Dolan, mother, 850 Thirty-ninth Street, Brooklyn, N. Y.

CAMP KENINGSBRUECK.

KUHLMAN, Chris, private. Mrs. Rebecca B. White, sister, 1381 Woodhaven Avenue, Woodhaven, N. Y.

SCHLAENGER, Sidney, private. Theresa Schlaenger, mother, 511 East Eighty-second Street, New York, N. Y.

HARNESS, Francis, private. Thomas Harness, father, Grubville, Mo.

AGUIAR, Antoni Mathias, private. Antone Aguiar, father, 113 Corey Street, Fall River, Mass.

CAMP FEURSTENFELDRUECK.

HUMPHREY, Revel G., private. Milo Humphrey, R. F. D. No. 1, box 94, Stanley, Wis.

DARMSTADT HOSPITAL.

KRAUSE, Fred, private. Mrs. Baby Reibrok, aunt, post-office box 62, Medical Lake, Wash.

REPORTED AT CAMP LANGENSALZA, ENTIRELY RECOVERED FROM WOUNDS AND IN GOOD HEALTH.

NATHANSON, Moses, private. Meyer Nathanson, father, 526 New Jersey Avenue, Brooklyn, N. Y.

CAMP UNKNOWN.

OLSEN, Albert, private, first class. Olaf Olsen, father, Stavanger, Norway.

MEYER, Albert K. George H. Meyer, father, Mifflin, Pa.

MALEY, John, private. Mrs. Elizabeth Maley, mother, Buena Vista, Pa.

MACHADE, John M., private. Frank M. Machade, father, Corvo, Azores Islands, Portugal.

SABUSKIE, Frank J., private. Anthony Sabuskie, father, Mahanay Avenue, Girardville, Pa.

CAMP UNKNOWN—HEALTH GOOD.

BLOUNT, Howard P., sergeant. Mrs. Jessie M. Blount, mother, Lacona, N. Y.

BALARERA, Luigi, private. Mrs. Caterine Scaletto, sister, 1208 Otis Street, Chicago, Ill.

CARLSON, Franc O., private. John L. Carlson, brother, 14 West Hore Street, St. Charles, Ill.

REPORTED TO HAVE DIED IN HOSPITAL FROM WOUNDS RECEIVED IN ACTION.

DENEEN, Andrew C., lieutenant. D. Deneen, Ammond, Wis.

REPORTED TO HAVE DIED IN GERMANY.

CAHILL, Joseph J., private. Mrs. Rose Cahill, mother, 1124 Porter Street, Lansing, Mich.

MARASSEK, Frank, private. Thomas Marassek, brother, 117 Stork Street, Medina, N. Y.

STEWART, William H., private. Mrs. Levera Stewart, mother, 1006 Kerns Avenue, Elkins, W. Va.

MACARTHUR, John, lieutenant. Charles MacArthur, 97 Hodge Avenue, Buffalo, N. Y.

LINDSAY, William S., private (first class). Mrs. William Gear, sister, Portland Mills, Pa.

POST THE OFFICIAL U. S. BULLETIN.

Secretary of War Baker orders: Commanding officers of military posts and stations will post copies of THE OFFICIAL U. S. BULLETIN in conspicuous places for the information of all concerned.

It is the desire of the department that THE OFFICIAL U. S. BULLETIN be made accessible to the entire personnel of the Navy. All commandants and commanding officers are directed to have it placed in a conspicuous and accessible place and to notify the officers and men under their command of its existence and purpose.

JOSEPHUS DANIELS,
 Secretary of the Navy.

All postmasters are directed to post THE OFFICIAL U. S. BULLETIN daily in a conspicuous place in the lobby or other portion of their respective post-office buildings where the public can read it; and, without expense to the Government, each and every postmaster is earnestly urged to see that this BULLETIN is made available to as many people as possible in the manner suggested.

A. S. BURLESON,
 Postmaster General.
