

Official U. S. Bulletin

PUBLISHED DAILY under order of THE PRESIDENT of THE UNITED STATES by COMMITTEE on PUBLIC INFORMATION
GEORGE CREEL, Chairman * * * COMPLETE Record of U. S. GOVERNMENT Activities

VOL. 3

WASHINGTON, FRIDAY, JANUARY 10, 1919.

No. 508

NEW LICENSE PROCEDURE ANNOUNCED IN RULING BY THE WAR TRADE BOARD ON GOODS FOR SHIPMENT TO SWEDEN

IS MADE APPLICABLE TO ALL COMMODITIES

Only Exceptions Are for Articles Included in "Free List" Issued January 3 and Those Which May Be Published Later—Conditions to Be Complied with Before Applications Will Be Considered.

The War Trade Board announces, in a new ruling (W. T. B. R. 496), the adoption of the following regulations governing the procedure with respect to the issuance of licenses for the exportation of certain commodities to Sweden. Previous announcement with respect to such regulations (W. T. B. R. 236, Sept. 23, 1918) is hereby withdrawn.

Except for the commodities specifically mentioned in the "Free List," War Trade Board Ruling 473 of January 3, 1919 (or in "Free Lists" which may be published later), the procedure herein set forth applies in all cases.

Conditions of Applications.

1. Special attention is hereby called to the fact that the War Trade Board has arranged a simplified procedure with respect to applications covering shipments to Sweden, but that no consideration will be given to such applications until the conditions mentioned hereinafter have been complied with.

2. Exporters should apply for licenses to the Bureau of Exports, War Trade Board, Washington, D. C., or any branch office thereof, using Application Form X and such supplemental information sheets concerning the commodity as are required.

3. Exporters in the United States, before filing applications for export licenses, must obtain from the prospective importers in Sweden advice by mail or cable that there has been issued by an appropriate import association, or by the Statens Handel's Kommission, a certificate permitting the importation of the proposed consignment. The number of the certificate should be forwarded by the importer in Sweden to the American ex-

(Continued on page 6.)

FRENCH GOVERNMENT HONORS TEN AMERICAN ARMY OFFICERS

The following statement is authorized by the War Department:

Gen. Peyton C. March, Chief of Staff, was notified yesterday by the French Embassy that the dignity of Grand Officer of the Legion of Honor has been conferred upon him "in appreciation of the distinguished service you have rendered during the war for the common cause of the United States and the allies."

Word was also received that Maj. Gens. Frank MacIntyre, Henry Jervey, George W. Goethals, and William C. Gorgas have been named commanders of the Legion of Honor.

Maj. Gen. C. C. Williams, Brig. Gens. Marborough Churchill, Lytle Brown, Frank T. Hines, and Col. Constant Corlier have been named officers of the Legion of Honor.

ARREST OF LENINE BY TROTSKY REPORTED BY SWEDISH PRESS

Advices to the State Department say that Swedish press reports announce the arrest of Lenine by Trotsky and the establishment of Trotsky's dictatorship. The split is attributed to divergencies of opinion regarding Bolshevik reform work, Lenine insisting on uniting with the Mensheviks, and Trotsky wishing to continue the present policy. Lenine is reported to be confined at Kreml.

SYMPATHY OF KING AND QUEEN.

A dispatch to the State Department from Brussels to-day conveys the condolences of the King and Queen of the Belgians on the death of former President Theodore Roosevelt.

NEW CREDIT TO BELGIUM.

The Secretary of the Treasury has established a credit of \$3,250,000 in favor of Belgium, making a total of \$256,145,000 for Belgium, and a total for all the allies of \$8,588,773,702.

ALL FUEL CONSERVATION RULES WITH ONE EXCEPTION REVOKED

Order Relating to Saving Natural Gas and Certain Zone Regulations Alone Effective.

All orders and regulations as to fuel conservation, except one relating to natural gas, have been withdrawn by the United States Fuel Administration, it was announced to-day (Jan. 10). Regulations as to zones and prices, and some others, are still effective, but, in accordance with the announced policy of the administration, the question of fuel saving is now once more a matter for individual determination.

The one remaining conservation order is against waste of natural gas either by so-called "free consumers" or because of inefficient appliances or carelessness.

EMPLOYMENT OF AIR SERVICE MEN AFTER LEAVING ARMY

It is the desire of Gen. Kenly, director of military aeronautics, that every effort be made to provide employment for the enlisted men of the Air Service after their discharge from the service. There is not sufficient time between the receipt of orders and actual discharge to make any progress in securing employment, so that it is desired to anticipate and make such immediate arrangements as is possible.

A complete canvass of enlisted men at each station will be made, dividing them into two classes—those who have been assured employment and those who desire assistance in securing employment.

The United States Employment Service, Department of Labor, is forwarding a number of cards to be filled out by the men desiring employment. These cards will be segregated into the geographical groups and sent to the respective Federal Director of the United States Employment Service in the State nearest the point at which the man is to be ultimately discharged.

ADMITTED TO RESERVE SYSTEM.

The following State institutions have been admitted to the Federal Reserve System:

Peoples Savings & Trust Co., Hazleton, Pa. (Jan. 3, 1919), capital, \$125,000; surplus, \$50,000; total resources, \$2,303,022.
Farmers Savings Bank, Grant, Iowa (Jan. 9, 1919), capital, \$25,000; surplus, \$5,000; total resources, \$284,256.
Armada State Bank, Armada, Mich. (Jan. 9, 1919), capital, \$25,000; surplus, \$14,000; total resources, \$442,855.

SPECIALIZED CARE OF WOUNDED ORDERED BY SURGEON GENERAL AT ALL U. S. ARMY HOSPITALS

TREATMENT TO FIT EACH PATIENT

Chiefs of Surgical Service Instructed to Exercise Judgment in Selecting Best Men to Attend Individual or Group Cases.

The War Department authorizes the following from the office of the Surgeon General:

Instructions have been issued by Surg. Gen. Ireland that each injured soldier returning from overseas should be placed under the care of specialized surgeons. Under the present arrangement of the Surgeon General's Office all cases are classified so that the wounded are sent to the hospitals that are best equipped both in personnel and material to care for specified cases.

Instructions to Hospital Officers.

In his instructions to the commanding officer of each hospital, Gen. Ireland states that the chief of the surgical service must exercise great care and judgment in selecting the best men to care for each case or group of cases, being guided by the skill and experience of the surgeons. Gen. Ireland pointed out that it is of great importance that overseas wounded should have the benefit of the highest degree of professional skill and experience in their treatment to insure the best possible ultimate results, the greatest restoration of function, and the shortest convalescence.

Keeping Up Skilled Personnel.

In case a hospital receiving overseas cases should find itself without sufficient personnel of high skill in handling the kind of cases assigned it, the Surgeon General's Office is to be notified immediately and the deficiency remedied. Consultation between surgeons and physicians specializing in different branches of work is directed whenever it may benefit a particular case.

Additional Organizations Assigned to Early Convoy

The War Department authorizes publication of the following information:

Following organizations have been assigned to early convoy:

12th Balloon Company, 6 officers, 174 men.
420th Telegraph Battalion, 10 officers, 190 men.
423d Telegraph Battalion, 10 officers, 170 men.
Ordnance Casual Company No. 21, 5 officers, 154 men.
Company No. 53 Transportation Corps, 105 officers, 250 men.

The 108th Trench Motor Battery has been placed on priority instead of the 8th Trench Motor Battery, as announced January 9.

The philosophy of the W. S. S. is save, save, save.

RESTRICTIONS ON EGG AND PEA COAL SHIPMENTS ARE RAISED

On account of an increased supply and accumulation, all restrictions as to shipment of anthracite coal of "egg" and "pea" sizes have been removed, it was announced to-day by the United States Fuel Administration. Notices to this effect have been mailed by the Fuel Administration to all anthracite shippers and distributors.

May Ship to Any Market.

All shipments of egg and pea coal to territories formerly embargoed or States formerly zoned out to anthracite coal are now without restrictions, and it will be permissible to ship egg and pea coal to such markets as may be found for it. This permission applies only to egg and pea coal, and the restrictions on other sizes continue. Additional permits for egg and pea coal to Canada will be furnished on application.

"Stove" and "Chestnut" Shipments.

As the result of the action here related the situation is that egg and pea coal, steam coal, buckwheat No. 1, and smaller sizes can be shipped to any points where they may be marketed. The restrictions on anthracite shipments now apply only to the sizes known as "stove" and "chestnut."

Allotment is not now required for the shipment of egg and pea coal to Canada, and no restrictions now exist regarding shipment of these sizes to Canada except that the usual permits must be obtained in advance.

TOTAL PURCHASES FOR ARMY MADE IN DISTRICT OF COLUMBIA

The War Department authorizes the following from the Office of the Director of Purchase and Storage:

Statistics prepared by the Purchase Records Branch of the Office of the Director of Purchase and Storage show that purchases for the Army to the amount of \$3,119,545 were made in the District of Columbia for the period from July 1, 1918, to December 31, 1918. The report shows all purchases recorded for Washington, D. C., for this period. From July 1 to about November 1 the figures represent only quartermaster purchases, and from November 1 to December 31 they represent all the purchases made under the authority of the Director of Purchase and Storage.

Purchases made in Washington are purchases made from dealers or manufacturers located in Washington and do not include purchases made through the representatives of manufacturers having offices in Washington and factories located elsewhere. The figures on purchases by procurement divisions are as follows:

Machinery and engineering materials	\$298,928
Clothing and equipage	17,982
Subsistence	279,847
Motors and vehicles	541,397
Raw materials and paints	140,917
Medical and hospital supplies	185
General supplies	1,789,170
Service	51,119
Total	3,119,545

ORDNANCE DEPARTMENT SALE OF SURPLUS SCRAP MATERIAL

Lists of Semi-Finished Construction Parts Being Compiled by the Salvage Board Committee.

The Army Ordnance Department authorizes the following:

All surplus, unused, or obsolete construction and manufacturing materials, semifinished and completed parts, miscellaneous supplies, etc., left over at time of cancellation or termination of Ordnance contracts, or surplus at arsenals and supply depots will be ordered sold or stored as conditions require, by the subcommittee on sale of material of the salvage board. The actual sale of this material will be handled by the material branch of the Stores and Scrap Section of the Ordnance Department, through the district stores and scrap managers located in each district Ordnance office.

Lists Being Compiled.

Capt. Ralph C. Shaw, chief, material branch, located in group B, section 1, room 303, of the Ordnance building at Seventh and B Streets, is compiling lists of the materials to be disposed of as promptly as these materials are reported for sale. Likewise, he is compiling lists of buyers of given classifications of materials. This information is being imparted to the district managers. Any Government agencies or others interested in the purchase of any materials having been or to be ordered sold by the salvage board should communicate with the Material Branch.

All scrap left over from the operation of Ordnance contracts will be sold by the scrap branch of the Stores and Scrap Section, operating through the stores and scrap managers of the district Ordnance offices. This scrap consists of different kinds of steel in sheets, billets and turnings, scrap steel parts, supranickel scrap, antimonial, lead dross, silk and cotton waste, burlap, spent acids, etc.

District representatives of the Stores and Scrap Section can give information as to scrap available. Likewise, Lieut. Schleck, chief, scrap branch, group B, section 1, room 305, will be glad to advise as to amount of scrap on hand at any point, price at which it is being held, etc. Likewise, he will be glad to receive names of Government agencies or other possible buyers of these materials.

War Department Central Bureau of Information

The War Department Central Bureau of Information has been established in the Office of the Adjutant General. Inquiries for information with reference to the War Department and its activities will receive prompt attention if directed to this office, which is located in Room 248, State, War and Navy Building, and may also be referred over the telephone by calling Main 2570, Branches 43, 44, and 45.

WORK ON THE STATE HIGHWAYS FOR OVER 100,000 SOLDIERS

Estimates of Skilled and Unskilled Men in Replies from 29 States.

In response to requests for information, the Bureau of Public Roads of the United States Department of Agriculture has collected from the highway departments of the various States figures indicating the probable number of returned soldiers and sailors that can be used during 1919 in road construction and repair work. Of the 38 States replying only 29 gave definite figures. They report they can use 11,637 soldiers and sailors as skilled laborers, and 91,904 as unskilled. Under the head of skilled labor the State highway departments were asked to report on the requirements for masons, carpenters, quarry bosses, concrete finishers, road foremen, roller men, and superintendents. Unskilled laborers were not separated into classes.

Number by States.

The States that have thus far given definite figures, with the estimated number of men that may be used are: Alabama, skilled 60, unskilled 1,000; Arizona, skilled 43, unskilled 100; Colorado, unskilled, 1,250; Connecticut, skilled and unskilled 4,000; Delaware, skilled 100, unskilled 1,000; Florida, skilled 685, unskilled, 4,315; Georgia, skilled and unskilled 4,000; Idaho, unskilled 200; Illinois, skilled 2,500, unskilled, 15,000; Kansas, skilled 1,006, unskilled 4,800; Kentucky, skilled 826, unskilled 3,500; Louisiana, skilled 110, unskilled 1,000; Maine, skilled 100, unskilled 1,000; Massachusetts, skilled 150, unskilled 2,000; Michigan, skilled 200, unskilled 2,500; Minnesota, skilled 1,200, unskilled 4,800; Mississippi, skilled and unskilled 2,000; Montana, skilled 104, unskilled 644; Nebraska, skilled 267, unskilled 2,250; Nevada, skilled 35, unskilled 265; New Hampshire, skilled 332, unskilled 1,000; New York, skilled 1,400, unskilled 7,000; Oregon, skilled 270, unskilled 2,430; Rhode Island, skilled 50, unskilled 450; South Carolina, unskilled 1,500; Virginia, skilled 900, unskilled 5,100; Washington, skilled and unskilled 2,000; West Virginia, skilled 700, unskilled 9,300; Wisconsin, skilled 600, unskilled 7,500.

HUNTING WILD FOWL IN PLANES FORBIDDEN BY AERO DIRECTOR

The Director of Military Aeronautics has ruled against the shooting of wild fowl with machine guns from airplanes.

The shooting of wild fowl with machine guns from airplanes is absolutely forbidden. Airplanes will not be used in any manner for hunting or shooting wild fowl. Airplane flights along the coast, or at any place where migratory wild fowl may be found, will be conducted in such a manner as to interfere as little as possible with the habits and feeding of the wild fowl.

Commanding officers will use every means to carry out the regulations and will bring to trial any offenders that may in the future be guilty of breaking any of them.

List of Transports and Army Units Sailing From France for United States

The War Department authorizes publication of the following information:

The transport *Huron* sailed from St. Nazaire January 4 and is due at Newport News January 15 with the following troops: Companies I, F, and K, Medical detachment, 56th Engineers, 3d Provisional Battalion, 21 officers, 717 men; Washington Barracks, 11 officers, 373 men; Camp Lee, 3 officers, 122 men; Camp Humphreys, 4 officers, 129 men; Camp Meade, 3 officers, 93 men.

Casual Company No. 121, Georgia, 2 officers, 149 men. Casual Company No. 122, New York, 2 officers, 150 men. Casual Company No. 123, Kansas, 2 officers, 147 men. Casual Company No. 124, Arkansas, 2 officers, 139 men. Casual Company No. 125, Ohio, 2 officers, 144 men. Casual Company No. 412, Maryland, 3 officers, 147 men; Casual Company No. 413, Maryland, 3 officers, 149 men. Casual Company No. 414, Kansas, 3 officers, 156 men. Field Hospital No. 304 of 301st Sanitary Train, 1 officer, 6 men, Camp Devens. 2d Heavy Mobile Ordnance Repair Shop, 2 officers, 133 men, Camp Meade. Casual officers classified as follows: Infantry, 4; Air Service, 8; Quartermaster, 2; Staff, 2; Medical Department, 2; Ordnance, 1; other casuls, Y. M. C. A., 1. Sick and wounded, classified as follows: Bedridden, 40; tubercular and isolated, 22; others requiring no special attention, 367. Attendants for sick and wounded, 1 officer, 24 men, 2 civilians.

The transport *Belgie* sailed from Brest January 7 and is due at New York January 13 with the following troops: Forty-ninth Infantry, Field and Staff, Medical Detachment, First and Second Battalions, 36 officers, 2,436 men; Camp

Cody, 2 officers, 442 men; Camp Wadsworth, 323 men; Camp Wheeler, 9 officers, 184 men; Camp Pike, 166 men; Fort Stocum, 138 men; Camp Gordon, 124 men; Syracuse, 114 men; Camp Merritt, 3 officers, 100 men; Camp Dix, 1 officer, 92 men; Camp Grant, 18 officers, 80 men; Camp Upton, 66 men; Camp Hancock, 65 men; Camp Lee, 60 men; Camp McArthur, 42 men; Camp Shelby, 34 men; Jefferson Barracks, 30 men; Camp Devens, 28 men; scattered, 3 officers, 349 men; Casual Co. No. 428, New York, 3 officers, 157 men; Casual Co. No. 429, Virginia, 3 officers, 149 men; Casual Co. No. 433, Kansas, 3 officers, 152 men; Casual Co. No. 435, New York, 3 officers, 145 men; Chemical Warfare Service Casual Co. No. 3, Camp Dix, 3 officers, 149 men. Casual officers classified as follows: Air Service, 8; Chemical Warfare Service, 1; Infantry, 2; Field Artillery, 2; Medical Corps, 10; Quartermaster Corps, 5; Signal Corps, 1; other casuls, civilians, 8.

The transport *Atenas* sailed from Bordeaux January 6, and is due at New York January 19, with the following troops: Detachment Headquarters troops, 92d Division, 4 men; Medical Detachment, 1 officer, 3 men; Detachment Casual Company No. 11, Camp Dix, 10 men. Casual officers classified as follows: Major general, United States Army, 1; aid-de-camp, 1; Air Service, 17; Medical Corps, 3; Infantry, 17; Quartermaster Corps, 4; Marine Corps, 2; Engineers, 17; General Staff, 1; Ambulance Corps, 1; Cavalry, 1; Field Artillery, 5; Army Service Corps, 1; Ordnance, 2; Chaplain, 1; Coast Artillery Corps, 2; Chemical Warfare Service, 2; Tank Corps, 1; unknown, 1; other casuls, civilians, 15. Total, 114; and 1 French officer and 2 French soldiers.

SEALED PROPOSALS INVITED

WAR DEPARTMENT.

Sale of government-owned lasts, shoes.—Surplus Property Division, Munitions Building, Nineteenth and B Streets, Washington, D. C., will receive bids on a proportion of lasts, Munson Goodyear welt, which have been used for manufacture of Army shoes. Bids are invited on any quantity of these lasts. The lasts are made by Brockton Last Co.; Crawford, McGregor, Canby; Commonwealth Last Co.; Dayton Last Co.; Empire Last Co.; Goodwin Bros.; Arnold Bros. & Co.; Masterson Bros.; Marlboro Last Co.; New York Last Co.; Reburn Last Co.; St. Louis Last Co.; Sturgis Jones Last Co.; Stuart, F. W. & Co.; Van Pelt, Geo. H.; and Vulcan Last Co. Numbers of pairs of shoes made on each last varies. Lasts can be inspected at various zone supply offices located in the following-named cities: Atlanta, Ga.; Boston, Mass.; Chicago, Ill.; New York, N. Y.; Philadelphia, Pa.; St. Louis, Mo.; and San Francisco, Cal. Bids should be made in duplicate on special forms, in time to reach Washington by 2 p. m., February 5, 1919, at which time and place they will be opened in the presence of such bidders as desire to attend. Specifications and forms for submitting bids may be obtained on application to Surplus Property Division, Reference S. P. D. No. 238 CE.

DEPARTMENT OF COMMERCE.

Sealed proposals, in duplicate, will be received in the office of the Chief Clerk, Department of Commerce, Nineteenth Street and Pennsylvania Avenue N.W., Washington, D. C., until 2 o'clock p. m. January 21, 1919, and

then opened, for 1 hand bag and 150 pouches, duck, for use in the Department of Commerce. Blanks for submitting proposals may be obtained upon application to the Chief Clerk of the Department at the above address.

Sealed proposals will be received at the Bureau of Standards up to 2 o'clock p. m., January 22, 1919, for furnishing and installing approximately 1,000 electric lighting fixtures for the industrial laboratory, kiln building, and courts. Detailed information and proposal form can be obtained by applying to Cement Section, Bureau of Standards, Connecticut Avenue and Pierce Mill Road.

THE PANAMA CANAL.

Proposals for alumina sulphate, medicine cabinets, knobs and handles, locks, oilers, curtain fasteners, street lamps, lanterns, grindstones, paint pots, stock pots, drill rods, clamps, shackles, connection pins, tacks, turnbuckles, cutters, spring keys, coal buckets, horse-hoof pads, pushcarts, rattan brooms, and asbestos gaskets. Sealed proposals will be received at the office of the General Purchasing Officer, The Panama Canal, Washington, D. C., until 10:30 o'clock a. m., January 23, 1919, at which time they will be opened in public for furnishing the above-mentioned articles. Blanks and information relating to this circular (1250) may be obtained from this office or the offices of the Assistant Purchasing Agents, 24 State Street, New York City, and 605 Common Street, New Orleans, La.; also from the United States Engineer Offices in the principal cities throughout the United States, A. L. Flint, General Purchasing Officer.

Official U. S. Bulletin

Published Every Week Day, Except
Legal Holidays, Under Order of the
President of the United States and
by Authority of Congress.

Office: No. 8 Jackson Place,
Washington, D. C. Tel. Main 5600.

Copies of THE OFFICIAL U. S. BULLETIN will be furnished without charge to every post office in the United States (to be posted daily, for the benefit of the public, under order of the Postmaster General); to legislative and executive officers of the United States Government, and to diplomatic representatives of all foreign Governments.—EDWARD S. ROCHESTER, Editor.

THIRD BIWEEKLY CERTIFICATE OFFERING IS OVERSUBSCRIBED

Secretary Glass to-day announced that the third biweekly offering of Treasury certificates of indebtedness, in pursuance of the program for financing the current necessities of the Government set forth in the letter of November 27 to all banks and trust companies, had been oversubscribed. The minimum amount offered was \$750,000,000 and the total subscriptions aggregate \$751,684,500.

The results of Federal reserve districts, arranged in the order of the percentage of subscription of their quotas, are as follows:

	Quota.	Subscription.
New York.....	\$254,000,000	\$300,977,500
Chicago.....	105,000,000	108,647,000
St. Louis.....	30,000,000	30,927,000
Minneapolis.....	26,000,000	26,500,000

Disposition of Airplane Wing and Fuselage Crates

During the past six months the Salvage Branch of the War Department has endeavored to find a method, advantageous to the Government, of returning empty aeroplane wing and fuselage crates to the manufacturers. The long freight haul, the flimsy character of the crates themselves, and the long time they must be held at a field before a carload accumulates, made their return inadvisable except in a few instances. It is believed that the Government will receive more benefit from their use in construction work at the fields than in any other way, and it is recommended that the commanding officers take steps to use them locally, in some way which will not be wasteful and will tend to eliminate the piles of this material which are unsightly and carry a considerable fire menace.

President Wilson's Letter On Healing the Wounded

"THE WHITE HOUSE,
Washington, 29 November, 1918.

"My Dear Dr. Prosser:

"This Nation has no more solemn obligation than healing the hurts of our wounded and restoring our disabled men to civil life and opportunity. The Government recognizes this, and the fulfillment of the obligation is going forward fully and generously. The medical divisions of the War and Navy Departments are rendering all aid that skill and science make possible; the Federal Board for Vocational Education is commanded by law to develop and adapt the remaining capabilities of each man so that he may again take his place in the ranks of our great civilian army. The cooperation and interest of our citizens is essential to this program of duty, justice, and humanity. It is not a charity. It is merely the payment of a draft of honor which the United States of America accepted when it selected these men and took them in their health and strength to fight the battles of the Nation. They have fought the good fight; they have kept the faith; and they have won. Now we keep faith with them, and every citizen is indorser on the general obligation.

"Cordially and sincerely, yours,

"WOODROW WILSON.

"Dr. C. A. Prosser, Director,

"Federal Board for

"Vocational Education,

"Washington, D. C."

U. S. EXPERTS SENT TO STUDY SEED SITUATION IN EUROPE

The United States Department of Agriculture has sent two of its experts to Europe to secure information concerning clover, grass, and vegetable seed stocks and requirements in the various European countries. These men—Dr. A. J. Pieters, of the Bureau of Plant Industry, and W. A. Wheeler, of the Bureau of Markets—sailed for Europe December 30. They expect to visit Great Britain, France, Belgium, Italy, Holland, and Denmark, and the immediately important matters of information that they gather will be cabled to Washington for use by the Department of Agriculture, the War Trade Board, and other governmental agencies in shaping the export policy as to certain kinds of seed. The information will then be disseminated to the seed trade in order that a better general idea may be had of the probable future requirements for field and vegetable seed.

Indications are that the supplies of several kinds of seed in this country must be carefully conserved in order to maintain crop production. At the same time it appears that it may be necessary for the United States to take chances on incurring a shortage of some kinds of seeds in order to meet the pressing needs of the

FUEL ADMINISTRATION CANCELS RULES ON COAL FOR FEDERAL USE

Supervision Over Supplies for Other Government Depart- ments Ends.

The United States Fuel Administration is withdrawing its supervision over the supplying of coal to other Government departments, it was announced to-day. While the War Department is not overstocked with coal, it has about 30 days' supply on hand. It has assumed direct handling of its coal requirements since January 1.

District representatives of the Fuel Administration have been instructed to cancel such instructions as they may have had requiring the shipment of Navy coal, explaining to the coal companies that Navy orders heretofore placed continue in effect except as modified or canceled by the Navy Department. It is only the Fuel Administration orders that are withdrawn, thus leaving the matter entirely in the hands of the Navy Department and the coal shippers, as was the practice prior to the formation of the Fuel Administration.

The Treasury Department and the Department of the Interior will resume the direct handling of their own coal requirements as of January 31.

Export Rules Withdrawn As to Animal Greases

The War Trade Board announces in a new ruling (W. T. B. R. 495) that W. T. B. R. 294, issued October 31, 1918, and W. T. B. R. 351, issued December 5, 1918, with regard to the procedure required in the exportation of inedible animal greases, have been withdrawn.

With the removal of inedible animal greases from the Export Conservation List, all regulations as to the test of such greases have been rescinded.

nations that were associated with this country in the war.

Up to this time there is no definite information available as to the needs of Great Britain, France, Italy, and Belgium for various kinds of seeds. Holland, Denmark, and other neutral countries very likely have considerable surpluses of certain kinds of seed ready for export to the United States, and may at the same time need some kinds of which this country has a surplus. That information, it is expected, will be forthcoming from Dr. Pieters and Mr. Wheeler.

Seed production has been carried forward on a larger scale in the United States during the past few years than ever before. Early in the war it became apparent that seed production was very largely at a standstill in most of the European countries, and that with the great obstacles to ocean transportation the comparatively small quantities that were produced could not be brought across. Seed growers in the United States undertook to extend their production both as to quantity and varieties, and the result has been that many of them who were formerly importers have now become exporters.

WORK OF CONGRESS BRIEFLY TOLD

SENATE.

Considerable time of the Senate yesterday afternoon was occupied with a discussion of the Russian situation and the policy of the American Government in maintaining troops in that country. Chairman Hitchcock, of the Foreign Relations Committee, made a statement to the Senate giving a number of facts that threw light upon the situation. He emphasized the fact that the presence of American troops in Russia was a friendly and not a hostile act. Occupation of any of the territory of Russia by American troops, Mr. Hitchcock said, was a result of cooperation with the Allies. Senators Johnson, of California, and Borah, of Idaho, criticized the policy of the Government in maintaining troops in Russia.

Senator Calder, of New York, criticized the operations of the Shipping Board and the Emergency Fleet Corporation. He charged that these bodies have conducted their operations in an unbusinesslike manner and apparently without regard for expense.

Memorial services for former President Roosevelt will be held in the Capitol on Sunday, February 9. The Senate yesterday passed a resolution providing for these services and the House will concur. Invitations will be issued to the President, the Justices of the Supreme Court, members of the Cabinet, members of the Diplomatic corps, and other officials to participate. In the House yesterday Mr. Gallivan, of Massachusetts, introduced a bill under which the widow of Colonel Roosevelt would be granted a pension of \$5,000 a year.

The point of view of railway officials on legislation needed for the carriers was laid before the Interstate Commerce Committee yesterday by T. De Witt Cuyler, chairman of the Association of Railway Executives. Mr. Cuyler submitted a comprehensive program for private ownership and management with strict Government regulations.

Before committees in both the Senate and House hearings on the bill for Federal regulation of the meat-packing industry were continued. Before the Senate Committee Edward Burke, representing the American Livestock Association, expressed the belief that if the producers could be assured of a square deal in the stock yards the law of supply and demand would meet the situation. Walter L. Fisher, representing the producers, told the committee the large packers practically fixed the price of meat sold to the Army. Before the House Committee representatives of the producers of the American Livestock Association added their voices in support of the recommendations of the Federal Trade Commission for strict Federal control of the packing industry.

The Military Committee yesterday reversed its previous action approving a bill providing for the appointment of a special commission to adjust and settle the informal contracts entered into by the War Department for military supplies. After adopting some minor amendments the committee gave its approval to a measure submitted by the War Industries Board

Export Trade Reports Filed With Commission

The following export trade organizations have filed reports with the Export Trade Division of the Federal Trade Commission under the provisions of the Webb export trade law:

Sydney Ross Co. (Inc.) (1919 report), 145-153 Waverley Place, New York City.

Pan-American Trading Co. (certificate of incorporation and by-laws), 45 Pearl Street, New York, N. Y.

Mexican Importing & Exporting Corporation (1919 report), 29 Broadway, New York, N. Y.

American Paper Exports (Inc.) (1919 report), 30 Broad Street, New York, N. Y.

Oceanic Trading Corporation, 7 West Tenth Street (1919 report and certificate of incorporation), Wilmington, Del.

under which all adjustments would be left in the hands of the War Department.

The Committee on Commerce resumed its inquiry into the Hog Island shipbuilding plant and the management of the Shipping Board. A. M. Taylor, manager of the transportation and housing division of the board, was the principal witness yesterday. Before the judiciary subcommittee hearings were continued on pro-German propaganda, with former chief of the Department of Justice Bureau of Investigations, A. Bruce Bielaski, as the principal witness.

Yesterday afternoon the Senate passed House bill providing for distinguished service naval insignia similar to that authorized for the Army.

HOUSE.

After arguments before it the Committee on Rules by a vote of 5 to 3 refused to report a special rule giving the right of way to the pending bill to appropriate \$100,000,000 for European food relief as requested by President Wilson. The fight against granting the rule was based upon the absence of detailed information concerning how and where the expenditures were to be made. The action of the committee was by a party vote and an effort will be made to overturn it at another meeting. Democratic members of the committee present voted for the rule.

RULES ISSUED ON MAKING SEED-GRAIN LOANS TO FARMERS

Regulations governing the making of seed-grain loans by the Government to farmers in drought-stricken areas for spring wheat planting in 1919 are given in a joint statement issued by the Treasury Department and the Department of Agriculture. The regulations in the main are similar to those that governed loans for fall planting in drought areas.

However, the maximum limit for loans for spring planting will be \$500, while the limit for fall-planting loans was \$300. The money available is that remaining in the President's \$5,000,000 special fund set aside for such loans. A survey of the situation, the Secretary of Agriculture has stated, indicates that the remainder of the fund will take care of the urgent cases.

The Federal land banks of the districts embracing the affected areas are desig-

SUPREME COURT PROCEEDINGS

SUPREME COURT OF THE UNITED STATES.

THURSDAY, JANUARY 9, 1919.

Present: The Chief Justice, Mr. Justice McKenna, Mr. Justice Holmes, Mr. Justice Day, Mr. Justice Van Devanter, Mr. Justice Pitney, Mr. Justice McReynolds, Mr. Justice Brandeis, and Mr. Justice Clarke.

L. F. Adamson, of Salt Lake City, Utah; Durlin S. Benedict, of Washington, D. C.; and G. Gale Gilbert, of Mount Vernon, Ill., were admitted to practice.

No. 314. Great Northern Railway Co. et al., plaintiffs in error, v. Minneapolis Civic & Commerce Association et al. Leave granted to temporarily withdraw original exhibits, on motion of Mr. Charles Donnelly in behalf of counsel.

No. 145. J. S. Mullen et al., plaintiffs in error, v. Malinda Piekens et al.; and

No. 146. L. V. Mullen et al., plaintiffs in error, v. Anderson Gardner et al. Passed, to be restored to the call pursuant to section 9 of rule 26, on motion of Mr. F. W. Clements, in behalf of counsel.

No. 292. Bluefields Steamship Co., Limited, to the use of Elmer E. Wood, ancillary receiver, plaintiff in error, v. United Fruit Co. In error to the United States Circuit Court of Appeals for the Third Circuit. Dismissed, per stipulation.

No. 130. Postal Telegraph-Cable Co., plaintiff in error, v. Tonopah & Tidewater Railroad Co.; and

No. 404. Postal Telegraph-Cable Co., appellant, v. Chicago Great Western Railroad Co. Argument continued by Mr. Jacob E. Dittus for the plaintiff in error and appellant, by Mr. Ralph M. Shaw for the appellee in No. 404, and concluded by Mr. Ode L. Rankin for the plaintiff in error and appellant. No appearance for the defendant in error in No. 130.

No. 217. The Western Union Telegraph Co., appellant, v. The Baltimore & Ohio Railroad Co. Argument commenced by Mr. Rush Taggart for the appellant, continued by Mr. Charles W. Needham for the Interstate Commerce Commission, by special leave, and concluded by Mr. J. DuPratt White for the appellee.

No. 345. Abraham L. Sugarman, plaintiff in error, v. The United States of America. Argued by Mr. John Lord O'Brian for the defendant in error, and submitted by Mr. Seymour Stedman and Mr. T. E. Lattimer for the plaintiff in error.

No. 437. Charles T. Schenck, plaintiff in error, v. The United States of America; and No. 438. Elizabeth Baer, plaintiff in error, v. The United States of America. Argument commenced by Mr. Henry John Nelson for the plaintiffs in error, and continued by Mr. John Lord O'Brian for the defendant in error.

Adjourned until to-morrow at 12 o'clock. The day call for Friday, January 10, will be as follows: Nos. 437 (and 438), 715 (and 739), 598, 62 (and 63), 119, 120, 123 (to 129), 131, 132, and 134.

NAVY DEPARTMENT CONTRACTS.

The Bureau of Yards and Docks, of the Navy Department, has awarded the following contracts:

3480. Annapolis, Md., general storehouse; James L. Marshall, Washington, D. C., \$80,855.

3502. Two cranes for machine-shop extension, Portsmouth. Cleveland Crane & Engineering Co., Wickliffe, Ohio, \$31,325.

3752. Coco Solo, Canal Zone, erection of gas holder; R. E. Sexton, Coco Solo, Canal Zone, \$4,350.

nated as the financial agents of the Government in making and collecting the loans. They may designate local banks or other agencies to represent them in the taking of applications, forms of which will be supplied on request. Banks and other local agencies assisting will be asked to contribute their services for the good of their communities.

NEW AGENT'S CERTIFICATE FOR SALE OF WAR SAVINGS STAMPS

Quarter of a Million Salesmen
Soon to Receive Credentials
from U. S. Treasury.

A new agent's certificate of authorization for 1919 for the sale of United States war-savings stamps and of United States thrift stamps is being prepared by the United States Treasury. The 234,303 agents, who in 1918 were authorized to sell war-savings stamps and thrift stamps, will receive the 1919 agent's certificate as soon as it is completed. The number will be added to as applications are acted upon.

Supplied Through Reserve Banks.

War-savings stamps, known as the Franklin issue, and thrift stamps for 1919 will be supplied to the selling agencies through the governors of the twelve Federal reserve bank districts. The thrift stamps will be of the same design as last year and may be placed in partially filled thrift cards, it was announced by the Treasury Department to-day. When filled with the 25-cent thrift stamps, the cards may be exchanged through the authorized agencies for 1919 war-savings stamps.

New Certificate Folders.

The 1919 War Savings Stamps, however, should not be placed in partly filled 1918 War Savings Certificate cards or books. New certificate folders bearing the signature of the new Secretary of the Treasury, Hon. Carter Glass, will be issued by the various agencies to purchasers in which to place the 1919 War Savings Stamps. The 1918 War Savings Stamps will be redeemed at maturity for \$5 each, whether the folders contain one or up to 20 War Savings Stamps.

The 1919 War Savings Stamps, which bear the likeness of Benjamin Franklin, are blue in color. The 1918 War Savings Stamps, known as the Washington issue, were green.

ADDITIONS AND REMOVALS IN THE ENEMY TRADING LIST

The following changes in the Enemy Trading List will be made as of date January 10, 1919:

Additions.

Greece.—Damalas, Paul, Piraeus; Kalimasiotis, Demetrus, Piraeus; Karo, Georg, Athens; Vazirantzikis, Joseph, Piraeus.

Spain.—Faber, Heinrich (or Enrique), Las Palmas; Frenuthal, L., Barcelona; Ohlson, Olof, Pasages. (Not to be confused with Swedish Vice Consul of the same name at San Sebastian); Prom & Company, Barcelona.

Removals.

Chile.—Polanco, Julio U., Valparaiso, Guatemala.—Wong, Eugenio & Company, Guatemala City.

Mexico.—Segundo, Alonso & Company, Mexico City.

Panama.—Luria & Company, Panama City.

Spain.—Anibera Araua y Cia., Vergara; Barcelo, Hijos de Antonio, Malaga;

NEW LICENSE PROCEDURE ANNOUNCED ON GOODS FOR SHIPMENT TO SWEDEN

(Continued from page 1.)

porter, either directly or through the Swedish Commission in Washington. This number should be specified on Supplemental Information Sheet X-119, which must be duly executed and annexed to the application for an export license.

Limitations on Certificate.

4. Applications for licenses to export to Sweden commodities for which an import association certificate or a Statens Handel's Kommission certificate is required will be considered only in the event that the said certificate has been issued subsequently to June 28, 1918. The correct serial numbers of such certificates will be higher than 10832.

5. Henceforth the details of all the import certificates issued in Sweden will be transmitted by the Swedish Commission in the United States to the War Trade Board, Washington, where same will be used to verify the applications that are presented for consideration. This method will enable the War Trade Board, in most cases, to consider applications without reference to their representative abroad, and should avoid delay and expense.

Address on Inquiries.

6. All inquiries regarding Swedish Import Regulations and Import Certificates should be addressed to: Mr. A. R. Nordvall, Special Commissioner, 1325 Eighteenth Street NW., Washington, D. C., or, The Swedish Commission Trade Office, 60 East Forty-second Street, New York City. All Swedish import questions or difficulties relating thereto should be settled before filing applications with the War Trade Board.

7. In filing applications for licenses to ship commodities which are controlled by a Swedish Import Association, the application must show as the consignee the association that issued the certificate, and the exporters are also required to state on the application the name of the person or firm in whose favor or on whose behalf the import certificate was issued; as, for example—

Consignee: Wool Import Association, Stockholm, Sweden.
Purchaser abroad: (Here state person or firm to whom certificate was issued, and address of such person or firm.)

Consignment of Goods.

8. The Import Certificates for commodities which are not controlled by Swedish Import Associations will be furnished by the Statens Handel's Kommission, and the goods may be consigned directly to the importers.

9. Commodities to be exported to Sweden may now be shipped on any vessel, instead of only on vessels flying the Swedish flag.

Barcelo, Luis and Juan, Malaga; Ventosa, Enrique, Tarragona.

Sweden.—Industri Banken A/B. (Industri Bank), Gothenburg and Stockholm; Svenska Finans Institutet A/B, Gothenburg and Stockholm; Vardeforaltning A/B, Gothenburg (Vardeforvaltning, Stockholm).

10. The War Trade Board desires to call the attention of exporters to the fact that the "Free List" (W. T. B. R. 473) has been enlarged and that additions may be made thereto from time to time. Also that under the present procedure the transacting of business in Sweden should be greatly facilitated.

11. The War Trade Board has been advised that the following import associations in Sweden will accept, on behalf of the Swedish importer actually interested, consignments of the articles mentioned below when the shipment is covered by a certificate of the said association. Other import associations may be formed in the near future, in which case due announcement will be made.

List of Commodities.

(1) Wool Import Association.—Wool and other raw materials for the wool industry.

(2) Cotton Import Association.—Cotton and cotton yarn, excluding sewing cotton.

(3) Jute and Hemp Manufacturers' Import Association.—Jute, hemp, manila, flax, sisal, and other soft and hard fibers, binder twine, coconut yarn, and similar commodities.

(4) Textile Import Association.—Sewing cotton, silk yarn, textiles of silk, wool, cotton, and other materials, and sundry manufactures of hair and feather, manufactures of bone and horn, other manufactures from vegetable materials (excluding tanning materials), and similar commodities.

(5) Corkwood Import Association.—Cork and manufactures thereof.

(6) Leather Trade Import Association.—Hides and leathers, furs, manufactures of hides and leather, tanning material, chrome, alum, chrome sulphate, bichromate of sodium and potassium for tanning purposes, and similar commodities.

(7) Metal Import Association.—Mica, graphite, metals not worked, metal manufactures, lead, tin, tin plate and terae plates, graphite crucibles, aluminum, nickel, and similar commodities.

(8) Raw Phosphate Import Association.—Raw phosphates.

(9) Brush makers' and Horse Hair Spinners' Raw Material Import Association.—Hair and feathers, bast, bamboo, rattan, cane, rice-root, and similar commodities.

(10) Margarine Manufacturers' Raw Material Import Association.—Edible oil and fats for the manufacture of margarine.

(11) Wine and Spirits Import Association.—Wines and spirits.

(12) Tobacco Import Association.—Tobacco.

(13) Chemical industries import associations.—Technical oils, camphor, paraffine wax, other waxes, varnishes, fats and fallows for technical use, asbestos waste, dyes, wood pulp, paper, stone and clay (excluding mica and coal), phosphates, rosin, soda anodes, paints, antimony sulphide, sulphur, and similar commodities.

(14) Rubber Import Association.—Rubber and rubber goods.

(15) Oil Manufacturers' Import Association.—Linseed, rapeseed, beet seed, linseed oil, rapeseed oil.

(16) Swedish Medical Board.—Drugs, medical and surgical supplies.

(17) Swedish Vieftaalling Commission.—Live animals, foodstuffs from animals, bread, cereals, and products of colonial produce (excluding tobacco), fruits, garden plants, salt-peter, seeds (excluding rapeseed, linseed, beet seed), oil cakes, and similar commodities.

(18) Lubricating Oil Import Association.—Lubricants, vaseline, and similar commodities.

(19) Swedish Oil Cake and Seed Import Association.—Oil cakes and grass seed.

(20) Swedish Machine Import Association.—Machines, carriages, apparatus, instruments, implements, and tools, iron and metal manufactures, iron pipes, optical and photographic articles, articles of luxury and goods that can not go under any other import association.

Easy to buy, convenient to handle, no red tape—Get a WAR-SAVINGS STAMP to-day.

RULE AGAINST SALE OF HENS AND LAYING PULLETS REVOKED

In response to numerous inquiries concerning the operation of the rule, which prohibited the sale of laying hens or pullets during the spring of 1918, the Food Administration announces that this rule will not be operative during the egg-laying season of 1919.

This rule was designed to prevent the excessive slaughter of poultry at a time when flocks were being dangerously reduced on account of the high cost of feed and labor, and at a time when the country needed all the eggs that could possibly be produced. In addition, the measure was a protection for the poultry industry which was seriously threatened by the great reduction of breeding stock.

Egg Production Increased.

The situation was particularly hard on the specialized poultry farmers, many of whom, if they were not altogether forced out, cut their flocks in half. These specialized farms, however, produced only about 5 per cent of the eggs of the country. On the general utility farms, which produce 95 per cent of the eggs, and where the cost of poultry feed and labor are comparatively small items, the production was greatly increased, the net result being that the total egg production of the country was increased about 15 per cent over the year before.

Thus the prohibition accomplished all the purposes it was designed to meet, and although there was considerable protest in some quarters upon its first enforcement, the benefits have become so apparent that there have been many requests recently that it be put into effect again next spring.

Continuance Not Necessary.

The situation is so different, however, that the continuance of the rule has been deemed unnecessary. There are more hens in the country than ever before, there is a considerable amount of poultry in storage, and egg prices are such as to lead to the maintenance of the flocks. Feed is lower than it was last spring, and eggs are selling for more, so that the specialized poultry farmers are making a profit.

The announcement is made at this time that the rule will not be in force next year in order to forestall temptation to flood the market by those who might wish to avoid such restrictions.

MAIL OPEN TO SERBIA.

OFFICE OF SECOND ASSISTANT
POSTMASTER GENERAL,
Washington, January 7, 1919.

It is now practicable to dispatch mail to Serbia through Italy, and postmasters, therefore, will give notice that letters and post cards will be accepted when addressed for delivery in Serbia.

It will be observed that there is no parcel-post service between the United States and Serbia and that the mail articles, registered and ordinary, to be accepted are limited to letters and post cards.

OTTO PRAEGER,
Second Asst. Postmaster General.

List of Specific U. S. Army Hospitals And Classes of Cases to Be Treated Announced by the Surgeon General

The War Department authorizes the following statement from the office of the Surgeon General:

Arrangements made by the Surgeon General call for the sending of certain classes of patients to specific hospitals, where special facilities for treatment are provided. The following is a list of the hospitals and the classes of cases which will be treated in each:

Amputations (lower extremities only).—General Hospital No. 3, Colonia (Rahway), N. J.

Amputations (for amputations fingers and toes see General surgery).—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 10, Boston, Mass.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 29, Fort Snelling, Minn.

Arthritis, chronic (nontraumatic).—Letterman General Hospital, San Francisco, Cal.; Walter Reed General Hospital, Takoma Park, D. C.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 9, Lakewood, N. J. (ambulant cases only); General Hospital No. 10, Boston, Mass.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 28, Fort Sheridan, Ill.

Blindness (or near blindness).—General Hospital No. 7, Roland Park, Md.

Deafness (total or near total).—General Hospital No. 11, Cape May, N. J.

Epileptics and mental defectives.—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 1, Williamsbridge, N. Y.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 25, Fort Benjamin Harrison, Ind.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.; base hospital, Fort Sam Houston, Tex.

Insane (officers).—General Hospital No. 1, Williamsbridge, N. Y.

Insane (officers and enlisted men).—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 4, Fort Porter, N. Y.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 13, Dansville, N. Y. (no violent, suicidal, or homicidal cases); General Hospital No. 25, Fort Benjamin Harrison, Ind.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 34, East Norfolk (Pondville), Mass.; base hospital, Fort Sam Houston, Tex.

Maxillo-facial (injuries of face and jaw).—Walter Reed General Hospital, Takoma Park, D. C.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 11, Cape May, N. J.

Medical cases, general (including cardiovascular, diabetes, and gassed cases).—Base hospital, any National Army camp; base hospital, Camp Kearney, Cal.; Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 1, Williamsbridge, N. Y.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 5, Fort Ontario, N. Y.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 9, Lakewood, N. J. (ambulant cases only); General Hospital No. 10, Boston, Mass.; General Hospital No. 12, Biltmore, N. C.; General Hospital No. 14, Fort Ogleshorpe, Ga.; General Hospital No. 15, Corpus Christi, Tex.; General Hospital No. 24, Parkview, Pa.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 27, Fort Douglas, Utah; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.; General Hospital No. 31, Carlisle, Pa.; General Hospital No. 33, Fort Logan H. Roots, Ark.; General Hospital No. 35, West Baden, Ind.; General Hospital No. 37, Madison Barracks, N. Y.; General Hospital No. 38, East View, N. Y.; General Hospital No. 39, Long Beach, Long Island, N. Y.; base hospital, Fort Sam Houston, Tex.; base hospital, any National Guard camp (convalescents only).

Neuroses (functional), drug addicts and inebriates.—General Hospital No. 30, Plattsburg Barracks, N. Y.

Orthopedic cases.—(1) Deformities of extremities due to or associated with contrac-

tures of muscles, ligaments, and tendons; (2) derangements and disabilities of joints, including articular fractures; (3) deformities and disabilities of the feet; (4) cases requiring tendon transplantation.—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 1, Williamsbridge, N. Y.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 3, Colonia (Rahway), N. J.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 9, Lakewood, N. J. (ambulant cases only); General Hospital No. 10, Boston, Mass.; General Hospital No. 27, Fort Des Moines, Iowa; General Hospital No. 38, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.; General Hospital No. 36, Detroit, Mich.; General Hospital No. 39, Long Beach, Long Island, N. Y.

Peripheral nerve injuries and paralyses (including healed or unhealed wounds, with or without fracture).—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 1, Williamsbridge, N. Y.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 3, Colonia (Rahway), N. J.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 11, Cape May, N. J.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.

Speech defects (which are not neurotic).—General Hospital No. 11, Cape May, N. J.

Surgical cases, general.—(1) Unhealed wounds of soft parts in general; (2) all fractures, except articular fractures where the joint lesion is the major condition (this will include unhealed or healed wounds, nonunion, delayed union, or malunion); (3) all osteomyelitis and all bone; (4) thoracic, abdominal, and genito-urinary injuries; (5) injuries and tumors of blood vessels; (6) amputations, fingers and toes.—Base hospital, any National Army camp; base hospital, Camp Kearney, Cal.; Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 1, Williamsbridge, N. Y.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 3, Colonia (Rahway), N. J.; General Hospital No. 5, Fort Ontario, N. Y.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 9, Lakewood, N. J. (ambulant cases only); General Hospital No. 10, Boston, Mass.; General Hospital No. 14, Fort Ogleshorpe, Ga.; General Hospital No. 15, Corpus Christi, Tex.; General Hospital No. 24, Parkview, Pa.; General Hospital No. 26, Fort Des Moines, Iowa; General Hospital No. 27, Fort Douglas, Utah; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.; General Hospital No. 31, Carlisle, Pa.; General Hospital No. 33, Fort Logan H. Roots, Ark.; General Hospital No. 35, West Baden, Ind.; General Hospital No. 37, Madison Barracks, N. Y.; General Hospital No. 38, East View, N. Y.; General Hospital No. 39, Long Beach, Long Island, N. Y.; base hospital, Fort Sam Houston, Tex.; base hospital, any National Guard camp (convalescents only).

Tuberculosis, pulmonary.—General hospital, Fort Bayard, N. Mex.; General Hospital No. 8, Otisville, N. Y.; General Hospital No. 16, New Haven, Conn.; General Hospital No. 17, Markleton, Pa.; General Hospital No. 18, Richland (Waynesville, N. C.); General Hospital No. 19, Oteen (Biltmore, N. C.); General Hospital No. 20, Whipple Barracks, Ariz.; General Hospital No. 21, Denver, Colo.

Wounds or injuries of the skull or brain (including traumatic epilepsy) and injuries or diseases requiring surgical treatment of importance of eye, ear, nose, and throat.—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 11, Cape May, N. J.

Wounds or injuries of the spinal cord and organic disease of nervous system.—Walter Reed General Hospital, Takoma Park, D. C.; Letterman General Hospital, San Francisco, Cal.; General Hospital No. 2, Fort McHenry, Md.; General Hospital No. 3, Colonia (Rahway), N. J.; General Hospital No. 6, Fort McPherson, Ga.; General Hospital No. 11, Cape May, N. J.; General Hospital No. 28, Fort Sheridan, Ill.; General Hospital No. 29, Fort Snelling, Minn.

Patients who will be benefited by waters of Hot Springs, Ark.—Army and Navy General Hospital, Hot Springs, Ark.

Operations of the Navy Bureau of Ordnance Summarized In Annual Report as Submitted by Rear Admiral Earle

In his annual report to the Secretary of the Navy, Rear Admiral Ralph Earle, summarizing the work of the Bureau of Ordnance, says in part:

All information that might be of naval value to our enemies has been omitted, as all such has been incorporated in the bureau's quarterly reports. The bureau's operations in which it feels the most pride as to their magnitude and success are therefore not touched upon herein.

The personnel of the bureau is as follows, data of a year ago being inserted for comparison:

	June 30, 1917.	June 30, 1918.
Commissioned officers of the line of the Navy:		
Active list.....	12	15
Retired list.....	3	11
Commissioned officers of the Coast Guard Service.....	1	2
Commissioned officers of the Reserve of the Navy.....	4	53
Commissioned officers of the British Navy.....	1	1
Clerical force:		
Civil service.....	50	77
Naval reservists.....	41	93
Total.....	122	257

Shortage of Personnel.

Competent and sufficient personnel to handle the affairs of this technical bureau is difficult to obtain. The regular line officers of the Navy that sea duty requires allow too few officers of service experience for work ashore. It is difficult to obtain competent technical men from civil life, both because the inducements are insufficient and those that do enter the service, lacking the training of years afloat and ashore, are untrained in the many lines that ordnance work demands. This shortage of personnel cuts to the bone the time that can be devoted by the bureau's officers to creative work, because of the necessity of devoting sufficient attention to routine work in order to maintain our fleet in being. This condition is a great disadvantage now, as there are such a vast number of developments of the greatest value awaiting the ordnance side of the great naval profession. The shore establishment's efficiency is a true measure of the fleet's readiness for battle, and the officers ashore here and overseas, despite the criticisms directed against them, should feel that they are fulfilling their duty in meeting the exigencies of the service in as full a measure as are those who are serving afloat in this great war.

Clerical force.—Since its last annual report, October 15, 1917, the clerical work of the bureau has been performed very satisfactorily by its 214 employees.

The amount of money handled by the bureau during the past year has been \$585,922,267.70, which represents a vast amount of detail work which has been handled in a very efficient manner by the clerical employees.

The necessary increase in personnel of the inspection force was made slowly,

just keeping pace with the increasing demands, and is as follows:

	Mar. 31, 1917.	July 1, 1917.	July 1, 1918.
Officers.....	25	42	135
Enhsted men.....			500
Civilians.....	69	233	558

Contracts for the Year.

The contracts for the year ending July 1, 1918, amounted to approximately \$479,191,918.94. This is increased by \$81,974,904.50, the amount of the contracts awarded from April 1 to June 30, 1918, which makes an approximate total of \$561,166,823.51. The pay of the civilian personnel employed in the inspection of this material amounted to less than one-eighth of 1 per cent of the total amount of contracts.

Supplying Guns to Ships.

Due to the fact that it has been necessary to arm destroyers, many of which are completed each month, and to arm not only our own merchant vessels but ships belonging to England, France, Italy, Belgium, and Russia, an unforeseen demand for guns from 3 to 5 inches in caliber has existed. This demand is approximately ten times the capacity existing at the beginning of the war. It therefore became necessary for the bureau to erect many new plants and develop the capacity of the few plants conversant with the manufacture of guns and gun forgings. The results obtained have been comparatively satisfactory. All new forging plants have delivered gun forgings and completed guns have been delivered by all but one of the finished gun plants. The difficulties that have been encountered with labor, transportation, and fuel have caused considerable delay in the anticipated dates of delivery.

During the past year the bureau has proved the type 16-inch 50-caliber gun. This test proved successful beyond expectation, and this gun promises to be an exceptionally splendid piece of ordnance.

The bureau has been able to render some assistance to the Army in its operations on the western front by turning over for its use many guns of the following calibers: 14-inch, 12-inch, 10-inch, 8-inch, 7-inch, and 6-inch.

Gun Mounts.

During the past year contracts have been placed for the construction of broadside gun mounts for the Navy at a total cost of approximately \$97,500,000. This number includes 5-inch, 4-inch, and anti-aircraft 3-inch 50-caliber mounts. Private plants have been rapidly developed for the construction of these medium-caliber mounts for arming battleships, destroyers, patrol boats, and merchant vessels. In the course of the next six months the plants so developed will have a very large yearly gun-mount capacity, i. e., approximately five thousand 4-inch mounts, three thousand 3-inch 50-caliber, two thousand 5-inch, and two thousand 3-inch 50-caliber anti-aircraft mounts. Delays in production, which occurred and were an-

ticipated during the first few months of production at private plants, have been largely overcome, as the shop personnel at the various plants have become trained in gun-mount manufacture.

Small Arms and Machine Guns.

An ample supply of Lewis machine guns is being provided for use in the naval service. Light and heavy type Browning guns are being provided for the Marine Corps. The Navy is depending upon the Army for Browning machine guns, rifles, and pistols. Deliveries of machine guns from the Army apparently will be satisfactory. Deliveries of rifles and pistols are being made to meet the needs of the Navy. A line-throwing gun of the shoulder type has been developed and will shortly be issued to the service. An automatic pistol was developed by the Remington Co. and submitted to the bureau for test. The pistol is undoubtedly a very superior weapon.

The turret machinery of ships in commission has been maintained in good repair.

Armor and Projectiles.

The manufacture of armor and projectiles has proceeded in a satisfactory manner. Four new types of projectiles have been developed during the year. Contracts were awarded for projectiles necessary for all needs. The number of contractors on June 30, 1918, was 24. The deliveries of projectiles are progressing in a most satisfactory manner. While the bureau has fewer contracts than on June 30, 1917, the progress now being made is better, as certain manufacturers have become expert in manufacturing certain types of projectiles. The manufacture of armor for all ships up to battleship No. 43, inclusive, has been completed, and the manufacture of armor for battleships Nos. 45 to 48, inclusive, is well ahead of the requirements of the shipbuilders.

Powder and Explosives.

A sufficient supply of powder, high explosives, fuses, primers, cartridge cases, ammunition boxes, and all other ammunition details has been maintained to meet the increasing demands of the Navy. A supply of explosive signal material has been developed and secured. Apparatus and materials for the use of making smoke screens has been obtained and issued to ships. The various Navy rifle ranges are supplied with an adequate amount of small arms required for training purposes. The reserve supply of cartridge cases, fuses, etc., has been somewhat augmented. The reserve supply of powder has been increased only slightly, due to the extraordinary demands during the year.

Nitrate.

In order to relieve the demands upon the imported material, sodium nitrate, which must be obtained from Chile at considerable expense and a considerable loss of shipping to other necessary transportation purposes, the bureau has recommended, and Congress on July 1, 1918, authorized, the expenditure of \$9,150,000 upon the construction of a Navy nitrate

(Continued on page 9.)

EXPORT FREIGHT PILING UP AT PORTS DUE TO BAD WEATHER AND HOLIDAYS

The United States Railroad Administration issues the following:

According to the report of the Exports Control Committee for the week ended January 4, made public by Director General McAdoo, there is an accumulation of export freight on hand at North Atlantic, South Atlantic, and Gulf ports. This is due to the slow acceptances of freight by ships on account of the inefficiency of labor during the holiday season and delays to shipping incident to bad weather. The movement of foodstuffs to be sent overseas and used in relief work continues unabated.

Text of Committee Report.

Following is the report as to the general situation:

The total overseas movement since the signing of the armistice shows a steady increase, with an incidental increase in accumulations of export freight on hand at North Atlantic, South Atlantic, and Gulf ports.

On account of the inefficiency of labor during the holiday season, the subsequent labor difficulties, slow acceptance of freight by ships, delays to shipping incident to bad weather, and the fact that there is now on hand a very large number of cars of export freight, it was decided to temporarily suspend loading of all export freight covered by G. O. C. permits destined to Boston, New York, and Philadelphia (exclusive of grain to Boston) effective as of the 3d instant until further notice.

(Continued from page 8.)

plant. It is estimated that this amount will be sufficient to build a plant with a daily production of 180,000 pounds of 96 per cent nitric acid. The process which has been adopted is known as the General Chemical or de Jahn process.

Arming of Vessels.

The following types of vessels, not of the regular Navy, were armed between July 1, 1917, and July 1, 1918: Troop transports; N. O. T. S. vessels, merchant vessels (armed guards); tenders; special service; mine planters; mine sweepers; yachts for distant service; section patrol boats; submarine chasers; submarine chasers (French), (two 6-pounder guns each); a total of 937 vessels.

The increase in production of torpedoes has been great, and although the production has not yet reached a point to fully meet the needs of the service, no actual shortage exists as yet.

During the period covered by this report a large number of mines, especially designed for use against submarines, have been manufactured. This type of mine has proven superior to any previous type for antisubmarine operations.

In addition, the Bureau of Ordnance has developed many new types of mines especially suited for work in different seas, each type having a particular object.

Depth Charges.

With the growth of antisubmarine operations the use of depth charges has been greatly increased, and the bureau

The total receipts and deliveries (in cars) at North Atlantic ports for week ended December 30 was as follows:

	Received.	Delivered.
Export freight at North Atlantic ports, exclusive of United States Government freight, bulk grain, and coal	7,543	5,418
United States Government freight on railroad-operated terminals	3,107	2,862
Total	10,650	8,280

showing an accumulation of 2,370 cars in addition to those reported last week and the week before.

At North Atlantic Ports.

The arrivals of earload export freight at North Atlantic ports (exclusive of

Port.	Apr.	May.	June.	July.	Aug.	Sept.	Oct.	Nov.	Dec.
Boston	100	98	76	92	64	26	88	86	90
New York	680	814	845	932	741	712	1,029	1,104	1,141
Philadelphia	105	184	127	128	154	147	180	252	166
Baltimore	124	122	140	155	105	109	113	161	151
Newport News	28	106	194	103	76	147	145	111	79
Norfolk	22	24	63	69	92	107	112	104	92
Total	1,655	1,948	1,351	1,430	1,232	1,248	1,647	1,815	1,719

The estimated tonnage of export freight (including United States Government freight, but exclusive of bulk grain and coal) disposed of during the month of December, compared with December export tonnage of previous years, is as follows:

bulk grain and coal) during the month of December totaled 50,896 cars, while deliveries were 45,174 cars, or 5,722 cars in excess of deliveries, resulting in an increase in freight on hand, due to delays to ships on account of severe weather on the Atlantic, necessity for repairs after arrival, and the labor situation, pointed out in the first paragraph of this report.

The total accumulation for all ports, including South Atlantic and Gulf, for week ended December 26 was:

	In cars.	In tons.
North Atlantic	2,502	67,360
South Atlantic	174	5,460
Gulf	520	24,040
Total	3,196	96,860

This emphasizes the necessity for a strict continuance of the permit system.

The average daily delivery of cars of export freight at North Atlantic ports, April to December, 1918, inclusive, was as follows:

With December:	Per cent increase.
1913	185.9
1914	158.3
1915	104.5
1916	48.5
1917	107.5

The estimate is based on the number of cars delivered or disposed of. As quite a number of cars have been placed in storage on account of the commodities being no longer needed overseas, the final figures representing the tonnage actually exported may be somewhat less. This feature does not, however, affect the figures as showing the comparative performance of the export terminals.

AMERICAN SCHOONER AGROUND.

A dispatch to the State Department states that the American fishing schooner *Arkona* is aground off the Quebec coast, and that the Newfoundland Steamship Co. has ordered ships en route to render all possible assistance.

material for the year at the Naval Gun Factory were as follows, 1917 figures being shown in comparison:

	Fiscal year—	
	1917	1918
Naval Gun Factory:		
Labor	\$6,097,831.35	\$15,436,597.69
Material	5,761,343.18	15,531,968.04
Total	11,859,174.53	30,968,566.33
Optical shop annex:		
Labor		399,616.62
Material		497,024.81
Total	11,859,174.53	31,865,277.76

has evolved improved designs and is fully prepared to meet all possible requirements. The supply at one time was nearly exhausted, but is now sufficiently large to meet the demands of the service.

Nets of various types for the protection of harbors and bases have been fabricated and supplied.

Ordnance for Seaplanes.

Prior to September 1, 1917, Lewis aircraft machine guns and small arms were in production and since that time all other necessary aircraft ordnance—guns, mounts, synchronizers, cannon and mounts, ammunition, fuses, gun sights, bomb sights, camera guns and other training devices, together with signals of various kinds—have been developed and produced; 156 tons of material having been shipped abroad and about 125 tons having been supplied to home stations.

While the procuring of sufficient supplies of standard material for the service needs has been the primary function of the bureau, a large amount of experimental development work has been carried on, leading to the perfection of established types of ordnance material and the development of new types to meet the varying conditions imposed by the present war.

During the year the Naval Gun Factory has operated at maximum capacity. Its more important work and improvements may be summarized as follows: More than 260 guns were manufactured, many more were partially manufactured, and others were relined and rebuilt.

The total expenditures for labor and

LIST OF CASUALTIES REPORTED AMONG THE UNITED STATES FORCES OVERSEAS

SECTION 1, JANUARY 10, 1919.

The following casualties are reported by the commanding general of the American Expeditionary Forces:

Killed in action	52
Died of wounds	33
Died from accident and other causes	2
Died in aeroplane accident	1
Died of disease	37
Wounded severely	103
Wounded (degree undetermined)	2
Wounded slightly	5
Missing in action	9
Total	244

Killed in Action.

LIEUTENANTS.

BEAUCLARK, Sidney W. Dr. W. P. Beauclark, 4 North State Street, Concord, N. H.
 CAMPBELL, Duncan. Mrs. Duncan Campbell, 82 Wall Street, New York, N. Y.
 MAHON, John P. Catherine O'Neill, 129 West Ninety-sixth Street, New York, N. Y.
 NOLAN, Francis A. Mrs. Ellen Nolan, 96 Ludlow Street, Saratoga Springs, N. Y.
 SMITH, Robert D., Jr. Mrs. Verna Smith Hill, 296 South Fryor Street, Atlanta, Ga.
 SPENCER, Daniel O. Mrs. C. R. Spencer, Cheraw, S. C.

SERGEANT.

ANDERSON, Ernest. Charles P. Anderson, 207 South Street, Warren, Pa.

CORPORALS.

BEAVER, Herbert. John H. Beaver, Wahoo, Nebr.
 HARKINS, James. Patrick Harkins, 609 Sterling Place, Brooklyn, N. Y.
 SHANK, Robert A. Ebbert Shank, Areanum, Ohio.

MECHANIC.

KACHUK, Mike. Tony Kachuk, 42 Stagg Street, Brooklyn, N. Y.

PRIVATE.

ALLISON, Vance P. Mrs. Sarah T. Allison, 509 Academy Street, Laurens, S. C.
 BOBLITT, Charles R. Mrs. Ed Boblitt, Bardstown, Ky.

PROGRESS IN PREPARATION FOR AIR MAIL SERVICE BETWEEN NEW YORK AND CHICAGO

The Post Office Department authorizes the following:

Important progress in preparation for the New York-Chicago air-mail service was announced Saturday by the Post Office Department. While Otto Praeger, Second Assistant Postmaster General, in charge of aerial projects, was unable to announce the exact date on which the Atlantic Seaboard-Great Lakes route will be in operation, he declared that thorough plans for the utilization of war material as far as possible and the modification of unsatisfactory equipment should be completed within a few weeks and that flights would be made on schedule.

"Very few persons realize what an undertaking this is," said Mr. Praeger. "Never has a trip by air been undertaken whereby a ship leaves for an 800-mile voyage, one each way a day, flying over mountains with very few landing places—an undertaking which six months ago would have been regarded absolutely impossible. When you consider that this is being done with a single-motored plane the task is stupendous. This has never been attempted, either in America nor in any other country of the world, and great credit is due to the organization undertaking it.

Military Planes Not Suitable.

"Through the absence of the fullest degree of cooperation the New York-Chicago air mail service was deprived of essential support. Our experiments demonstrated that military construction, especially the type available last December, was neither safe nor economical for mail purposes and the Post Office Department, with a full appreciation of the desirability of utilizing all material left over from the war, is endeavoring to work out a system whereby there can be developed a ship capable of carrying at least 250 pounds of mail and yet afford the pilot the maximum degree of safety.

"A military plane is designed for military purposes, not mail or commerce. Its weight distribution is faulty, when it

comes to carrying letters, and the hope in the future is to have in the New York-Chicago service a machine provided with a distinct compartment. This will do away with the makeshift of using the gunner's cockpit. The reason we have had success in the service between New York and Washington is that training planes and not fighting ships have been available.

Want Low-Compression Motors.

"When the New York-Chicago service is resumed we expect to have low-compression Liberty engines, rather than the high-compression, military type. This is a point now being worked out. The high-compression motor is designed for altitude work; in carrying the mails we fly at a comparatively low height and so require a motor that functions efficiently at the proper level.

"The Post Office Department feels that it will be possible to use much of the military equipment, though the fuselage and landing gear of available army planes must be strengthened or altered to meet commercial conditions. This work is under way. With regard to motive power, which caused some trouble at the start of the New York-Chicago service, the Post Office Department has on its staff the most competent Liberty motor mechanics and, in addition, has the help of expert mechanics and riggers placed at our disposal by the airplane industry.

Five Landing Fields.

"Further preparations also are being made along the New York-Chicago route. The department has established five landing fields and emergency stops for the 800-odd miles. Leaving Belmont Field, N. Y., the air-mail pilot will have an emergency haven at Lehighton, Pa., 105 miles distant. One hundred and fifteen miles farther he will have a regular stop at Bellefonte, Pa. Across the crest of the mountains, a stage of 87 miles, he will have a safety field at Clarion, Pa. From

Partial Mail Service to Certain Parts of Italy

OFFICE OF SECOND ASSISTANT
POSTMASTER GENERAL,
Washington, January 6, 1919.

Referring to the notice of this office of June 20, 1918, published on page 12 of the August, 1918, Postal Guide, and to the notice headed "Mail and parcel-post packages for certain parts of Italy," published in the Postal Bulletin of December 24, 1918, and in the January, 1919, Postal Guide, postmasters will take notice that the Italian administration has announced that articles of the regular mails may be accepted for delivery in the territory formerly occupied by enemy forces and that parcel-post packages will be accepted only for the cities of Padova (Padua), Treviso, Venezia (Venice), and Vincenza, in the reoccupied territory.

The Rome office gives notice that, owing to the existing conditions in the Provinces of Belluno and Udine, parcel-post packages can not be received in Italy for delivery at places in the Provinces named.

OTTO PRAEGER,
Second Asst. Postmaster General.

CLASS II FLYING STOPPED.

No more instruction known as "Class II Flying" will be given at Army air stations. All such instruction now being given will be discontinued by direction of Maj. Gen. Kenly, Director of Military Aeronautics.

this point he will have a clear flight of 128 miles into Cleveland. His next stage and landing field will be 157 miles to Bryan, Ohio, and, 166 miles farther on, the Chicago terminal. Each of these fields, regular and emergency, will have an extra ship, a hangar, an extra flyer, and a mechanic and a watchman, in addition to fuel and other facilities. The staff of pilots engaged for the New York-Chicago route numbers 12, all of whom have flown more than 1,000 hours. Five of these have seen battle service and a number are aces."
