U. S. ACCEPTS JAPANESE PLAN TO SUPERVISE AND RESTORE RAILWAY TRAFFIC IN SIBERIA

WILL ASSIST RUSSIAN POPULATION

*Acting Secretary of State Issues
Statement Explaining Scope of
Proposals—American Chairman
of Inter-Allied Committee.*

The Acting Secretary of State, Frank L. Polk, issued the following statement to-day:

The United States has now accepted formally the proposal of the Japanese Government for a plan to secure the restoration of railway traffic in Siberia. The agreement is the result of discussion begun last August, before the signing of the armistice. It has been accepted because it offers an effective means to assist the Russian population of Siberia, which has been suffering for many months from a gradual collapse of railway transportation. Not only have the people lacked many necessities of daily life, such as shoes, clothing, and agricultural machinery, but they have been wholly unable to return to their normal occupations of marketing their own considerable stores of dairy products and grain.

Mr. Stevens's Mission.

In May, 1917, Mr. John F. Stevens was sent to Russia, and a few months later was followed by the Russian Railway Service Corps, composed of American railway engineers, who were to assist the Russian railway administration, and thus contribute in carrying out the expressed purpose of the United States to aid Russia in tangible form. The arteries of life in Russia, as elsewhere, are the railways. The problems, especially in Siberia, are similar to those in America, where the long haul is almost the rule and certainly not the exception.

Plan of Operation.

Under the plan of operation which is now to be effected, the Siberian Railway System, which includes the Chinese Eastern Railway, is to be supervised by an interallied committee, the chairman of which is to be a Russian. In addition to Russia, Japan, and the United States, the following countries have been asked to be represented on the committee: Great Britain, France, Italy, and China. The technical and economic management of the railways will be in the hands of a technical board under the presidency of Mr. Stevens. A military board will coordinate matters affecting military transportation, arising from the presence in Siberia of military forces of the United States, the allies, and Russia.

BRITISH LICENSE FOR GOODS TO OCCUPIED GERMAN TERRITORY

A dispatch to the State Department from the consul general at London states that the board of trade now issues general license authorizing British firms to supply goods to territories on the left bank of the Rhine in occupation of the associated armies.

Samples of all descriptions of export prohibited goods may now be forwarded without license to any nonenemy destination provided intended for solicitation of orders. Licenses granted for export of 300 tons cocoa powder per month, whole quantity being allotted to manufacturers on basis of their 1913 exports. General license granted by the board of trade for dealings in Czecho-Slovakia, but importers must obtain licenses from the department of import before importing from that country foods covered by prohibition of import proclamations. However, transactions with firms in Czecho-Slovakia as intermediaries for firms in Germany, Hungary, and German Austria are prohibited.

GEORGIAN REPUBLIC FORMED.

State Department Advised of Events Transpiring at Tiflis.

Advices to the State Department from Bucharest, Roumania, state that a diplomatic mission of the Georgian Republic arrived there from Tiflis leaving a "memoir" of the republic with the American Minister to forward to the United States Government. The "memoir" states that the people were abandoned by the Germans and proclaimed their independence on the 26th of May, 1918, opposition to bolshevism; that they already have an organized regular army and national guard, have granted universal suffrage to the people, and are asking recognition of the allied powers.

Mail From U. S. Reaching Advance Headquarters of A. E. F. Satisfactorily

A cable communication from the Commander in Chief, American Expeditionary Forces, says:

"The following is an extract from a report of the assistant chief of Staff, advance General Headquarters, dated February 8:

"Mail from the United States is arriving satisfactorily. A letter departed from San Francisco, Cal., on January 20, reached Treves (Germany) on February 4. This is regarded as a record mail service."

COMMISSION TO LIQUIDATE WAR DEPARTMENT CLAIMS IN FAVOR OF AND AGAINST GREAT BRITAIN AND FRANCE

HEADQUARTERS IN PARIS

Plan of Adjusting Obligations and Disposing of Property of American Expeditionary Forces Proposed by Gen. Pershing. Personnel of Commission.

The War Department authorizes the following statement:

With the approval of the President, the Secretary of War has appointed "The United States Liquidation Commission—War Department," to adjust and settle claims of the War Department in favor of and against the French and British Governments, growing out of arrangements abroad and in this country for the furnishing of supplies, munitions, etc., to dispose of movable and immovable properties in France and England used by our forces, and generally to liquidate the business and financial affairs in France and England of the American Expeditionary Forces.

Headquarters in Paris.

The commission will maintain its headquarters in Paris, and will work closely with the Services of Supply of the American Expeditionary Forces, which will function substantially as heretofore. Claims against the French and British Governments growing out of arrangements and contracts made in the United States with the War Department will be developed, as far as practicable disposed of, and then referred to the commission for final adjustment and disposition by Mr. Chester W. Cuthell, who was recently designated by the Secretary of War as special representative of the War Department and assigned to these duties.

Members of Commission.

The commission will consist of Hon. Edwin B. Parker, of Houston, Tex., chairman; Hon. Henry F. Hollis, of New Hampshire; Homer H. Johnson, Esq., of Cleveland, Ohio, and Brig. Gen. Chas. G. Dawes, of Chicago, who is now serving with the American Expeditionary Forces abroad. A fifth member may be appointed at a later date. Senator Hollis and Mr. Johnson will sail for Europe in a few

days, and will be followed within a fortnight by Judge Parker.

The plan of adjusting the obligations and disposing of the property of the American Expeditionary Forces abroad was proposed by Gen. Pershing, and has been worked out in detail by the Secretary of War in conference with Mr. Edward R. Stettinius, who since last July acted as Special Representative in Europe, Mr. Stettinius having completed the specific tasks assigned to him, has resigned and terminated his official connection with the War Department; he will, however, return to France with Judge Parker and assist in the organization of the commission before resuming his former business connections.

LIST OF ARMY ORGANIZATIONS ASSIGNED FOR EARLY CONVOY

The War Department authorizes publication of the following:

The following organizations have been assigned to early convoy:

One hundred and thirty-ninth Field Battalion, Signal Corps; Ninth, 11th, and 43d Balloon Companies; Base Hospital No. 13; 353d Aero Squadron; 42d Balloon Company; Quartermaster Casual Company No. 5; base hospitals as follows: Nos. 35, 48, 25, 30, 20, 3, 6, including units naught (sic), 17, 45, and 36; Evacuation Hospital No. 34; 227th Aero Squadron; Mobile Hospital No. 1.

The War Department publishes the following cabled correction:

The "139th Field Battalion, Signal Corps," announced as having been assigned to early convoy, should read "309th Field Battalion, Signal Corps."

Insignia Worn on Sleeve By Flying Instructors

The Division of Military Aeronautics authorizes the following:

Flying instructors will wear the small gold wings on the right sleeve, bottom of insignia 1 inch above sleeve braid, or between wound stripes and sleeve braid where the former are worn.

Only those persons who have been designated as instructors by field commanders and have been announced in orders as being on duty as flying instructors, or who may be so designated in future, will wear this insignia.

MAIL SERVICE TO ROUMANIA.

OFFICE OF SECOND ASS'T P. M. GEN.,
Washington, February 6, 1919.

Articles of the regular mail conforming to the Postal Union classification—that is, letters, post cards, printed matter, samples of merchandise, and commercial papers, may be accepted at the Postal Union rates of postage and conditions, for dispatch to Roumania.

There is no provision for a parcel-post service to Roumania and the articles prohibited transmission in the regular mails are indicated in section 138 on page 117 of the annual Postal Guide for 1917.

DIVISIONAL INSIGNIA WORN BY CASUALS RETURNING HOME

The Division of Military Aeronautics issues the following:

By order of the Secretary of War, officers and enlisted men returning from France as casuals for the purpose of discharge, will be permitted to wear insignia indicating the tactical division, Army corps, or Army with which they served overseas. This applies not only to those who are to be immediately discharged, but also to those retained in hospitals pending discharge.

Officers and enlisted men returning as casuals, not for discharge but for active duty in this country, will be required to remove such insignia.

Units returning from overseas for the purpose of demobilization will be permitted to wear divisional, Army corps, or Army insignia until demobilized. Units returned for station in this country which are not to be demobilized will be required to remove such insignia.

NEW BRITISH REGULATIONS CONCERNING SHIP CHARTERS

Schedule of Rates Based on Tonnage Also Announced by Shipping Controller.

Advices to the State Department from the consul general at London state that the notification given that regulation requiring charters of British ships to be approved by the British controller will be rescinded, but sailing ships and steamers under 500 gross tons remain controlled. New order providing schedule of time charter rates and requiring approval of shipping controller to all prime charters fixed at rates in excess of said schedule as follows: Not to exceed 500 tons gross dead-weight, 50 shillings; exceeding 500 and not exceeding 750 tons, 42½ shillings, above per ton gross registered per month, exclusive of cost of war-risk insurance; exceeding 750 tons, gross, and not exceeding 1,500 tons, 31 shillings; exceeding 1,500 and not exceeding 2,500 tons, 28 shillings; exceeding 2,500 tons, 25 shillings per ton dead-weight per month, exclusive of cost of war-risk insurance.

U. S. ACCEPTS JAPAN'S PLAN TO RESTORE SIBERIAN RAILROADS

(Continued from page 1.)

The purpose of the agreement is to assist the Russians in Siberia in regaining their normal conditions of life, and has been reached upon a definite understanding that the railways are to be operated for the interests of the people of Siberia. The United States and Japan have expressly voiced their disinterested purpose not to infringe on any existing rights, either of Russia or where the Chinese Eastern is concerned of China. The associated Governments have been unanimous as to the urgency of the situation.

Broached Before Armistice.

The understanding was broached before the conclusion of the armistice, but the problem of aiding the people in Siberia remains the same and has become even more urgent. Russian railway officials have repeatedly urged the assistance of Mr. Stevens and expressed their cordial and special desire that they should be helped. Their cooperation is relied upon as a vital factor for success in assisting their fellow countrymen.

Employers' Requests for Female Help Decreasing

According to reports received by the United States Employment Service requests from employers for female help have decreased 48 per cent since the signing of the armistice, while registrations by women for employment have decreased only 12 per cent. During the week ending November 2, 1918, 24,596 women registered with the service for jobs and applications for female help amounted to 56,059. During the week ending January 18, 1919, 21,662 women applied for jobs while the applications for women workers decreased to 28,742.

OFFICIAL COMMUNIQUE ON PEACE CONFERENCE

The following official communiques were issued at Paris on February 10:

The seventh meeting of the commission on the league of nations was held this morning at 10.30 at the Hotel Crillon.

At this meeting the commission finished their first reading of the draft under discussion. In addition, the drafting committee, to whom the commission had intrusted the revision of certain articles of the draft, made its report.

The meeting adjourned at 1.15 p. m., to resume its work at 10.30 to-morrow morning.

Though certain of the earlier articles may be subjected to reexamination at to-morrow's session, it is confidently expected that the commission will be able to proceed with the second reading of the draft.

Ports, Waterways, and Railways.

The commission on the international regime of ports, waterways, and railways held its second meeting at the Ministry of Public Works on Monday, February 10, at 3 o'clock, under the chairmanship of M. Crespi.

Two proposals were presented to the commission. The first, presented by the British delegation, relates to the freedom of interior transit, and the second, presented by the French delegation, relates to a study of the questions involved in the international regime of ports, waterways, and railways, as well as the rivers and railroads to which this regime should be applied. After an exchange of views among the members of the commission, it was decided to appoint two small committees, one consisting of nine members, of which five should represent the great powers and four the minor powers, to study questions relative to the application of the international regime of ports, waterways, and railways; the

second consisting of ten members, five from the great powers and five from the minor powers, to study the relation of general questions. The second of these committees will hold its first meeting on Thursday, February 13, at 3 o'clock.

Committee on Reparation.

The commission on reparation met this morning, February 10, 1919, at the ministry of finance, with M. Klotz in the chair. After naming the members of the different subcommittees, the commission began the discussion of the principles upon which rest the right to reparation, and the examination of the memoranda submitted by the different delegations.

The right honorable W. M. Hughes set forth the constitution upon which the British memorandum is based.

Supreme War Council.

A meeting of the supreme war council was held this afternoon from 3 to 5.30 o'clock, at the Quai d'Orsay.

The conditions of renewal of the armistice were first discussed. M. Klotz, minister of finance, then described a work published in 1916 by the German great general staff, proving the premeditated and systematic character of the destruction of French industry.

He gave a detailed analysis of this work, which it was decided to refer to the economic committee.

The next meeting will take place to-morrow at 3 o'clock. The Belgian delegates will first be heard.

SOVIETS CAPTURE SUPPLIES.

Advices to the State Department from Russia state that large stores of goods, food, coal, ammunition, and uniforms along the Dvina River have fallen into the hands of the Soviet troops.

SECRETARY GLASS OPPOSED TO ENFORCEMENT OF "DRY" ACT BY INTERNAL REVENUE BUREAU

The Secretary of the Treasury authorizes the following:

WASHINGTON, February 10, 1919.

HON. C. C. CARLIN,
*Chairman Subcommittee No. 1,
Committee on the Judiciary,
House of Representatives.*

DEAR MR. CARLIN: Referring to my letter of February 8, I have to say that the Commissioner of Internal Revenue advises me that he has no further facts to submit to your committee in connection with H. R. bill 13581, and it will, therefore, not be necessary for him to avail himself of the opportunity which you have courteously extended to him for a hearing on the bill to-morrow morning.

Bureau Now Heavily Burdened.

While you have not explicitly asked my opinion as to the advisability of lodging prohibition enforcement in this department, I wish to take advantage of this opportunity to express, as strongly as I may, the hope that the committee will not place this responsibility upon the bureau of internal revenue.

This bureau is now, as you know, burdened to the uttermost with the administration of a very comprehensive and technical tax law, which will engage its every facility to administer adequately and equitably.

The enforcement of war prohibition has no relation whatever to the collection of the revenue, and a law which is exclusively of a police character would certainly complicate, if it would not endanger, the effective administration of the tax laws.

I think I should draw this viewpoint to the particular attention of the committee, in order that it may be fully advised as to just what the addition of this responsibility to the Bureau of Internal Revenue means.

Law Enabling Enforcement.

In this connection I should like to reiterate what I said in my letter of the 8th of February, to the effect that the

ANTHRACITE COMMITTEE DUTIES TRANSFERRED TO WASHINGTON

The United States Fuel Administration issues the following:

To All Producers and Distributors of Anthracite Coal:

Effective February 1, the duties heretofore discharged by the anthracite committee with headquarters at 437 Chestnut Street, Philadelphia, will be transferred to the United States Fuel Administration, Washington.

With the moderate weather which has prevailed, the stocks of anthracite coal now generally held by consumers and dealers are such that the necessity for the maintenance of the two organizations, one in Philadelphia and one in Washington, has ceased. The discontinuance will avoid, on the part of the producers and distributors, the necessity of making, in many cases, two sets of reports and of conducting correspondence with the two separate offices.

Please, therefore, after January 31, address all correspondence and reports now handled with the anthracite committee, to the United States Fuel Administration, Washington, D. C. Detail advice will be given to you in a supplemental circular as to the reports now being made which can be discontinued.

H. A. GARFIELD,
United States Fuel Administrator,

Asst. United States Fuel Administrator.

CHICAGO HOSPITAL PROJECT.

Delegation of Women Confers with Secretary Baker About Matter.

Press statement by the Secretary of War February 11, 1919:

"A committee of women from the Women's Club of Chicago called on me to-day with regard to the Speedway Hospital project in Chicago. They said they had no interest in the Speedway Hospital, but that it seemed to be the best available, and they recommended that we reconsider the matter of the hospital and have the buildings at Fort Sheridan used for storage. I will see that the matter is taken up.

"The committee was very considerate in discussing the matter."

suggestions which already have been submitted by this department with regard to H. R. Bill 13581 were necessarily hastily drawn, because of the limited time which the committee afforded for their consideration.

If the committee, regardless of the facts stated above, should decide to place the enforcement of this law in the Internal Revenue Bureau, the department would be interested in seeing a law passed that would be effective in carrying out the intention of the Congress. Furthermore, if war prohibition is to be made effective as of July 1, 1919, it is very important that the bill for its enforcement should be enacted into law at the earliest possible date.

Sincerely yours,

CARTER GLASS,
Secretary.

ENGINES AND CARS SHIPPED TO RAILROADS DURING 1918

According to figures made public by Walker D. Hines, Director General of Railroads, there were 2,622 locomotives shipped to railroads under Federal control for the year ended December 31, 1918. Of this number, 744 were constructed under orders of the Railroad Administration, while 1,410 were contracted for prior to the Government's operation of the transportation facilities.

Undelivered to Russia.

In the total were 200 Russian decapods, constructed for the Russian Government, but these were never delivered, owing to the situation which arose in that country, necessitating a change in plans. Of the total number of locomotives delivered during the calendar year 1918, 540 were assigned to the Allegheny region, 375 to the central western region, 902 to the eastern region, 236 to the northwestern region, 105 to the Pocahontas region, 361 to the southern region, and 103 to the southwestern region.

Passenger and Freight Cars.

For the calendar year of 1918 there were 700 passenger cars delivered to class 1 railroads, while for the same period there were 40,850 freight cars delivered. Of the freight cars built during the year, 15,250 were classified as standard Railroad Administration cars. Of the total number of freight cars delivered, 8,663 were built in railroad shops.

AIR SERVICE SICK AND WOUNDED ASSIGNED TO CERTAIN HOSPITALS

The Division of Military Aeronautics issues the following:

Sick and wounded men of the air service flying personnel, on arrival at ports of debarkation, will be sent to United States Army General Hospital No. 2, at Fort McHenry, Baltimore, Md.; or if already convalescent, to the Air Service Depot, Garden City, Long Island, according to instructions issued by Surg. Gen. M. W. Ireland to all port of debarkation surgeons and debarkation hospitals, February 3.

Flying personnel patients, arriving at general hospitals, when already convalescent, will be sent direct either to the Military Convalescent Hospital, Coopers-town, N. Y., or to the Air Service Depot at Garden City. Transfer history will be sent with the patient in all cases for presentation to the medical board at the Air Service Depot, Garden City, to determine the patient's fitness for future flying service, either in the Regular Service or in the Reserve.

U. S. TRADE AGENT FOR GREECE.

The Bureau of Foreign and Domestic Commerce has selected Mr. Eliot Grinnell Mears to serve as trade commissioner in Greece, with headquarters at Athens. From this point he will also make a general survey of commercial and industrial conditions in the Levant. He will arrive in Greece approximately April 1.

PROCEEDINGS OF THE CONGRESS BRIEFLY TOLD

SENATE.

The Senate had under consideration yesterday and to-day the conference report on the war revenue bill, the leaders being hopeful that final action would be taken before adjournment to-night. Senator Simmons explained at length the difficulties under which the conferees acted and the compromises that had been agreed upon. Senator Thomas, of Colorado, author of the amendment assessing a tax of 100 per cent on all campaign contributions in excess of \$500, criticized the action of the Senate managers in yielding that amendment but said he would not go to the extreme of seeking to hold up the report on that account, much as he regretted the decision of the conferees.

In an address to the Senate, Chairman Gore, of the Agricultural Committee, gave assurance to the farmers of the country that the Government would keep faith with them in the matter of carrying out its guaranty of \$2.26 a bushel for the 1919 wheat crop. He declared that the principle of price-fixing was wrong, but that having entered upon that policy the faith of the Government was pledged and the pledge would be kept.

A resolution was introduced by Senator King, of Utah, congratulating the Polish republican Government on its admission into the "society of free nations." Senator Sherman, of Illinois, introduced a resolution under which, if adopted, the Government would be required to restore to their private owners immediately all commandeered ships. The Senate adopted the Townsend resolution calling upon the Attorney General for information as to whether secret agents of the Department of Justice have been sent into Michigan in connection with the senatorial elections in Michigan last fall. It also adopted the Poindexter resolution directing the Shipping Board to inform the Senate whether men desiring to work in the Seattle shipyards having Federal contracts are prevented from so doing, and if so, why and by whom.

Senator Lewis, of Illinois, introduced the following resolution, which was referred to the Foreign Relations Committee:

"Whereas American citizens residing in the United States, especially in Illinois, make complaint in writing, charging that the Government in Mexico, under the administration known as Carranza's, has permitted the property of citizens of the United States to be destroyed or confiscated under the guise of a constitutional provision devised and adopted long years after the Americans had legally obtained and fully paid for their property; and

"Whereas the complaining Americans assert that the said Government agents of the Carranza administration have conspired to permit and have allowed the innocent laborers upon the American operations to be driven off or assaulted and, in designated instances, murdered; and

"Whereas it is complained that such conduct continues, all with the purpose of confiscating and appropriating the property of Americans under an alleged constitutional privilege; Now, therefore, be it

"Resolved that the Committee of the Senate on Foreign Relations ascertain through the Department of State and such other sources as it deems advisable the truth of the said charges and, if true, to recommend to the Senate such courses as would be appropriate for the United States Government to take that will make secure in Mexico under the present Government the lives and property of Americans."

Senator Jones, of Washington, again brought up the subject of labor conditions and demanded legislation that would make it mandatory to deport undesirable aliens, many of whom, he said, were members of the I. W. W., which is disorganizing labor conditions in many localities in the West. Replying to him, Senator King, of Utah, a member of the committee that has been investigating German propaganda, stated that he had been advised by officials of the Labor Department that just as soon as tonnage is available "many of these alien anarchists and Bolsheviki" would be deported.

Before the Interstate Commerce Committee A. B. Garretson, president of the Order of Railway Conductors, discussing the railroad problem, asserted that any disposition of this question that would result in the lowering of wages would threaten national disaster. He said such a reduction would arouse a spirit of hostility and discontent that might involve industrial revolution. The committee appointed to investigate lawless propaganda and the activities of such doctrines in the country began its hearings yesterday with Dr. William C. Huntington, former commercial attache at Petrograd, as the first witness. Dr. Huntington described conditions in Russia as he knew them at first hand and explained the principles and aims of the bolsheviki. Before the Agricultural Committee investigating the packing industry, President Thomas E. Wilson, of Wilson & Co., declared that as between Government ownership of stockyards and refrigerator cars, and the proposed licensing system, he preferred the former. Mr. Morris, of Morris & Co., also submitted a statement similar to that submitted to the House committee, and Henry Veeder, counsel for Swift & Co., practically concluded the presentation of the side of Swift & Co.

The Banking and Currency Committee reversed its previous action and ordered the hearings on the nomination of John Skelton Williams to be Comptroller of the Currency to be held behind closed doors.

HOUSE.

After a spirited debate in which the Republicans showed determined opposition, the House late yesterday afternoon passed the naval appropriation bill, with its new three-year building program, by a vote of 281 to 50. The Committee on Rules reported a special rule to make in order the three-year building plan that went out the Monday on a point of order, and the new construction was finally kept in the measure by a vote of 194 to 142. As passed, the bill carries a total of \$721,000,000 for the Navy for the next fiscal year.

Chairman Sherley, of the Appropriations Committee, announced that he intended to submit a budget plan to the House as a rider on some appropriation bill and that he had received a cable message from the President giving such a plan his support. Delegate J. Kuhio Kalaniana'ole, from Hawaii, introduced a bill granting statehood to Hawaii. Mr. Edmonds, of Pennsylvania, introduced a bill providing for the establishment of a freight and passenger steamship line be-

ADVANCED FLYING RATINGS ARE RECOMMENDED FOR 20 OFFICERS

The War Department authorizes the following from the office of the Director of Military Aeronautics:

Advanced flying ratings, carrying extra pay, have been recommended for 20 American Army flying officers who have distinguished themselves in action overseas. Among the officers of the Air Service so recognized are: Lieut. Col. William Thaw, Maj. David McK. Peterson, Capt. Edward V. Rickenbacker, Capt. Reed G. Landis, Capt. Douglas Campbell, Capt. Edward G. Tobin, and Lieut. J. O. Donaldson, all credited with having shot down five or more enemy planes. Two officers, Lieuts. Warner and Porter, are not pilots, but observer and bomber, respectively, which indicates a new departure in rewarding flying officers by rating them as junior military aviators.

The list of American flying officers recommended for advanced rating for distinguished service in action overseas follows:

Lieut. Col. William Thaw, M. A., February 15, 1918, Pittsburgh, Pa.

Maj. David McK. Peterson, M. A., May 15, 1918, Honesdale, Pa.

Capt. Edward V. Rickenbacker, J. M. A., May 17, 1918; M. A., Columbus, Ohio, May 28, 1918.

Capt. Reed G. Landis, M. A., August 8, 1918, Chicago, Ill.

Capt. Douglas Campbell, M. A., May 28, 1918, Mount Hamilton, Cal.

Capt. Edgar G. Tobin, J. M. A., July 16, 1918, San Antonio, Tex.

First Lieut. Louis G. Bernheimer, J. M. A., August 11, 1918, New York, N. Y.

First Lieut. William P. Erwin, J. M. A., July 15; M. A., September 12, 1918, Chicago, Ill.

First Lieut. Robert F. Raymond, J. M. A., June 24, 1918, Newton Center, Mass.

First Lieut. Donald B. Warner (bomber) J. M. A., September 4, 1918, Swampscott, Mass.

First Lieut. James A. Keating, J. M. A., July 17; M. A., August 8, 1918, Chicago, Ill.

Second Lieut. Earl W. Porter (observer) J. M. A., August 9, 1918, Chicago, Ill.

Second Lieut. John O. Donaldson, M. A., August 10, 1918, Washington, D. C.

First Lieut. Charles W. Drew, J. M. A., August 15, 1918, Philadelphia, Pa.

Officers Deceased.

First Lieut. Fred W. Norton, J. M. A., July 2, 1918, Columbus, Ohio.

First Lieut. Edward Orr, J. M. A., August 28, 1918, Chicago, Ill.

First Lieut. Merton L. Campbell, M. A., August 13, 1918, Wakeman, Ohio.

First Lieut. Lloyd A. Hamilton, M. A., August 13, 1918, Burlington, Vt.

Second Lieut. Frank B. Bellows, J. M. A., September 13, 1918, Wilmette, Ill.

Second Lieut. Roger Hitchcock, J. M. A., August 11, 1918, Los Angeles, Cal.

REAR ADMIRAL JOHN HOOD DEAD; IN NAVY SERVICE SINCE 1874

The Navy Department has been advised of the death of Rear Admiral John Hood, United States Navy (retired), which occurred at the Naval Hospital at Annapolis, Md., February 11, 1919, as the result of chronic nephritis complicated by arteriosclerosis.

The records of the Department show that the late Rear Admiral Hood was born in Florence, Ala., December 3, 1859, and first entered the naval service under date of June 12, 1874, as a cadet midshipman from the sixth congressional district of Alabama (Hon. J. H. Sloss); was reappointed a cadet midshipman from the same congressional district by the same Senator; graduated June 10, 1879; served on the *Stunandoah* and *Wachusett* from 1879 to 1881; promoted to midshipman June 10, 1881; served on the *New Hampshire* and the *Brooklyn* from 1881 to 1883; promoted to ensign (junior grade) May 3, 1883; promoted to ensign June 26, 1884; served on the *Vandalia*, on the *Mohican*, at the Naval Academy, on the *Constellation* and at the Naval Academy from 1884 until 1892; promoted to lieutenant (junior grade) December 5, 1890; served on the *Jamestown*, on the *Constellation*, on the receiving ship *Vermont*; on the *Bancroft*; on the *Kearsarge*, and on the *Atlanta* until April 28, 1895, when promoted to lieutenant; commanded the U. S. S. *Hawk* from April 5, 1898, until September 19, 1898, when he was ordered to the *Topcka*; detached from the *Topcka* February 28, 1899, and ordered to the *Nero*, reported March 10, 1899; ordered to the Hydrographic Office, April 16, 1900; to the *Massachusetts* on July 21, 1900; to the Naval Academy September 25, 1900; to the *Indiana* May 7, 1901; to the Naval Academy September 14, 1901; promoted to lieutenant commander September 22, 1901; commanded the U. S. S. *Elcano* from April 25, 1903, until April 20, 1905; served as inspector in charge of the seventh lighthouse district, Key West, Fla., from August 10, 1905, until December 17, 1907; promoted to commander July 1, 1906; commanded U. S. S. *Tacoma* from September 23, 1907, until May 14, 1909, and ordered to command the *Scraper*; detached June 14, 1910, and ordered to examination; promoted to captain July 1, 1910; ordered to duty with General Board, Washington, D. C., October 3, 1910; to command the *Rhode Island* October 25, 1910; to command the *Delaware* November 20, 1911; to member of General Board, Washington, D. Dissolution of The Exports Control Committee on March 1 Suggested by Chairman Ogden; Mr. Hines Concurs

The following correspondence has been made public:

EXPORTS CONTROL COMMITTEE,
Washington, January 25, 1919.

Hon. NEWTON D. BAKER, *Secretary of War.*

Hon. JOSEPHUS DANIELS, *Secretary of Navy.*

Hon. WALKER D. HINES, *Director General of Railroads.*

GENTLEMEN: Under the authority of June 11, 1918, announcing creation of the Exports Control Committee, effective on that date, the duties were outlined as follows:

1. It shall be the duty of this committee to inform itself:

(a) As to the probable amount of freight which must be exported for the prosecution of the war.

(b) How this war freight can best be routed through the various ports.

(c) How much of other essential export traffic has been handled.

(d) The amount of local traffic necessary for each port.

2. The committee will have authority to select the port to which specified freight shall be transported for transshipment overseas for the use of the War and Navy Departments, the Allied Governments, and others.

3. It shall be the responsibility of the committee to decide the distribution of the combined amount of all exports, as between the various ports, so as to facilitate its handling at and avoid congestion in any one port.

Inclosed herewith is copy of 1918 annual report of the Exports Control Committee, which is respectfully submitted as of possible interest.

Following the signing of the armistice November 11 there was a large amount of export war freight en route to and at the several ports. The disposition of this tonnage has progressed very satisfactorily indeed, either by storage at the ports or diversion to interior points. There remains a heavy food program for overseas, which is well under control by the respective port committees, i. e., freight traffic committee, North Atlantic ports, 141 Broadway, New York, covering the northern range, and southern export committee, Atlanta, Ga., covering the South Atlantic and Gulf. The congestion at Pacific ports is now under control through the committees recently appointed as follows: North Pacific export committee, Portland, Oreg., having jurisdiction over Puget Sound ports, and California export committee, headquarters San Francisco, over California ports.

Your committee respectfully recommend that with the view of preventing port congestion hereafter the committees of control above mentioned be continued, with authority to regulate the flow under the present permit system.

At this time, therefore, it seems proper to suggest that the exports control committee has successfully fulfilled the executive functions for which it was created, and with the continuance of the port committees of control as recom-

mended herein, this committee may be dismissed as early as March 1, or at your pleasure.

Yours, very truly,

GEORGE D. OGDEN, *Chairman.*

DIRECTOR GENERAL OF RAILROADS,
Washington, February 8, 1919.

Mr. GEORGE D. OGDEN,
Chairman Exports Control Committee, Southern Railway Building, Washington, D. C.

DEAR MR. OGDEN: I am indebted to you for the clear and concise report of the activities of and results accomplished by the Exports Control Committee since the date of its organization. The résumé of your work has been read by me with very considerable interest.

With the armistice signed and the reasonably certain return to conditions approximating the normal within a comparatively short time, I can appreciate the desire of your committee, in the press of other duties, to be relieved of the direct supervision of this traffic, and there is, therefore, no objection upon the part of the Railroad Administration to your disbanding March 1.

In so doing it is not only my duty, but a privilege of which I gladly avail myself to express to you, upon behalf of myself and my associates, the very deep appreciation we have of the successful manner in which your committee performed its exacting and manifold duties. Your labors have been one of the outstanding contributions to the successful prosecution of the war, and it is, indeed, a pleasure in thanking yourself and the other members of the committee to give written expression to the thought which has so often been in my mind.

Cordially, yours,

WALKER D. HINES.

CANNED SOUP AS RATION.

Authorized for Men on Field and Garrison Duty in France.

The War Department authorizes the following from the office of the Director of Purchase and Storage:

Soup as an issue article for the field and garrison ration in France has been authorized by Gen. Pershing at the request of the Subsistence Division. This issue will be continued until all surplus stocks of canned soup on hand in the United States and France are exhausted. Twelve million pounds of canned soup were requisitioned for February consumption and 10,000,000 pounds for March. These calls are filled from stocks which were held for emergency use during the time of active warfare. No purchases will be made.

While the Army has sufficient canned soup for its needs, there is a shortage of jam for future requirements of the American Expeditionary Forces. Proposals have, therefore, been requested by the Subsistence Division from all Zone Supply Officers for 4,000,000 pounds of jam for overseas shipment.

Plan for Marketing of Cottonseed And Products Devised at Conference

Meeting of Planters, Refiners, and Dealers Called by Food Administration Unanimously Adopts Recommendations and Suggestions for Control of Trade — Signed by Chairmen of Committees.

At a meeting called by the United States Food Administration on February 10 and 11, and attended by representatives of all cotton-producing States, planters, seed dealers, ginners, crude mills, refiners, lard substitute manufacturers, wholesale distributors, and the Federal food administrators from all the cotton States, the following situation was brought out, together with certain suggestions and recommendations, and a free statement from all the different elements concerned as to what they were willing to do in order to carry through to a successful termination the marketing of all cottonseed and its products at stabilized prices.

The Situation Outlined.

Statistics compiled by the Census Bureau show that on January 1, 1919, the general condition of the cottonseed industry as to the seed in the hands of the farmers and crushers, the amount of seed crushed, the amount of crude oil held by the crushers, the amount of refined oil produced, and the stocks of refined oil in the hands of the refiners was in a normal state as compared with the same date last year. This indicates that there has been a normal flow from the crude products to the refined products, and that if this flow continues the whole cottonseed crop and its products will be marketed in a perfectly normal way, without fluctuation of prices.

In Certain Localities.

It is, however, true that in certain localities, due to local conditions, there has been an accumulation of stocks of seed and oil which has caused apprehension on the part of the industry. Another cause of apprehension has been the uncertainty as to the continuation of the stabilization program agreed to between the industry and the Food Administration. Furthermore, a very large amount of foreign oils has been imported and has been sold below the market price of cottonseed oil, thus affecting somewhat the domestic demand for refined cottonseed oil.

To meet the above conditions the meeting unanimously made the following suggestions and recommendations to the Food Administration:

Suggestions and Recommendations.

(1) That all orders for lard substitutes allocated through the United States Food Administration or received for export by the manufacturers direct, be manufactured solely out of domestic cottonseed

oil and may include a proportion of domestic oleostearin, domestic peanut oil, and no other oils whatsoever.

(2) That the United States Food Administration, together with the State Food Administrators, their successors or agents, continue to function and give due consideration to the carrying to a successful conclusion the stabilized plan governing the cotton seed industry, giving every available publicity to the effect that this is their intent and purpose until the completion of the marketing of the present crop.

(3) That an embargo on the future importation of Oriental vegetable oils be established until the present emergency has passed.

(4) That a rapid opening of all the markets of the world and the removal of all trade restrictions be accomplished as quickly as possible.

(5) That a telegram be sent to Mr. Hoover explaining the situation and asking his continued cooperation, particularly in reference to opening the European markets and removal of restrictions on free export of cotton seed products.

(6) A recommendation made to crushers to use their best effort in purchasing seed from the localities where the heaviest congestion of seed exists.

(7) A recommendation made to refiners to purchase crude oil from crude mills where the heaviest congestion of oil exists.

Stabilization to be Continued.

The meeting unanimously agreed with the Food Administration that the stabilization plan should be continued and more particularly

(1) The producers agreed to use their best efforts in maintaining the stabilized price.

(2) Dealers and ginners agree to purchase at the stabilized price and to abide by the regulations of the Food Administration in the purchase of the seed from the producer and the sale of it to the crushers.

(3) Crude mills agree to purchase the seed from planters, dealers, and ginners at the stabilized prices and to use an extra effort to relieve the situation by buying their seed wherever possible in the congested districts. They further agree to market their products at the stabilized prices, thereby maintaining the spread as originally determined in conference with the Food Administration.

(4) The refiners and lard substitute manufacturers agree to purchase the crude oil from the crushers at the stabilized price, and wherever possible to make these purchases in the congested districts. They further agree to market the refined oil and lard substitute on the same basis as heretofore and according to the regulations of the United States Food Administration, and in the case of export sales of lard substitute they agree to manufacture such products solely out of domestic cottonseed oil. Such products may include a portion of domestic oleostearin, domestic peanut oil, and no other oils whatsoever.

(5) The wholesale distributors agree to distribute the cotton-seed products ac-

ording to the regulations of the Food Administration.

(6) The Food Administration states that it will use all the power at its command in cooperation with the trades in maintaining the plan of price stabilization to which all have agreed, and the Food Administration urges every producer and every member of the trades to fully cooperate in maintaining the joint plan now in effect.

(7) The Food Administration will present to the proper agencies of the Government the particular recommendations that have been made and will continue actively the efforts now being made to open up the wider foreign market for cottonseed products. It will fully maintain such organizations at Washington and in the several States as may be necessary in carrying out the stabilization program.
