U. S. TRADE WITH TURKEY AND BULGARIA IS RESUMED; BLACK SEA PORTS OPENED TO IMPORTS AND EXPORTS

ANNOUNCEMENT MADE BY WAR TRADE BOARD

Decision by Supreme Economic Council at Paris Most Far-Reaching of Any Since Signing of Armistice—Will Help to Relieve Armenia and South Russia—License Applications.

The resumption of trade is hereafter authorized between this country and Bulgaria as well as the Turkish Empire, both in Europe and in Asia Minor, the War Trade Board announces.

Decision to this effect was reached February 15 by the supreme economic council in Paris, upon which the War Trade Board is represented by Vance C. McCormick. This action marks by far the most extensive opening of territory to trade since the signing of the armistice. It is taken in accordance with the desire of the War Trade Board to open increased fields for our commerce, with the purpose of restoring trade to conditions more nearly approaching normal.

Opens the Dardanelles.

This step will throw open the Dardanelles, and consequently Roumania and all the ports of the Black Sea to trade with this country, and it will serve as a measure of relief to Armenia and all South Russia.

In addition to the already announced reopening of trade with Mesopotamia, Syria, and Palestine south of the line from Alexandretta to Aleppo, this announcement by the War Trade Board signifies the resumption of trade with the entire territory embraced within the boundaries of the Turkish Empire as it existed on August 1, 1914.

It was further stated that in those regions which have been under enemy domination, such as Turkey and Bulgaria, arrangements will be made by the associated Governments to insure that the resumption of trade now announced will not lessen the effectiveness of the present blockade of the Central Powers.

Text of Formal Announcement.

The formal announcement follows: The War Trade Board announces, in a new ruling (W. T. B. R. 602), that all

PRESIDENT TO DISCUSS LEAGUE OF NATIONS CONSTITUTION WITH CONGRESSIONAL COMMITTEES

Invites, by Cable, Senate Foreign Relations and the House Foreign Affairs Members to Dine at the White House.

Through Secretary Tumulty, the President has sent the following cablegram to each member of the Foreign Relations Committee of the United States Senate and the Foreign Affairs Committee of the House of Representatives:

"Paris, February 14, 1919.

Last night the committee of the conference charged with the duty of drafting a constitution for a League of Nations concluded its work and this afternoon before leaving for the United States it is to be my privilege and duty to read to a plenary session of the conference the text of the 26 articles agreed upon by the committee.

The committee which drafted these articles was fairly representative of the world. Besides the representatives of the United States, Great Britain, France, Italy, and Japan, representatives of Belgium, Serbia, China, Greece, Roumania, Czech-o-Slovakia, Poland, Brazil, Portugal, actively participated in the debates and assisted materially in the drafting of this constitution. Each article was passed only after the most careful examination by each member of the committee. There is a good and sufficient reason for the phraseology and substance of each article. I request that I be permitted to go over with you article by article the constitution before this part of the work of the conference is made the subject of debate of Congress. With this in view I request that you dine with me at the White House as soon after I arrive in the United States as my engagements permit."

The dinner has been arranged for Wednesday evening, February 26.

SURPLUS MATERIAL TAKEN BY TRANSFER TO BUREAUS WHERE IT CAN BE USED ON GOVERNMENT PROJECTS

STATEMENT ISSUED BY DIRECTOR OF SALES

No Purchases for Construction Work Are Being Made When Required Material May Be Obtained from Another Project—About \$2,000,000 Worth Already Absorbed in This Manner.

The War Department authorizes the following statement from the office of the Director of Sales:

Some time ago all construction projects of the War Department were directed to send in inventories of materials and equipment which were surplus and, consequently, available for sale or transfer. These inventories, as of December 31, have been submitted to the chief of construction division of the Army and compiled into general classifications. They are divided into the following main groups:

Classified in Groups.

Lumber, plumbing and heating, electrical material and equipment, cement, wall-board, millwork, roofing, screening, etc., miscellaneous building material, steel, nails, bolts, nuts and washers, building hardware, paints and oils, railroad material, paving material, piling and poles, raw materials, fencing, belting, cable, etc., chain, dynamite, caps, etc., fuel, hose, harness, etc., lanterns, flashlights, etc., rope, and miscellaneous.

The total cost to the Government of the above materials is approximately \$12,000,000. In addition there is construction equipment, office equipment, small tools, etc., amounting to approximately \$3,500,000.

Large quantities of the above material are being consumed inside the War Department, the Construction Division alone having made, since December 31, 800 transfers of materials which were declared surplus at one project or another, transferring it to some project where work was being completed. Approximately \$2,000,000 worth of building material has been absorbed in this manner, and the transfers still continue.

Transfers Instead of Purchasing.

The War Department is making no purchases where material can be obtained

from some other project. The largest single item on the above summary is lumber, representing approximately one-half the total. A contract for this has been made with the producers and it will be distributed to the market at market prices.

The Construction Division has probably 90 per cent of all building materials in the War Department. At each of the 476 projects there is a Constructing Quartermaster, who will make sales of his own surplus under general instructions issued from the Director of Sales. This means that the majority of this surplus will be absorbed in the particular locality in which it is located.

The War Department authorizes the following statement from the office of the director of sales:

Two meetings were held last week in the office of the director of sales on the disposition of surplus stocks of copper, brass, and lead. The meeting with regard to the lead situation was attended by members of the sales office, a representative of the Geological Survey, and representatives of the lead industry. At this conference it developed that the surplus quantity of lead in possession of the War Department is a very small proportion of a year's production. While the figures are not yet final, on the basis of present information the department can not have more than a few thousand tons to be disposed of ultimately. This quantity represents the surplus of lead in possession of the War Department, which was allocated by the Lead Producers' Committee at the instruction of the Ordnance Department for use on cost-plus contracts.

Although the details of the arrangement have not yet been worked out, it is practically agreed that some arrangement can be made between the War Department and the lead producers by which the surplus stocks of lead now in the hands of the War Department may be gradually fed into the market without affecting market prices and market conditions.

The meeting on disposition of the surplus brass and copper now on hand in the various bureaus of the War Department was attended by representatives of the copper industry and members of the Sales Office. The representatives of the War Department, while anxious to prevent loss to the Government on this material, realize that it would be injurious to the industry and especially to the workers if the market prices were upset by throwing this surplus on the market over a short period. Such action would also tend to reduce market prices and thus defeat the desire to obtain for the Government a fair price for this surplus stock.

This meeting was merely a preliminary one, at which only a small percentage of producers was represented, but the discussion of the question will undoubtedly lead to an agreement with all producers which will permit a gradual feeding into the market of the surplus copper and brass in such a manner as to obtain fair prices for the Government without upsetting the market. The details will be worked out later with a full representation of the producers concerned.

NAMES OF FOREIGN CONSIGNEES ON EXPORT BILLS OF LADING NOT CONSIDERED NECESSARY

NEW RULING BY WAR TRADE BOARD

Shippers Advised of Way to Avoid Complications Arising in Delivery of Goods—Rules for License Applications Continued.

The War Trade Board issues the following:

During the war it was the practice of many steamship companies in issuing bills of lading "to order" to require of the shipper that he add to this "Notify John Doe (the consignee abroad)." This has not affected the negotiability of the bill of lading, but the War Trade Board is advised that it is causing complications in certain foreign markets, where the Government of destination is preventing the delivery of the goods to any one other than the notified party, which action is causing serious embarrassment to shippers whose purchasers abroad may have gotten into financial difficulties subsequent to the dispatch of the shipping documents.

The War Trade Board feels that the requirements of the trading-with-the-enemy act are sufficiently well known to exporters, and that the statements in the shipper's export declaration, which is filed by the shipper when shipment is made, are a sufficient safeguard to make it no longer necessary for steamship companies carrying exports to Latin America and the Far East to require shippers to put on the bill of lading the name of the consignee.

Specified on Applications.

Shippers should understand, however, that this ruling in no way affects the requirements which call for the consignee or purchaser abroad being specified on the application for export license, the export license itself, and the export declaration. This notice refers merely to the ocean bills of lading covering shipments properly consigned "to order," and has no bearing as to those shipments which under certain regulations of the War Trade Board must be consigned directly to a named consignee, or as to those shipments which are consigned direct to the purchaser abroad.

U. S. CONSULATES IN BELGIUM.

Reestablishment at Antwerp, Brussels, and Elsewhere Announced.

The State Department has recently reestablished the American consular offices in Belgium. The following were the original assignments made: Henry H. Morgan, consul general, Antwerp; Arthur McLean, consul, Brussels; Charles R. Nasmith, consul, Ghent; and J. Preston Doughten, consul, Liege. Owing to the death of Mr. McLean while en route to his new post, Mr. Nasmith is now temporarily in charge at Brussels. Mr. Doughten has taken charge at Liege, and Mr. Morgan sailed from New York on February 7, 1919.

U. S. COMMERCE WITH TURKEY AND BULGARIA IS RESUMED

(Continued from page 1.)

persons in the United States are authorized, subject to the rules and regulations of the War Trade Board, to trade and communicate with persons in Bulgaria and in the Turkish Empire, both in Europe and in Asia Minor.

In addition to previous announcements of the War Trade Board reopening trade with Syria and Palestine south of the line from Alexandretta to Aleppo, and with Mesopotamia, trade is now open with the entire territory embraced within the boundaries of the Turkish Empire as the same existed on August 1, 1914.

Black Sea Ports Opened.

To clarify the situation in the light of this announcement and previous announcements regarding Russian Black Sea ports and Roumania, the War Trade Board announces that all ports on the Black Sea are now open to trade with the United States.

In accordance with this authorization, applications will now be considered for licenses to export or import all commodities to consignees or from consignors in such territory.

For the exportation of commodities to such territory, applications should be filed on Form X or X-a. No supplemental information sheets will be required unless the commodity be manufactures of gold, in which case Supplemental Information Sheet X-29 should be attached.

For importations into the United States from such territory, individual import licenses will be required under the same conditions as for importations from European countries, except where shipments are covered by the list of general import licenses previously announced.

The War Trade Board has received no official advices as to what the import regulations into this territory, if any, will be. Prospective exporters should therefore communicate with their customers abroad before making shipments, in order that the importer may comply with any import regulations that may be in effect.

SPECIAL BUREAU IN CHARGE OF EFFECTS OF DECEASED SOLDIERS

The War Department authorizes the following:

There has been established at the port of embarkation, Hoboken, N. J., an effects bureau, the function of which is to receive from overseas the personal effects of all deceased officers and enlisted men and to distribute them to the proper person—wife, father, mother, or other relative of the deceased recognized by law.

Upon receipt of these effects at Hoboken, the effects bureau corresponds with the next of kin, as shown in the emergency address of the soldier concerned.

All persons desiring information concerning the personal effects of deceased officers or enlisted men should address their communication to the Effects Bureau, Port of Embarkation, Hoboken, N. J.

AMBASSADOR SHARP'S LETTER RESIGNING HIS POST AT PARIS AND PRESIDENT'S ACCEPTANCE

Secretary Tumulty yesterday made public the following correspondence:

EMBASSY OF THE
UNITED STATES OF AMERICA,
Paris, December 19, 1918.

MY DEAR MR. PRESIDENT: Referring to my letter written to you in November soon after the signing of the armistice, in which I asked you to accept my resignation as Ambassador to France to take effect at some date early in the year, I wish now to renew in a more formal manner that request. A long absence from my business affairs seemed to make such action wise, but as I then wrote you, only the ending of the war finally prompted me to tender my resignation. It has always been my consistent purpose to serve at my post until the coming of that long hoped-for event, subject to your own desires in the matter. However, it will be agreeable to me to remain in charge of this mission until my successor is appointed and ready to assume his duties.

All through a period of unusually trying conditions, into which the events of a century seem to have been crowded, I have deeply appreciated the constant support of our Government at Washington. Your own great part in shaping the destiny of these far-reaching events has given a new importance, one already decreed to be permanent, to American diplomacy abroad, and I must express to you my grateful recognition of the aid which it has brought to me in meeting the problems of the work of this Embassy. It has been such as to make Americans hold higher their heads in just pride of their country.

While a rest from such exacting labors will have its compensation for me, yet it is with feelings of sincere regret that I sever my relations with a country whose Government has been so helpful and generous to me, and this quite as much before entrance into the war as afterwards. For the masses of its people, I came long ago to have a warm affection born of an understanding of their real qualities of mind and heart. As such traits of character made France so heroic in her time of stress and sacrifice, so now in the hour of victory and peace to follow, they will serve to knit together all the more closely the common interest of our two peoples.

Will you please accept, Mr. President, my earnest thanks for the confidence which you have reposed in me and my best wishes for the success of your Administration in the important work with which it is charged!

Very sincerely yours,
WM. G. SHARP.

THE PRESIDENT,
*Palais Murat, Rue Monecau,
Paris.*

PARIS, December 21, 1918.

MY DEAR MR. AMBASSADOR: In view of what you have so fully explained to me with regard to the circumstances which make you feel it your duty to retire from your present post and give your close personal attention to business affairs which depend upon you, I can not in conscience refuse to accept your resignation as Am-

The following official communiques on the Peace Conference were issued at Paris:

"February 14.—At a meeting at the department of the interior this morning at 11.30 o'clock questions of organization and procedure in connection with the three following sub-committees of the commission on responsibilities were discussed: subcommittee on acts, subcommittee on responsibility for the war, subcommittee on the responsibilities for the violation of the laws and customs of war.

"An arrangement was made whereby each subcommittee is to meet at least twice during the next week."

The Reparations Commission.

"February 14.—The reparations commission met this morning at 10.30 under the presidency of M. Klotz.

"The commission continued the examination of the principles upon which the right to reparation rests, and heard in succession Mr. Dulles (United States) and Mr. Hughes (British Empire), who explained the point of view adopted by their re-

bassador of the United States to the Government of France, and I do so with the understanding that the resignation is to take effect when your successor qualifies.

I am sincerely obliged to you that you are willing to make this arrangement and to remain in France until your successor can actually take your place. It is an arrangement which relieves me of a good deal of anxiety, because I should not wish the highly important post at Paris to be vacant for even a short time.

Let me tell you again how highly I have valued the unusual services which you have rendered our Government. They have at every turn of the critical events of recent years been of the highest value, and it has been a source of confidence and of strength to feel that we had such a representative here. I am expressing not only my personal feeling, but the feeling of all those who have been familiar with your service here. You are certainly entitled to your release, and I assure you that you carry with you the affectionate regard and confidence of those who have had the pleasure of being your collaborators in our Government.

Cordially and sincerely yours,

—WOODROW WILSON.

States, Paris, France.*

spective Governments. The meeting was adjourned until 10.30 a. m. to-morrow (Saturday)."

"February 15.—The reparation commission met this morning at 10.30 under the presidency of M. Klotz.

"The discussion of the principles on which the right of reparation is based was continued, and MM. Van Den Heuvel (Serbia) and Klotz (France) expressed at length the views of their respective Governments

"Further discussion of this subject will be taken up at the next meeting on Monday, February 17, at 10.30."

Russian Question Taken Up.

"February 15.—The representatives of the allied and associated powers met this afternoon at the Quai d'Orsay from 3 to 6 o'clock and heard the delegates of the administration council of the Lebanon.

"They then began the examination of the Russian question.

"The next meeting will be at 3 o'clock on Monday."

JOBS IMMEDIATELY FOR 1,500 AS SHIPPING BOARD FIREMEN

The United States Shipping Board wants 1,500 husky young Americans at once to learn the business of firing boilers on the new ships of the merchant marine, Chairman Edward N. Hurley, of the board, announces, and will have places for 1,500 a month in this rating until further notice.

The men accepted will be placed on training ships at \$30 a month training pay for 30 days, and will then be sent on deepwater voyages at \$75 a month. Uniform and board are furnished. Voyages will be varied, to allow the recruits to see as much of the world as possible, and the possibilities of promotion will be emphasized.

Discharged soldiers and naval reservists are eligible for this work. Other young men of good physique and habits, weighing 140 pounds or more, will also be accepted.

Applicants may apply to any of the board's 3,000 drug-store enrolling stations, to the merchant marine training stations at Boston, Norfolk, New Orleans, San Francisco, or Seattle, or may write or wire Henry Howard, director of recruiting for the Merchant Marine Custom House, Boston.

ROUMANIA WISHES TO PLACE GUARD ON BULGARIAN FRONTIER

The Roumanian Government has addressed a note to the Allied Ministers at Bucharest, requesting that Roumanian frontier guards and customs officials be placed on the frontier of Bulgaria because of continued transport of whole trains of wool, flour, cereals, and other products into Bulgaria without the authority to prevent it. The note states that the Debroudja is Roumanian territory and the frontier guards are not considered fighting troops, and that the armistice terms can not be interpreted as giving the Bulgarians a right on the territory of Roumania.

The Roumanian Government also calls attention to the transfer of the great archaeological treasures of the museums of Dobroudja to Bulgaria where they have been placed in the museum of Varna, and demands immediate return of them.

It also requests representation in Constantinople in the person of a Roumanian commissioner to act with the allied high commissioners for the protection of Roumanian subjects and interests in the Ottoman Empire.

U. S. Navy Officers and Men Decorated by Great Britain For Their Services In Combating Enemy Submarines

Secretary Daniels authorizes the following:

The Navy Department makes public a list of officers and men of the United States Navy upon whom the British Government has bestowed decorations for "Distinguished service in combating enemy submarines."

Following is the list, giving the recipients, the decoration awarded and the action for which it was awarded:

Capt. Alfred Wilkinson Johnson, "Companion of the Order of St. Michael and St. George." (C. M. G.). Commanding officer of U. S. S. *Conyngham*. Prompt and correct action in attacking enemy submarine on October 19, 1917, which probably resulted in its destruction.

Capt. Joseph Knefler Taussig, "Companion of the Order of St. Michael and St. George." (C. M. G.). Commanding U. S. S. *Wadsworth*. Carried out attack on enemy submarine on July 29, 1917, with promptitude and decision.

Commander George Franklin Neal, "Distinguished Service Order." (D. S. O.). Commanding U. S. S. *Cummings*. For prompt and efficient manner in which he carried out an attack on a German submarine on June 26, 1917.

Commander Charles Adams Blakely, "Distinguished Service Order." (D. S. O.). Commanding officer of U. S. S. *O'Brien*. For the able manner in which he carried out an attack on an enemy submarine on June 16, 1917.

Lieut. Commander Arthur Schuyler Carpenter, "Distinguished Service Order." (D. S. C.) Commanding officer of

U. S. S. *Fanning*. Sank an enemy submarine (U-58) on November 17, 1917. (This decoration was handed to Lieut. Commander Carpenter by His Majesty the King, July 25, 1918.)

Lieut. Commander Walter Owen Henry, "Distinguished Service Order." (D. S. O.) For quick and correct decision as officer of the watch on the occasion of sinking of German submarine (U-58) by U. S. S. *Fanning*, November 17, 1917.

Lieut. Commander Frank Loftin, "Distinguished Service Order." (D. S. O.) For the decisive manner in which he performed his duties as officer of the watch on board U. S. S. *Cummings* on June 26, 1917, during an attack of enemy submarine.

Lieut. Henry Netterville Fallon, "Distinguished Service Cross." (D. S. C.) For quick decision whilst officer of the watch on U. S. S. *O'Brien* on June 16, 1917.

L. C. McNaughton, chief machinist's mate, "Distinguished Service Medal." (D. S. M.) W. H. Justice, quartermaster first class, "Distinguished Service Medal." (D. S. M.) For ably carrying out the duties allotted to them, and thereby contributing to the success of the action of the U. S. S. *Cummings* on June 26, 1917.

D. D. Loomis, coxswain, "Distinguished Service Medal." (D. S. M.) For vigilance with which he kept his lookout and thereby contributed to the destruction of enemy submarine by U. S. S. *Fanning* on November 17, 1917.

CHICKEN FOR MEN OVERSEAS.

Fifty Thousand Pounds One Item Ordered by Subsistence Division.

The War Department authorizes the following from the Office of the Director of Purchase and Storage:

Purchases of 50,000 pounds of chicken and 25,000 cases of fresh apples have just been made by the subsistence division to be sent to the American Expeditionary Forces. The cable order was not received in time for the chicken to be sent for Washington's Birthday dinners, but it will be available for loading on the boats at the port February 19. The poultry will be frozen before being floated.

Chocolate bars to the amount of 733,000 pounds have been purchased and will soon be shipped to France. Over a million packages of raisins held as surplus stock in the United States will be used in place of an equal weight of jam by the overseas forces. Advice has been received from France that 400,000 pounds of raisins can be used monthly in place of jam. This does not mean, however, that jam will not be served, as bids have just been received on 4,000,000 pounds of this product, all of which will go to the troops in France.

NATURALIZATION FOR 151,449 GRANTED IN FISCAL YEAR 1918

Approximately 9 per cent of the applications for naturalization made during the fiscal year 1918 were rejected, according to the report of the Commissioner of Naturalization to the Secretary of Labor. There were 151,449 petitions granted and 12,182 denied.

Of the petitions denied, 486 were rejected on account of bad character, 1,234 for ignorance of American institutions, and the largest number for any cause, 3,800, for want of prosecution. The number rejected because of invalid declarations was 2,303, as against 766 the year before, the large increase explained by a Supreme Court decision during the year, which makes declarations invalid after a lapse of seven years.

The number of petitions continued was 46,519, as against 31,210 in the preceding year, an increase of 50 per cent. This indicates an attitude on the part of the judges strongly supporting the aim of the bureau, acting with the public schools, to have every citizen fully equipped for citizenship duties.

PROCEEDINGS OF THE CONGRESS BRIEFLY TOLD

SENATE.

Although the rivers and harbors appropriation bill is formally before the Senate and under consideration but little headway was made last week, owing to the consumption of time in the discussion of other topics, notably matters that have come before the Paris peace conference. At the request of Mr. Lodge, Republican leader, the text of the proposed constitution of the League of Nations was ordered printed in the Congressional Record, and at the suggestion of Senator Pittman, of Nevada, also a member of the Foreign Relations Committee, the address of President Wilson in presenting the document to the conference also was printed in the Record.

Senators Thomas, of Colorado, Democrat, and Weeks, of Massachusetts, Republican, discussed the dangers which, from their point of view, threaten the country through the spread of Bolshevism and the springing up of numbers of "red" papers and the issuance of other forms of propaganda. Both Senators urged drastic legislation to meet these conditions. Several Senators in debate urged that immediate action be taken on pending proposals to create a joint congressional commission to study the problems connected with industrial reconstruction with a view to submitting legislation. Senator Cummins, author of a resolution for several joint commissions of this character, moved to proceed with their consideration, but by a party vote the Senate declined to displace the rivers and harbors appropriation measure.

The Vice President and the Speaker of the House Saturday afternoon signed the war revenue bill and it was then sent to the White House to await the approval of the President upon his return from France. Senator Smoot, of Utah, introduced a bill authorizing the Secretary of the Treasury to negotiate with the allied nations to whom this Government has made loans with a view to the sale of their bonds deposited in this country in the open market. Chairman Simmons, of the Finance Committee, introduced a bill authorizing a Congressional investigation of the condition of stocks and other securities offered for sale to the general public. During the discussion Saturday Senator William Alden Smith denounced the action of agents of the Department of Justice in arresting discharged soldiers in Michigan for the alleged offense of wearing their uniforms after discharge. Later the department issued a statement in which it was said these soldiers had been apprehended for violations of law that had nothing to do with the wearing of the uniform. Senator Jones, of Washington, Republican, made a short speech in which he urged the President to call an extra session of the next Congress to convene early in March in order that many of the problems facing the country might be promptly dealt with.

The military committee again heard Acting Advocate General Ansell in support of the Chamberlain bill to revise the laws relating to courts-martial. Maj-Samuel W. Ellsworth, of the medical corps, before the same committee told of conditions as he observed them at the

American embarkation camp at Brest, France. He criticized the sanitary and housing conditions and said they had been the cause of disease and death among the troops sent there prior to their return to this country. The naval subcommittee considering the naval appropriation bill decided to recommend to the full committee a limitation of the enlisted personnel at 131,485 with an additional 6,000 apprentice seamen, and a temporary authorization of 82,000 men to be used by the Navy in its work for the Shipping Board. A compromise that will restrict the activities of the elections committee to the preservation of evidence, the ballots and the poll books in the senatorial election in Michigan, was agreed upon by that committee and will be reported to the Senate. Roger E. Simmons, who was in Russia as a representative of the Department of Commerce, described conditions as he knew them in Russia under the reign of the bolshevik. He told the committee he had been informed that Albert Rhys Williams, the writer, had been sent back to the United States to carry on the bolshevik propaganda and that the sympathies of Williams were entirely with the men now controlling affairs in Russia.

HOUSE.

The Army appropriation bill still is under consideration in the House. Late Saturday afternoon the amendment to continue the status of the National Guard and appropriating \$14,000,000 for its maintenance was accepted. Much of the delay on this bill has been due to continued criticism of the administration of the War Department. This on Saturday took the form of denunciation of conditions alleged to prevail at the Brest embarkation camp in France, and criticism of the manner in which court-martial trials have been conducted and the severity of sentences imposed. The item for construction of various buildings for military purposes was reduced by half. Following criticism of the use of passenger motor cars by officers of the Army for personal use an amendment was adopted prohibiting the expenditure of any moneys for passenger cars after June 30 next. Notice was given that a point of order would be made against the proposed plan for the temporary Army at 500,000 for the next fiscal year. The Committee on Rules will be requested to bring in a special rule making this in order.

Mr. McFadden, of Pennsylvania, introduced a resolution directing the appointment of a special committee by the Speaker to inquire into the official conduct of the Comptroller of the Currency. Mr. McFadden also announced his purpose to introduce a bill identical with that introduced in the Senate to abolish the office of Comptroller and transfer its duties to the Federal Reserve Board.

Mr. Sanders, of Louisiana, introduced a bill under which it would be permissible to bring civil or criminal proceedings against officers, agents, and administrators of the Food Administration. Before the Committee on Education Herbert Kauffman urged favorable action on a bill

FEDERAL RAILROAD AUDITORS TO FURNISH MONTHLY REPORTS

United States Railroad Administration, division of accounting, issues the following:

Accounting Circular No. 73.

WASHINGTON, February 14, 1919.

Commencing with reports for the month of December, 1918, which are to be submitted in compliance with the provisions of P. S. and A. Circular No. 59, Federal auditors shall hereafter render similar reports for each month in the manner prescribed in the said circular.

The reports required are:

1. A trial balance of the Federal books prepared on forms similar to the sample Form AC-515, made a part of P. S. and A. Circular No. 59, and in the manner described therein.

2. A balance sheet, the assets and liabilities on which will agree with the total debits or credits of balance sheet accounts shown on the trial balance.

3. A statement on letter size sheets showing the balances in the various authorized accounts indicating amounts due to or from the corporation.

4. A statement on letter size sheets showing income and profit and loss account items, classified according to form of income and profit and loss statements included in annual report to the Interstate Commerce Commission.

"The net statement of income, profit and loss account items, referred to in item 4, should agree with the net difference between the columns 8 and 9 of Form AC No. 515, and should, therefore be the aggregate for the period from the beginning of the year. Balances since December 31, 1918, in the account 'Revenue prior to January 1, 1918,' and 'Expense prior to January 1, 1918,' should be included in the income and profit and loss columns of Form AC-515, and in the income statement, separately, against I. C. C. account No. 519, miscellaneous income, or No. 551, miscellaneous income charges, as may be appropriate."

Every effort should be made to forward these reports within 45 days after the close of the month for which the report is made.

Chart Showing Death Rate in Battle Compared with Death From Disease

The following charts have been issued by Gen. March, Chief of Staff, in connection with his last weekly press interview, as published in the OFFICIAL U. S. BULLETIN of Saturday, February 15. The death rate in battle in the present war is shown for the first time in history to be greater than the death rate from disease.

Enlisted Men Furnished the Army, by States.

The enlisted strength of the Regular Army on March 31, 1917, was 121,797. The figures below cover the period from April 1, 1917, to November 11, 1918, and include all inductions through the draft, all enlistments, and all accessions from the National Guard (drafted into Federal service August 5, 1917). Men commissioned as officers or appointed as Army Field Clerks are not included.

Figures are the latest available. Revision will reduce the total shown.

Parcel-Post Service Resumed to Liberia

OFFICE SECOND ASSISTANT
POSTMASTER GENERAL,
Washington, February 12, 1919.

Commencing at once, packages, ordinary and registered, will be accepted for transmission by international parcel post to Liberia, subject to the steamship facilities available at New York for Monrovia.

Packages will be accepted at the postage rate of 12 cents a pound, with the limit of weight for a single package of 11 pounds.

Packages from Liberia hereafter re-

ceived which may become undeliverable will be returned to the country of origin at the expiration of 30 days from the date of receipt.

With respect to the need for export licenses, postmasters will consult the summary of instructions from this office of February 1 concerning special export licenses Nos. RAC 52, 53, 55, and 64, as well as the instructions relating to individual export licenses appearing in the same notice.

SHIPPING CONDITIONS IMPROVE AT CENTRAL AMERICAN PORTS

Trade Commissioner W. M. Strachan reports:

The crisis with respect to shipping space into and out of Central American ports has been reached and passed. The ports on the east coast are regularly served by steamers of the United Fruit Co., which, because of their refrigerator arrangements, made good carriers of foodstuffs. The larger ones were used as transatlantic transports, leaving only the smaller vessels to carry both fruit and general cargo. The result was that while, with occasional exceptions, general cargo was pretty well taken care of, shipments of bananas were reduced. In some instances special steamers were sent to Central America to load some special commodity, such as mahogany.

Effect of Armistice.

The signing of the armistice temporarily accentuated the shortage, for more fruit boats were put into the transatlantic service. In the month of November there were 22 consecutive days without a vessel of any description calling at Puerto Limon.

The west coast has been more fortunate. The ships of the Pacific Mail Steam Ship Co. and those of the Gulf Mail Line accommodated all the traffic offered. Considerable cargo was carried on the ships of these lines south to Cristobal for transshipment to Europe and the eastern States. Occasionally such transshipment was expensive, the freight on a shipment of dyewood from Corinto to Italy amounting to \$160 a ton, while the value of the wood at Corinto was \$8 a ton.

Tonnage Situation Improved.

The tonnage situation has improved materially within the past month and promises to show further improvement in the immediate future. More ships are being put on the runs to the Atlantic ports. The Ward Line has announced that it will renew its service between New York and the west coast of Central America, beginning with a steamer which will leave New York about January 15.

BRITISH SCHEDULE OF TIME CHARTER RATES FOR SHIPS

Consul General Robert P. Skinner, at London, cables as follows:

Notification given that regulation requiring charters of British ships to be approved by British controller will be rescinded, but sailing ships and steamers under 500 gross tons remain controlled. New order made out providing schedule of time charter rates and requiring approval of shipping controller to all prime charters fixed at rates in excess of said schedule which will be as follows: Not exceeding 500 tons gross deadweight, 50s.; exceeding 500 and not exceeding 750 tons, 42s. 6d. per ton gross registered per month, exclusive of cost of war-risk insurance. Exceeding 750 gross tons and not exceeding 1,500 tons, 21s.; exceeding 1,500 and not exceeding 2,500 tons, 28s.; exceeding 2,500 tons, 25s. per ton deadweight per month, exclusive of cost of war-risk insurance.

Work of the Philippine Legislature During Session Just Ended Reviewed In Cable from Acting Governor General

The Bureau of Insular Affairs of the War Department has received the following cablegram from the Acting Governor General of the Philippine Islands, filed at Manila February 10:

"Yesterday morning the regular session of the Philippine Legislature was ended, and it is with great satisfaction that I am able to inform you that the labors realized during this session will be of great and lasting value to this country and unsurpassed by any previous session in their permanent influence upon its general welfare. Anticipating detailed information of all the legislation just enacted, which will be forwarded later, I desire to call your attention to some of the most important measures adopted, and to the spirit and character shown by the legislature during the last two years.

Universal Free Education.

"The most important measure, in my judgment, is that by which over 30,000,000 pesos was appropriated for the extension of universal free education to all the children of the islands. This act is of prime importance, not only because it provides funds for a term of years sufficient to extend a primary education of seven grades to all the children of school age, but also because it enables the Bureau of Education to prepare and carry into execution a complete and systematic development of the existing excellent educational plan, which lacked only extension over the entire field. Furthermore, it is a means of incalculable value for the welfare of the Filipino people, since it will banish illiteracy, establish permanently English as the common language of the land, afford a firm foundation for democratic institutions, and insure order and stability to the insular government.

Insures Firm and Orderly Government.

"The adoption of this thoroughly American educational measure will tend greatly to lift the moral responsibility incumbent on the United States to secure a firm and orderly government, and aside from the differences of opinion which may have existed among American statesmen in the past it has been advocated by all Americans from the beginning of the occupation that universal free education of the masses should be an essential characteristic of our national policy in the Philippines. Inasmuch as when Congress considered paragraph 2, the acts of July 1, 19, and of August 29, 1916, much discussion was had about the political capacity of the Philippines, I feel that I discharge a duty of conscience to call your attention to the fact that this enlightened measure was passed by the legislative department of the Government, which, as you know, is composed entirely of Filipinos. By this law of universal free education the all-Philippine legislature in the last two years has provided for doubling the quantity of the educational work effected in almost two decades of previous American occupation. Under the financial support previously given, it was necessary to turn away

from the doors of the schoolhouse one-half of all the children of the Islands. In five years all the children of the land will receive educational advantages. Besides this, the salaries of all municipal teachers will be increased 30 per cent.

New Schools Established.

"In addition, I direct attention to the fact that at the session of 1917-18, two normal schools were established, and two more were established at the session just adjourned, all to be located by the secretary of public instruction, making, with two already existing, six such schools; also, four agricultural schools were established in the session of 1917-18, and three more this year, making 17 in all. The college of agriculture has just had its appropriation largely increased, and an experiment station has been established in connection with it. The appropriation of this year for the university far exceeds any former appropriation. In addition to all this, the appropriation to the bureau of education for this current calendar year exceeds by 3,000,000 pesos any former appropriation. Furthermore, legislative appropriation was made for pensioning 150 young men and women to be trained as specialists in the colleges of America and elsewhere, and they are expected to sail in August next.

"The heroic and unselfish work of American teachers, many of whom lost life or health, deserves and should receive the very highest praise, but it would be particularly unjust and unfair for me as head of the department of public instruction not to recognize and make known the work of Filipinos in this regard. Of the present teaching force of over 14,000, less than 3 per cent are Americans. The number of American teachers is gradually growing less as Filipino teachers are trained to take the important positions which they hold.

Other Important Laws.

"Other important laws just passed provide for the increase of food products which, strange to say, in this land of wonderful soil wealth are imported in large quantities from abroad; also legislation was effected for a geological survey of what are considered commercial oil fields for the extension of the lines of the Government Railroad Company; for the revision of the internal revenue law, with a view of making more effective its provisions; for the establishment of a Philippine income tax; for the extension to the mountain province of the existing provincial and municipal organizations hitherto extended to Mindanao and Sulu; for constituting a metropolitan district; for the extension and conservation for the water supply of Manila; and for a comprehensive sewer system. In addition, an appropriation was made for the erection of a mausoleum at the grave of William A. Jones, in Virginia, to express the grateful memory of the Filipino people for his generous and altruistic services to this country.

"With the object of organizing the production of the islands, developing their

natural resources, establishing new industries, and in general, stabilizing prices and making a fair market for the raw and manufactured products of the archipelago, the legislature passed by a unanimous vote in both houses, a law creating the National Development Co., with a capital of 50,000,000 pesos, of which the Governor General will be the chairman of the Board of Control, also; a law was passed extending to June 30, next, the time in the Osmena Retirement Act with the object of including in its benefits all employees, mostly Americans. Some of these employees had continued until now in the public service, and were in such service at the time of the passage of the original act, but did not then resort to the law, preferring to continue, and others had not served the time specified so that they were unable to take advantage of it. Many faithful employees of the Government had requested this as expressed by memorials, and this action of the Philippine Legislature is a generous manifestation of its appreciation of the valuable services rendered the government by Americans. There are other important measures which will be duly reported.

Capacity of the Legislature.

"The capacity for initiative and the constructive spirit evidenced by the legislature, the first organized under the Jones law, is worthy of great commendation. Its capacity to investigate government problems and to act expeditiously, but with due caution, is certainly unprecedented in history, considering that for three centuries this people had practically no political rights and were debarred from the benefits of education. American legislative practice and procedure has always been examined, and, with few exceptions, followed. As indicative, however, of their independent frame of mind, it may be noted that a single legislative committee has had charge of both appropriations and ways and means since 1907, and under the provisions of the Jones law has adopted substantially the basic principles of the English budget system, instead of maintaining a rigorous application of the theory of the separation of governmental powers as far as the legislative and executive departments are concerned, the latter directed by an American. This legislature has given to the secretaries of the various departments the right to appear before either house to defend publicly the measures proposed by the executive, or to oppose measures originated in such houses.

Patriotism of the Filipinos.

"Finally, as one of the representatives in these islands of the United States, I wish to attest the patriotism of the Filipinos and their loyal attachment to the United States Government. This legislature, which has just terminated its sessions, has acted with judgment and prudence, and in what it has done and left undone during its term now drawing to a close, and should be credited for the wisdom with which it has guided and directed the Filipino people in the paths of order and tranquility during these recent years of almost universal turmoil and unrest. Perfect peace has prevailed here, and all provincial and municipal governments' instrumentalities of force have had no function to perform.

"YEATER."

POST THE OFFICIAL U. S. BULLETIN.

Secretary of War Baker orders: Commanding officers of military posts and stations will post copies of THE OFFICIAL U. S. BULLETIN in conspicuous places for the information of all concerned.

It is the desire of the department that THE OFFICIAL U. S. BULLETIN be made accessible to the entire personnel of the Navy. All commandants and commanding officers are directed to have it placed in a conspicuous and accessible place and to notify the officers and men under their command of its existence and purpose.

JOSEPHUS DANIELS,
Secretary of the Navy.

All postmasters are directed to post THE OFFICIAL U. S. BULLETIN daily in a conspicuous place in the lobby or other portion of their respective post-office buildings where the public can read it; and, without expense to the Government, each and every postmaster is earnestly urged to see that this BULLETIN is made available to as many people as possible in the manner suggested.

A. S. BURLESON,
Postmaster General.
